

certain tangible property. A taxpayer may elect to determine the tax book value of its tangible property that is depreciated under section 168 (section 168 property) using the rules provided in this paragraph (the alternative tax book value method). The alternative tax book value method applies solely for purposes of apportioning expenses (including the calculation of the alternative minimum tax foreign tax credit pursuant to section 59(a)) under the asset method described in paragraph (g) of this section.

(i) The tax book value of section 168 property placed in service during or after the first taxable year to which the election to use the alternative tax book value method applies shall be determined as though such property were subject to the alternative depreciation system under section 168(g) for the entire period that such property has been in service.

(ii) In the case of section 168 property placed in service prior to the first taxable year to which the election to use the alternative tax book value method applies, the tax book value of such property shall be determined under the depreciation method, convention, and recovery period provided for under section 168(g) for the first taxable year to which the election applies.

(iii) If a taxpayer revokes an election to use the alternative tax book value method ("the prior election") and later makes another election to use the alternative tax book value method (the "subsequent election") that is effective for a taxable year that begins within 3 years of the end of the last taxable year to which the prior election applied, the taxpayer shall determine the tax book value of its section 168 property as though the prior election has remained in effect.

(iv) The tax book value of section 168 property shall be determined without regard to the election to expense certain depreciable assets under section 179.

(v) *Examples.* The provisions of this paragraph (i)(1) are illustrated in the following examples:

Example 1. In 2000, a taxpayer purchases and places in service section 168 property used solely in the United States. In 2005, the taxpayer elects to use the alternative tax book value method, effective for the current taxable year. For purposes of determining the tax book value of its section 168 property, the taxpayer's depreciation deduction is determined by applying the method, convention, and recovery period rules of the alternative depreciation system under section 168(g)(2) as in effect in 2005 to the taxpayer's original cost basis in such property. In 2006, the taxpayer acquires and places in service in the United States new section 168 property. The tax book value of this section 168

property is determined under the rules of section 168(g)(2) applicable to property placed in service in 2006.

Example 2. Assume the same facts as in Example 1, except that the taxpayer revokes the alternative tax book value method election effective for taxable year 2010. Additionally, in 2011, the taxpayer acquires new section 168 property and places it in service in the United States. If the taxpayer elects to use the alternative tax book value method effective for taxable year 2012, the taxpayer must determine the tax book value of its section 168 property as though the prior election still applied. Thus, the tax book value of property placed in service prior to 2005 would be determined by applying the method, convention, and recovery period rules of the alternative depreciation system under section 168(g)(2) applicable to property placed in service in 2005. The tax book value of section 168 property placed in service during any taxable year after 2004 would be determined by applying the method, convention, and recovery period rules of the alternative depreciation system under section 168(g)(2) applicable to property placed in service in such taxable year.

(2) *Timing and scope of election.* (i) Except as provided in this paragraph (i)(2), a taxpayer may elect to use the alternative tax book value method with respect to any taxable year beginning on or after March 26, 2004. However, pursuant to § 1.861-8T(c)(2), a taxpayer that has elected the fair market value method must obtain the consent of the Commissioner prior to electing the alternative tax book value method. Any election made pursuant to this paragraph (i)(2) shall apply to all members of an affiliated group of corporations as defined in §§ 1.861-11(d) and 1.861-11T(d). Any election made pursuant to this paragraph (i)(2) shall apply to all subsequent taxable years of the taxpayer unless revoked by the taxpayer. Revocation of such an election, other than in conjunction with an election to use the fair market value method, for a taxable year prior to the sixth taxable year for which the election applies requires the consent of the Commissioner.

(ii) *Example.* The provisions of this paragraph (i)(2) are illustrated in the following example:

Example. Corporation X, a calendar year taxpayer, elects on its original, timely filed tax return for the taxable year ending December 31, 2007, to use the alternative tax book value method for its 2007 year. The alternative tax book value method applies to X's 2007 year and all subsequent taxable years. X may not, without the consent of the Commissioner, revoke its election and determine tax book value using a method other than the alternative tax book value method with respect to any taxable year beginning before January 1, 2012. However, X may automatically elect to change from the

alternative tax book value method to the fair market value method for any open year.

(3) *Effective date.* (i) Paragraph (i) of this section applies to taxable years beginning on or after March 26, 2004.

(ii) The applicability of this paragraph (i) expires on or before March 26, 2007.

