DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLCO956000.L14200000 BJ0000]

Notice of Stay of Filing of Plat; Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Stay of Filing of Plat.

SUMMARY: On Monday, December 13, 2010, the Bureau of Land Management (BLM), published a Notice of Filing of Plats in the **Federal Register** (75 FR 77659-77660) declaring the intent to file certain plats on Friday, February 11, 2011. The BLM Colorado State Office is publishing this notice to inform the public that the proposed filing of the plat and field notes of the dependent resurvey and surveys in Township 9 South, Range 93 West, Sixth Principal Meridian, Colorado accepted on August 5, 2010 is hereby postponed in order to extend the period of time for interested parties to communicate with the BLM regarding this proposed filing and to

extend the period of time for interested parties to protest this action.

DATES: Unless there are protests of this action, the filing of the plat described in this notice will happen on July 31, 2011.

ADDRESSES: BLM Colorado State Office, Cadastral Survey, 2850 Youngfield Street, Lakewood, Colorado 80215-7093.

FOR FURTHER INFORMATION CONTACT:

Randy Bloom, Chief Cadastral Surveyor for Colorado, (303) 239-3856.

SUPPLEMENTARY INFORMATION: If a protest of this dependent resurvey is received prior to the date of the official filing, the official filing will be stayed pending consideration of the merits of the protest. This particular plat will not be officially filed until after all protests have been accepted or dismissed and become final.

Randy Bloom,

Chief Cadastral Surveyor for Colorado.

BILLING CODE 4310-JB-P

DEPARTMENT OF THE INTERIOR

National Park Service

General Management Plan, Final Environmental Impact Statement, Cedar Creek and Belle Grove National Historic Park, VA

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Availability of the Final Environmental Impact Statement for General Management Plan, Cedar Creek and Belle Grove National Historical Park.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service (NPS) announces the availability of the Final Environmental Impact Statement for the General Management Plan (Final GMP/EIS) for Cedar Creek and Belle Grove National Historical Park, Virginia. When approved, the plan will provide guidance to park management for administration, development, and interpretation of park resources over the next 20 years.

The Final GMP/EIS responds to, and incorporates, agency and public comments received on the Draft GMP/EIS, which was available for public and agency review from November 28, 2008 through February 26, 2009. Copies of the Draft EIS/GMP were available at the park office, by request, and on the NPS Planning, Environment, and Public Comment Web site (<http://>

parkplanning.nps.gov/cebegmp). Public meetings were held on January 28 and 29 and February 4, 2009. Agency and public comments with NPS responses are provided as Appendix E and F, respectively of the Final GMP/EIS.

DATES: The NPS will prepare a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency of the Notice of Availability of the Final GMP/EIS in the **Federal Register**.

ADDRESSES: The document will be available for public review and comment online at <http://parkplanning.nps.gov/cebegmp>. Requests for a hard copy or an electronic copy on CD may be made by contacting the park at (540) 868-9176.

FOR FURTHER INFORMATION CONTACT:

Diann Jacox, Superintendent, Cedar Creek and Belle Grove National Historical Park, 7718½ Main Street, Middletown, Virginia 22645, (540) 868-9176.

SUPPLEMENTARY INFORMATION: Consistent with Federal laws, regulations, and National Park Service policies, the Final GMP/EIS describes and analyzes the environmental impact of four alternatives (A-D) to guide the development and future management of the National Historical Park. *Alternative A* (Continuation of Current Management) focuses on sites owned, managed, and interpreted by Key Partners, with the NPS providing technical assistance and national visibility. This alternative provides a baseline evaluation of the existing resource conditions, facilities, and management at Cedar Creek and Belle Grove National Historical Park.

Under *Alternative B*, visitors would experience the park at sites owned by the Key Partners and through electronic media and NPS ranger led tours and programs. Visitors would access the park via auto-touring routes, and a few non-motorized trails located primarily on Key Partner properties. The primary role NPS would be to provide interpretive programs and technical assistance. The Key Partners would have the primary responsibility for land and resource protection. There would be increased coordination among the NPS and Key Partners, with the NPS serving as a coordinator for land and resource protection.

Under *Alternative C*, visitors would experience the park at a NPS-developed and managed visitor center and at visitor focal areas owned and managed by the NPS and the Key Partners. The NPS and the Key Partners would coordinate interpretive programs at these sites. Visitors would access the
