

will address priorities for emergency preparedness and response research during both morning and afternoon public comment periods. Participants are invited to speak for 5 minutes about the discussion topics listed above. Participants may register to speak during either the morning or afternoon session, though they are encouraged to stay for both sessions.

Broad participation is desired. All participants are requested to register for the free meeting by e-mailing nioshdocket@cdc.gov or on site the day of the meeting, space permitting. Participants wishing to speak are encouraged to register early. This meeting is open to the public, limited only by the space available.

Background: The mission of the NIOSH Emergency Preparedness and Response (EPR) Program portfolio is to advance research and collaborations to protect the health and safety of emergency response providers and recovery workers by preventing diseases, injuries, and fatalities in anticipation of and during responses to natural and man-made disasters and novel emergent events.

The EPR Program research portfolio cuts across the eight sectors that are the focus of the National Occupational Research Agenda (NORA). NORA is a partnership program to stimulate innovative research and improved workplace practices. Unveiled in 1996, NORA has become a research framework for NIOSH and the nation. Diverse parties collaborate to identify the most critical issues in workplace safety and health.

Public Comment Period: Those unable to attend the public meeting may submit input to the NIOSH Docket Office

within 60 days after the date of publication of this notice in the **Federal Register**. Reference NIOSH Docket 126 in comments.