DEPARTMENT OF DEFENSE

Office of the Secretary

32 CFR Part 199

RIN 0720-AA75

TRICARE; Civilian Health and Medical Program of the Uniformed Services (CHAMPUS); Special Supplemental Food Program for Women, Infants, and Children Overseas

AGENCY: Office of the Secretary, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule implements section 674 of the National Defense Authorization Act for Fiscal Year 2000. Section 674 directed the Department of Defense to establish a program to provide supplemental food and nutrition education services to members of the armed forces on duty at stations outside the United States (and its territories and possessions) and to eligible civilians serving with, employed by, or accompanying the armed forces to these locations. Congress directed that the Department implement the special supplemental nutrition program for Women, Infants, and Children (WIC) in a manner that provides a benefit that is "similar" to the benefit provided to participants in the Special Supplemental Nutrition Program for Women, Infants and Children administered by the U.S. Department of Agriculture (USDA). Receipt of benefits under both the domestic WIC and the DoD programs is conditioned on applicants meeting specified eligibility criteria, *i.e.*, categorical (pregnant, postpartum, breastfeeding women, infants or children up to age 5), residency, income and nutritional risk. The Department was directed to use the USDA eligibility

criteria to the extent practicable. This final rule specifies eligibility requirements, describes the benefits available under the program, and provides administrative guidance on program operation. The Department is publishing this rule as a final rule in order to meet the statutory directive that the Secretary of Defense prescribes regulations to administer the program.

Danita F. Hunter, Operations Directorate, TRICARE Management Activity, 5111 Leesburg Pike, Suite 810, Falls Church, VA, 22041, telephone (703) 681-0039.

EFFECTIVE DATE: This rule is effective March 16, 2004.

SUPPLEMENTARY INFORMATION: *Public Comments:* We published the interim final rule on July 22, 2003 (68 FR 43299), and provided a 60 day comment period. We received no public comments.

A. Introduction

In the National Defense Authorization Act for Fiscal Year 2000, Congress mandated that the Department establish and fund a program to provide a special supplemental food and nutrition education program to eligible low-income families overseas whose members have been determined to be at nutritional risk. This program is known as the Women, Infants, and Children Overseas (WIC Overseas) program. This final rule implements section 674 of this Act.

B. Eligibility

To be eligible for the DoD special supplemental food program, a person must be a member of the armed forces on duty at stations outside the U.S. (and its territories and possessions) or an eligible civilian serving with, employed by, or accompanying the armed forces outside the U.S. (and its territories and possessions). Additionally, the person must be found to be at nutritional risk. Specifically, to be certified as eligible to receive benefits under the program, a person must:

- Meet specified program income guidelines published by the Secretary of Health and Human Services, and
- Meet one of the criteria listed in this regulation as indicative of nutritional risk. Determinations of income eligibility and nutritional risk will be made to the extent practicable using applicable standards used by the USDA in determining eligibility for the domestic Women, Infants, and Children (WIC) program. In determining income eligibility, the Department will use the Department of Health and Human

Services income poverty table for the State of Alaska.

C. Scope of Benefit

The purpose of the program is to provide supplemental foods and nutrition education to serve as an adjunct to good health care during critical times of growth and development, in order to prevent the occurrence of health problems, including drug and other substance abuse, and to improve the health status of program participants. The benefit is similar to the benefit provided under the domestic WIC program.

Under the program, eligible participants are provided with drafts (paper food instruments, similar to vouchers) that may be redeemed at specified intervals for food packages. Participants access the food benefit by redeeming drafts at designated commissaries and NEXMARTS overseas. Food packages are prescribed by program staff who choose from a range of available food packages to tailor the benefit to the needs of program participants.

The program also provides nutrition education and counseling services to all participants at specified intervals. Nutrition education sessions are designed to stress the relationship between proper nutrition and good health with special emphasis on the nutritional needs of pregnant, postpartum, and breastfeeding women, infants, and children less than five years of age and to achieve a positive change in food habits, resulting in improved nutrition status and the prevention of nutrition-related health problems. Nutrition education promotes breastfeeding as the optimal method of infant nutrition. Nutritional education includes educating women participating in the program about the harmful effects of substance abuse. Nutrition education is an integral element of the WIC Overseas program; however, a participant may not be denied supplemental food benefits for failure to attend or participate in nutrition education activities. Nutrition education sessions are conducted in the context of the ethnic, cultural, and geographical preferences of participants.

D. Financial and Administrative Requirements

The Secretary of Defense will establish a system for verifying appropriate use of the WIC Overseas Program funds. This will include procedures to verify that draft redemption complies with applicable date-to-use, dollar amount, and other relevant criteria.

To leverage available funding to make the WIC Overseas program available to the maximum number of participants, the Secretary of Defense may enter into agreement up to three years in length to procure a particular brand of a food item to provide to Program participants. The agreement would specify the procurement of the competitively selected brand exclusive of other brands of the same or similar food. Competitive selection of the contract brand would conform to competitive contracting procedures specified in title 10, chapter 137, U.S. Code. The agreement would provide for the manufacturer of the contract brand to rebate to the Secretary an amount that is an agreed ratio of the amounts paid by the Secretary for the procurement of the contract brand. Rebates collected under the agreements will be credited to the appropriation available for carrying out the WIC Overseas program and will be available for the program in the same period as the other sums in the appropriation.

