Administrative Record

Pursuant to the OPA Natural Resource Damage Assessment regulations, the trustees have developed an Administrative Record that informs the public of information considered by them in restoration planning. Additional information and documents, including public comments received on this draft DARP/EA, the Final Restoration Plan (when it becomes available), and other related restoration planning documents, will also become part of the Administrative Record.

Request for Comments

Interested members of the public are invited to review and comment on the draft DARP/EA by the methods listed under **ADDRESSES**. Note that there are separate instructions in the draft DARP/EA document on how to submit comments. If you submit written comments according to the instructions in the draft DARP/EA, please do not resubmit them using another method. Submit only one set of comments by only one of the methods listed in this notice or by the method listed in the draft DARP/EA.

Written comments will be considered and addressed in the final DARP/EA at the conclusion of the restoration planning process. Comments will become part of the administrative record and available for public review as part of the record.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Draft Environmental Impact Statement and Draft Habitat Conservation Plan for Oncor Electric Delivery Facilities in 100 Texas Counties

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; correction.

SUMMARY: We, the U.S. Fish and Wildlife Service, correct a previously published notice that announced the availability of the draft environmental impact statement (DEIS) and the draft Oncor Electric Delivery Company, LLC, habitat conservation plan (HCP). Due to an inadvertent error, the prior notice mischaracterized the alternatives evaluated in the draft environmental impact statement. We correct the descriptions of the alternatives in this notice. The error was not in the DEIS or the HCP, but only in our previous notice.

DATES: *Comments:* We must receive written comments on the draft environmental impact statement and draft habitat conservation plan on or before close of business (4:30 p.m. CDT) October 13, 2011.

Public meetings: Up to nine public meetings will take place throughout Oncor's proposed 100-county permit area through September 28, 2011. Exact meeting locations and times will be

announced in local newspapers, on the Austin Ecological Services Office Web site (<http://www.fws.gov/southwest/es/AustinTexas/>), and on Oncor's Web site (<http://www.oncor-eis-hcp.com>) at least 2 weeks prior to each meeting.

FOR FURTHER INFORMATION CONTACT: Mr. Adam Zerrenner, Field Supervisor, by U.S. mail at U.S. Fish and Wildlife Service, 10711 Burnet Road, Suite 200, Austin, TX 78758, or by phone at (512) 490-0057.

SUPPLEMENTARY INFORMATION:

Background

On July 15, 2011, we published a notice in the **Federal Register** (76 FR 41808) that announced that Oncor Electric Delivery Company, LLC, has applied under section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*) (Act), for an incidental take permit (ITP) (TE-40918A-0). The requested ITP, which would be in effect for a period of 30 years if granted, would authorize incidental take of 11 federally listed species. The proposed incidental take would occur in 100 Texas counties that comprise the Applicant's service area, excluding Williamson and Travis counties and with the addition of Runnels County, and would result from activities associated with maintenance and repair of existing electric facilities and installation and operation of new facilities.

The July 15, 2011, notice (76 FR 41808) provided information about Oncor's draft habitat conservation plan (HCP) and our draft environmental impact statement (DEIS) prepared under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Please refer to that notice for further information, including details about public meetings, ways to obtain copies of the documents, and comment submission.

Due to an inadvertent error, the July 15, 2011, **Federal Register** notice did not accurately reflect the three alternatives explored in the DEIS. Therefore, we correct our description of the alternatives below in this document. Please note that all the documents we made available from the date of publication of our earlier notice (July 15, 2011) are correct. If you already obtained any documents for review, you do not need to get new copies. The only error was in the text of our notice.

Alternatives

The DEIS examines three alternatives:

1. *No Action—Project-Based Consultation—Project-by-project consultations or ITPs.* This alternative

would require Oncor to seek authorization on a project-by-project basis to address incidental take resulting from their actions, as needed, through section 7 of the Act or under section 10(a)(1)(B).

2. Preferred Alternative—Proposed Alternative with 30-year Duration— Issuance of an ITP by the Service for covered activities in the 100-county permit area, pursuant to section 10(a)(1)(B) of the Act. This is the Applicant's preferred alternative. The activities that would be covered by the ITP are general activities associated with new construction, maintenance, and emergency response and restoration, including stormwater discharges from construction sites, equipment access, and surveying. Construction activities covered for new facilities include new overhead transmission and distribution lines, new support facilities such as substations and switching stations, underground electric installation, and second-circuit addition on existing structures. Maintenance activities would include vegetation management within rights of way, expansion of existing support facilities, line upgrades, insulator replacement, and maintenance of underground electric facilities. The requested ITP will cover the 100-county permit area. The requested term of the permit is 30 years.

