

## 2. Statutory Basis

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is subject to Section 19(b)(3)(A)(iii) of the Act<sup>23</sup> and Rule 19b-4(f)(6) thereunder<sup>24</sup> because the proposal: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative prior to 30 days after the date of filing or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that NASD has given the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.<sup>25</sup>

At any time within 60 days of the filing of such proposed rule change the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors

or otherwise in furtherance of the purposes of the Act.

## 4613A. Character of Quotations

(a) through (d) No Change.

[(e) Obligations Regarding Locked/Crossed Quotation Conditions in the ADF Prior to Opening]

[(1) Locked/Crossed ADF Quotations Prior to 9:20 a.m.—For locks/crosses that occur in the ADF prior to 9:20 a.m. Eastern Time, a ADF Trading Center that is a party to a lock/cross because the ADF Trading Center either has entered a bid (ask) quotation that locks/crosses another ADF Trading Center’s quotation(s) or has had its quotation(s) locked/crossed by another ADF Trading Center (“party to a lock/cross”) may, beginning at 9:20 a.m. Eastern Time, send an order, making use of direct electronic access in accordance with Rule 4300, of any size, that is at the receiving ADF Trading Center’s quoted price (“Trade-or-Move Message”). Any ADF Trading Center that receives a Trade-or-Move Message at or after 9:20 a.m. Eastern Time, and that is a party to a lock/cross, must within 10 seconds of receiving such message either: Fill the incoming order for the full size of the message; or move its bid down (offer up) by a quotation increment that unlocks/uncrosses the ADF.]

[(2) Locked/Crossed ADF Quotations Between 9:20 and 9:29:59 a.m.]

[(A) Before a Registered Reporting ADF ECN enters a quote that would lock or cross the ADF between 9:20 and 9:29:29 a.m. Eastern Time, the ECN must first send, making use of direct electronic access in accordance with Rule 4300, to the market maker or ECN whose quote it would lock or cross a Trade-or-Move Message that is at or superior to the receiving market maker’s or ECN’s quoted price. An ECN that sends a Trade-or-Move Message during these periods must then wait at least 10 seconds before entering a quote that would lock or cross the ADF.]

[(B) If a Registered Reporting ADF Market Maker locks or crosses the ADF between 9:20 and 9:29:29 a.m. Eastern Time, the Registered Reporting ADF Market Maker must then immediately send, making use of direct electronic

access in accordance with Rule 4300, to the market maker whose quotes it is locking or crossing a Trade-or-Move message that is at the receiving market maker’s or ECN’s quoted price.]

[(C) An ADF Trading Center shall be prohibited from entering a quote that would lock or cross the ADF between 9:29:30 and 9:29:59 a.m.]

[(3)(A) In the case of securities included in the Nasdaq 100 Index or the S&P 400 Index, a Trade-or-Move Message must be for at least 10,000 shares (in instances where there are multiple market makers to a lock/cross, the locking/crossing ADF Trading Center must send a message to each party to the lock/cross and the aggregate size of all such messages must be at least 10,000 shares); provided, however, that if an ADF Trading Center is representing an agency order, the ADF Trading Center shall be required to send a Trade-or-Move Message(s) in an amount equal to the agency order, even if that order is less than 10,000 shares.]

[(B) In the case of all other securities, a Trade-or-Move Message must be for at least 5,000 shares (if multiple market makers would be locked/crossed, each one must receive a Trade-or-Move Message and the aggregate size of all such messages must be at least 5,000 shares); provided, however, that if an ADF Trading Center is representing an agency order, the ADF Trading Center shall be required to send a Trade-or-Move Message(s) in an amount equal to the agency order, even if that order is less than 5,000 shares.]

[(4) An ADF Trading Center that receives a Trade-or-Move Message must, within 10 seconds of receiving such message, either fill the incoming Trade-or-Move Message for the full size of the message, or move its bid down (offer up) by a quotation increment that restores or maintains an unlocked/uncrossed ADF.]

[(5) An ADF Trading Center that sends a Trade-or-Move Message pursuant to this rule must append to the message a symbol indicating that it is a Trade-or-Move Message.]

[(6) For the purposes of this rule “agency order” shall mean an order(s) that is for the benefit of the account of a natural person executing securities transactions with or through or receiving investment banking services from a broker/dealer, or for the benefit of an “institutional account” as defined in Rule 3110. An agency order shall not include an order(s) that is for the benefit of an ADF Trading Center in the security at issue, but shall include an order(s) that is for the benefit of a broker/dealer that is not an ADF Trading Center in the security at issue.]

