SUPPLEMENTARY INFORMATION: NPS planning staff, staff at Sagamore Hill, and key park partners collaborated in the development of the Draft GMP/EIS. A previous master plan was prepared for the park in 1963 but was not approved. Project scoping for the GMP began in May 2003. Formal public scoping sessions were held in Oyster Bay and NYC in April 2004. A preliminary alternatives newsletter was prepared and distributed in April 2005 followed by two community meetings.

The Draft GMP/EIS addresses the following issues—improving the visitor experience, broadening and diversifying the park audience, improving operational efficiency, and enhancing resource protection. Key park partners closely involved in the development of planning alternatives include the Theodore Roosevelt Association, the Friends of Sagamore Hill, and the park's Volunteer Advisory Board.

In addition to *Alternative 1—Status Quo*, which describes the continuation of current management practices, the plan includes two action alternatives. *Alternative 2—Building Capacity* emphasizes building the park's capacity to address its basic visitor services and operational needs. *Alternative 3—Past Meets Present* emphasizes rehabilitation of the park's cultural resources and improvements to its visitor services and facilities to offer expanded opportunities for visitors to explore the site's contemporary relevance in the same context in which they explore its history.

After public review of the Draft GMP/EIS, the National Park Service will consider public comments, and a Final GMP/EIS will be prepared. The Final GMP/EIS is scheduled for completion in 2007. Before including your address, phone number, e-mail address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

SUPPLEMENTARY INFORMATION:

Background.—In October 2004, the Commission determined that there was no reasonable indication that a U.S. industry was materially injured or threatened with material injury by reason of imports of certain polyvinyl alcohol from Taiwan that were allegedly sold in the United States at less than fair value. The Commission's determination was appealed to the CIT. The CIT issued an opinion in the matter on January 29, 2007. *Celanese Chemicals, Ltd. v. United States*, Slip Op. 07–16 (Ct. Int'l Trade Jan. 29, 2007). In its opinion, the CIT remanded the matter to the Commission for further proceedings not inconsistent with that opinion.

Participation in the proceeding.—Only those persons who were interested parties to the original investigation (*i.e.*, persons listed on the Commission Secretary's service list) and were parties to the appeal may participate in the remand proceeding. Such persons need not make any additional filings with the Commission to participate in the remand proceeding. Business proprietary information ("BPI") referred to during the remand proceeding will be governed, as appropriate, by the administrative protective order issued in the original investigation.

Written submissions.—The Commission is not reopening the record in this proceeding for submission of new factual information. The Commission will, however, permit the parties to file comments solely pertaining to the inquiries that are the subject of the CIT's remand instructions. Comments should be limited to no more than twenty (20) double-spaced and single-sided pages of textual material. The parties may not submit any new factual information and may not address any issue other than the inquiries that are the subject of the CIT's remand instructions. Any such comments must be filed with the Commission no later than March 12, 2007.

All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (Nov. 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the Commission's rules,

each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Parties are also advised to consult with the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission.

By order of the Commission.

Issued: March 2, 2007.