To meet the requirements of a section 10(a)(1)(B) ITP, the Applicant has developed and will implement the draft HCP, which describes the conservation measures the Applicant has agreed to undertake to minimize and mitigate for incidental take of the covered species to the maximum extent practicable. As described in the draft HCP, the Applicant anticipates that incidental take would not appreciably reduce the likelihood of the survival and recovery of these species in the wild.

3. Proposed Alternative with 50-year Duration— Issuance of an ITP by the Service for covered activities in the 100-county permit area, pursuant to section 10(a)(1)(B) of the Act. This alternative would cover the same activities as the preferred alternative, but for a longer period of time. The requested term of the permit is 50 years.

Authority

We provide this notice under section 10(c) of the Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22) and NEPA (42 U.S.C. 4321

et seq.) and its implementing regulations (40 CFR 1506.6).

*Acting Regional Director, Southwest Region,
Albuquerque, New Mexico.*

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Privacy Act of 1974, as Amended; Notice To Amend an Existing System of Records

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of amendment to an existing system of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended, the Department of the Interior (DOI) is issuing a public notice of its intent to amend Bureau of Indian Affairs (BIA) Privacy Act system of records, "Tribal Rolls—Interior, BIA-7" to change the name of the system to the "Tribal Enrollment Reporting and Payment System, Interior/BIA-7," and update the categories of individuals and records in the system, the authorities, routine uses, and policies and practices for records storage and disposition. This system is used to assist the Bureau of Indian Affairs in collecting data and analyzing applications to determine an individual's eligibility to share in judgment fund distributions authorized by plans prepared pursuant to Federal legislation. It also assists BIA in calling and conducting Secretarial elections.

DATE: Comments must be received by November 7, 2011.

ADDRESSES: Any person interested in commenting on this notice may do so by: submitting comments in writing to Willie Chism, Indian Affairs Privacy Act Officer, 625 Herndon Parkway, Herndon, Virginia 20170; hand-delivering comments to Willie Chism, Indian Affairs Privacy Act Officer, 625 Herndon Parkway, Herndon, Virginia 20170; or e-mailing comments to willie.chism@bia.gov.

FOR FURTHER INFORMATION CONTACT: Deputy Bureau Director for Indian Services, 1849 C Street, NW., MS 4513-MIB, Washington, DC 20240 or 202-513-7640.

SUPPLEMENTARY INFORMATION:

I. Background

The BIA maintains the "Tribal Rolls—Interior, BIA-7" system of records, which it is renaming the "Tribal

Enrollment Reporting and Payment System, Interior/BIA-7." The BIA Tribal Enrollment Reporting and Payment System functions as a central database for Tribal enrollment records. The purpose of this system is to assist BIA to determine an individual's eligibility to share in judgment fund distributions authorized by plans prepared pursuant to 25 U.S.C. Section 1401, Funds appropriated in satisfaction of judgments of Indian Claims Commission or United States Court of Federal Claims. It also assists BIA in calling and conducting Secretarial elections under 25 CFR Part 81, Tribal Reorganization under a Federal Statute. The amendments to the system will include revising the system name and adding a routine use to comply with 5 U.S.C. 552a(b)(3) of the Privacy Act specifically applying to the disclosure of information in connection with response and remedial efforts in the event of a data breach. Other amendments will include updating data in the following fields: System location, categories of individuals and records in the system, authorities, routine uses, storage, retrievability, safeguards, retention and disposal, system manager and address, notification procedures, records access procedures, contesting records procedures and record source categories. This system notice was last published on August 21, 1990 (55 FR 34085).

The amendments to the system will be effective as proposed at the end of the comment period (the comment period will end 40 days after the publication of this notice in the **Federal Register**), unless comments are received which would require a contrary determination. DOI will publish a revised notice if changes are made based upon a review of the comments received.

II. Privacy Act

The Privacy Act of 1974, as amended (5 U.S.C. 552a), embodies fair information principles in a statutory framework governing the means by which Federal Agencies collect, maintain, use, and disseminate individuals' personal information. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens or lawful permanent residents. As a matter of policy, DOI extends