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASD included statements concerning the purpose of and basis for the proposed rule change and discussed any

comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASD has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

The ADF is a quotation collection, trade comparison, and trade reporting facility developed by NASD in accordance with the Commission's SuperMontage Approval Order<sup>5</sup> and in conjunction with Nasdaq's registration as a national securities exchange. As of the Regulation NMS Trading Phase Date, the ADF will provide market participants (market makers and Electronic Communication Networks (or ECNs))<sup>6</sup> with the ability to post quotations in NMS stocks, as defined in Rule 600(b)(47) of Regulation NMS, and the ability to view quotations and report transactions in these securities for consolidation and dissemination of data to vendors and ADF market participants. The facility provides for trade comparison through the Trade Reporting and Comparison Service ("TRACS") and further provides for real-time data delivery to NASD for regulatory purposes, including enforcement of the firm quote and related rules.

On June 29, 2005, the Commission published its release adopting Regulation NMS.<sup>7</sup> Regulation NMS established new substantive rules designed to modernize and strengthen the regulatory structure of the U.S. equity markets. As part of the rules, Regulation NMS adopted Rule 610, which, among other things, requires NASD and the exchanges to adopt, maintain, and enforce written rules that prohibit their members from engaging in a pattern or practice of displaying any quotations that lock or cross protected quotations and manual quotations that lock or cross quotations disseminated pursuant to an effective National Market System Plan.

On September 28, 2006, the Commission approved SR-NASD-2006-091, which, among other things, amended NASD rules (primarily, ADF

<sup>5</sup> See Securities Exchange Act Release No. 43863 (January 19, 2001), 66 FR 8020 (January 26, 2001) (SR-NASD-99-53).

<sup>6</sup> ECNs are defined in Rule 600(b)(23) of Regulation NMS.

<sup>7</sup> See Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496 (June 29, 2005).

rules) to align them with Regulation NMS and to enhance the clarity of the ADF rules. The purpose of the instant proposed rule change is to further those two goals by amending certain of the ADF rule changes approved in SR-NASD-2006-091 to: (1) Expand the prohibition on locking or crossing quotations in NMS stocks to include the time periods of 8 a.m. to 9:30 a.m. and 4 p.m. to 6:30 p.m.; (2) extend the obligation in Rule 4617A to comply with NASD rules to pre-opening quotes; and (3) replace the specific modifiers identified in Rule 4632A(a)(4) with a more general reference to modifiers as specified by NASD. The purpose behind each of these changes is discussed below.

(A) *Locking or Crossing Quotations.* As approved by the Commission in SR-NASD-2006-091, Rule 4613A generally prohibits a member from displaying a quotation on the ADF that locks or crosses a protected quotation during regular trading hours (*i.e.*, between 9:30 a.m. and 4 p.m. Eastern Time).<sup>8</sup> ADF Trading Centers, however, are permitted to post quotations on the ADF on a voluntary basis each trading day from 8 a.m. Eastern Time until 6:30 p.m. Eastern Time. The proposed rule change would extend the prohibition on locking and crossing quotations to members who voluntarily post quotes on the ADF between 8:00 a.m. and 9:30 a.m. Eastern Time or between 4:00 p.m. and 6:30 p.m. Eastern Time. In addition, the proposed rule change would delete Rule 4613A(e), which addresses locked and crossed quotation conditions in the ADF prior to opening, because the extension of the locking and crossing prohibition in Rule 4130A to that time period would render Rule 4613A(e) obsolete.

(B) *Extension of ADF Rules to Pre-Opening Quotations.* Although ADF Trading Centers are required to be open for business between 9:30 a.m. Eastern Time and 4 p.m. Eastern Time on business days, as noted above, they are permitted, on a voluntary basis, to post quotations on the ADF between the hours of 8 a.m. and 9:30 a.m. Eastern Time or between 4 p.m. and 6:30 p.m. Eastern Time. As approved by the Commission in SR-NASD-2006-091, Rule 4617A requires an ADF Trading Center whose quotes are open after 4 p.m. Eastern Time to comply, while its quotes are open, with all NASD rules that are not by their express terms, or by an official interpretation of NASD, inapplicable to any part of the 4 p.m. to 6:30 p.m. Eastern Time period. The

proposed rule change would extend this requirement to ADF Trading Centers whose quotes are open between 8 a.m. and 9:30 a.m. Eastern Time. Thus, in general, the ADF rules would apply during the entire timeframe during which an ADF Trading Center is permitted to enter quotations on the ADF: 8 a.m. through 6:30 p.m. Eastern Time.

Of particular note, this proposed change would, among other things, extend the order reporting requirements found in Rule 4300A(b)(1) and (2) and the firm quote requirement in Rule 4613A(c) to any quotations posted voluntarily before 9:30 a.m. Eastern Time or after 4 p.m. Eastern Time. Among the changes approved by the Commission in SR-NASD-2006-091 were amendments to Rule 4300A(e) requiring that ADF Trading Centers submit automated quotations, as defined in Rule 600(b)(3) of Regulation NMS, to the ADF. Automated quotations are, by their nature, firm; thus, the proposed rule change clarifies that the firm quote rule applies to all quotations submitted to the ADF, including quotations submitted before 9:30 a.m. or after 4 p.m. Eastern Time. Further, if a firm voluntarily quotes before 9:30 a.m. Eastern Time or after 4 p.m. Eastern Time, the member must submit order reports during that time period as required during the normal trading day.<sup>9</sup>

(C) *Replacement of Specific Modifiers with General Language.* Finally, the proposed rule change would replace the specific modifiers set forth in Rule 4632A(a)(4) with a more general reference to modifiers specified by NASD. As approved by the Commission in SR-NASD-2006-091, Rule 4632A includes specific trade report modifiers for Reporting Members to use when reporting transactions through TRACS if the trade has certain attributes. For example, if the trade is a Cash Trade, Rule 4632A, in the form currently approved by the Commission, would

require the Reporting Member to include a “.C” modifier when reporting the trade to TRACS. The proposed rule change would amend Rule 4632A(a)(4) and delete the references to specific modifiers. Instead, the rule would require Reporting Members to append “applicable trade report modifiers as specified by NASD.”<sup>10</sup> Additionally, the proposed rule change deletes the trade report modifier for transactions based upon a single-priced opening, re-opening, or closing transaction because this is an exchange function. NASD will provide members with at least 30 days notice of any new modifiers or any change in existing modifiers.

NASD has filed the proposed rule change for immediate effectiveness. NASD proposes that the proposed rule change be implemented on the Regulation NMS Trading Phase Date. Currently, that date is projected to be February 5, 2007.

## 2. Statutory Basis

NASD believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,<sup>11</sup> which requires, among other things, that NASD rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. NASD believes the proposed rule change facilitates the goals articulated in Regulation NMS, including providing an effective mechanism and regulatory framework for the over-the-counter market.

<sup>10</sup> Rule 4632A(a)(4), as amended by SR-NASD-2006-091, also requires members reporting transactions to the ADF to append “[a]ny other modifier as specified by NASD or the Securities and Exchange Commission.” Pursuant to this provision, NASD believes it has the authority to prescribe additional modifiers be reported solely to NASD. For example, such authority has been used in the context of an update to ADF specifications to require additional modifiers to designate trades that qualify under two existing exemptions from Rule 611 of Regulation NMS (qualified contingent trades and certain sub-penny trade-throughs). This authority may also be used to capture additional regulatory information that NASD deems necessary (*e.g.*, NASD will require more specific delineation of the Intermarket Sweep Order (“ISO”) exception than is required by the National Market System Plan specifications). The National Market System specifications identify both types of ISOs with a single modifier. NASD, however, intends to distinguish between the ISO exceptions by requiring firms to use a separate modifier, as defined by NASD, in instances where the executing firm is responsible for sweeping the market. NASD will provide members with at least 30 days advance written notice and sufficient time to make the necessary systems changes relating to any additional new modifiers.

<sup>11</sup> 15 U.S.C. 78o-3(b)(6).

<sup>8</sup> Rule 610(d) of Regulation NMS requires NASD to establish, maintain, and enforce written rules concerning locking and crossing quotations.

<sup>9</sup> A member is generally required to submit order reports when the member displays a quote. If a member chooses not to quote before 9:30 a.m. or after 4 p.m., the member is not required to submit order reports during those time periods. If a member displays a quote on the ADF at any time during regular trading hours (*i.e.*, 9:30 a.m. to 4 p.m. Eastern Time), the member must submit order reports continuously to NASD from the time an initial quote is displayed on the ADF in a security, irrespective of whether the member has a quote displayed on the ADF at the specific time that an order is received. If a member does not display a quote on the ADF in a specific security for the entire time period of 9:30 a.m. to 4 p.m. Eastern Time on a given trading day, the member would not be required to submit order reports on the subsequent trade date after the full day of non-quoting on the ADF unless the member displays a quote in that security on the ADF.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

Written comments were neither solicited nor received.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing proposed rule change is subject to Section 19(b)(3)(A)(iii) of the Act<sup>12</sup> and Rule 19b-4(f)(6) thereunder<sup>13</sup> because the proposal: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative prior to 30 days after the date of filing or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that NASD has given the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.<sup>14</sup>

At any time within 60 days of the filing of such proposed rule change the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.