The Secretary will provide for an appeals process that will allow individuals who are denied certification or recertification to appeal those decisions. The process will include a requirement that individuals denied certification or recertification be advised of their right of appeal, the relevant time limits, and the procedures to effect an appeal and will further provide a second level of review to individuals adversely impacted by an appeals decision.

E. Regulatory Procedures

This rule will impose additional information collection requirements to the public under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3511). Individuals will be required to apply for certification and periodic recertification to receive benefits.

This rule is being issued as a final rule. The interim final rule was published July 22, 2003, there were no comments received from the public.

Executive Order 12866 requires certain regulatory assessments for any "significant regulatory action" which is defined in part as one that raises novel policy issues arising out of legal mandates. The Regulatory Flexibility Act (RFA) requires that each federal agency prepare, and make available for public comment, a regulatory flexibility analysis when the agency issues a regulation which would have a significant impact on a substantial number of small entities. This final rule is a significant regulatory action and has been reviewed by the Office of Management and Budget under Executive Order 12866. The annual cost

of this program is estimated to be about \$24 million per year, beginning in Fiscal Year 2002. This rule is not economically significant and will not significantly affect a substantial number of small entities. The information collection notice was published on March 21, 2003 (68 FR 13906).

(v) Unless otherwise specified herein or in 7 CFR 246.7(e), required nutritional risk data shall be provided to, or obtained by, the WIC Overseas Program office within 90 days of enrollment.

(4) In the event that it is impracticable for the WIC Overseas Program to adhere to the income and nutritional risk eligibility guidelines contained in USDA regulations, the Director, TRICARE Management Activity (TMA) may waive the Department's use of USDA WIC Program eligibility criteria by determining that it is impracticable to use these standards to certify participants in the WIC Overseas Program.

(i) Such determination shall consider relevant practical, administrative, national security, financial factors and existing Department policies and their application to the population served by the WIC Overseas Program.

(ii) Absent a written finding of impracticability described in section 199.23(c)(4), the eligibility criteria for the WIC program, contained in USDA regulations shall apply.

(5) An applicant for the WIC Overseas Program who presents a valid WIC Program Verification of Certification card, which is issued to participants in the domestic WIC Program when they intend to move, shall be considered eligible for participation in the WIC Overseas Program for the duration of the individual's current domestic WIC certification period, as long as he/she is an eligible service/family member or eligible civilian/family member.

Additions and/or deletions of food items from this list shall be communicated to the commissaries and NEXMARTS on an ongoing basis.

(ii) A CPA shall prescribe appropriate foods from among the approved list to be included in food packages.

(iii) A CPA shall coordinate documentation of medical need when such documentation is a prerequisite for prescribing certain food items.

(iv) The Director, TMA may authorize changes regarding the supplemental foods to be made available in the WIC Overseas Program when local conditions preclude strict compliance or when such compliance is impracticable.

(i) The WIC Overseas nutrition education program shall be locally overseen by a CPA based on guidance and materials provided by TMA.

(ii) Nutrition education and its means of delivery be tailored to the greatest extent practicable to the specific nutritional, cultural, practical, and other needs of the participant. Participant profiles created during certification may

be used in designing appropriate nutrition education. A CPA may develop individual care plans, as necessary, consistent with USDA regulations.

(iii) Nutrition education shall consist of sessions wherein individual participants or groups of participants meet with a CPA in an interactive setting such that participants can ask, and the CPA can answer, questions related to nutrition practices. In addition, nutrition education shall utilize prepared educational materials and/or Internet sites. Both the sessions and the information materials shall be designed to improve health status, achieve positive change in dietary habits, and emphasize relationships between nutrition and health. Individual and group sessions can be accomplished through, among other things, face-to-face meetings, remote tele-videoconferencing, real-time computer-based distance learning, or other means.

(iv) Nutrition education services shall generally be provided to participants twice during each 6-month certification period, unless a different schedule is specified in USDA regulations.

(v) The nutrition education program shall promote breastfeeding as the optimal method of infant nutrition, encourage pregnant participants to breastfeed unless contraindicated for health reasons, and educate all participating women about the harmful effects of substance abuse.

(vi) Individual participants shall not be denied supplemental food due to the failure to attend scheduled nutrition education sessions.

(e) *Financial management.* The Department shall establish procedures to provide for the verification of drafts prior to payment.

(i) Verification may utilize sampling techniques.

(ii) Payment of drafts shall be made out of Defense Health Program funds.

(f) *Rebate agreements.* (1) DoD is authorized to enter into an agreement with a manufacturer of a particular brand of a food item that provides for the exclusive supply to the program of the same or similar types of food items by that manufacturer.

(i) The agreement shall identify a contract brand of food item.

(ii) Under the agreement, the manufacturer shall rebate to the Department an agreed portion of the amounts paid by DoD for the procurement of the contract brand.

(2) The DoD shall use competitive procedures under title 10, chapter 137 to select the contract brand.

(3) Amounts rebated shall be credited to the appropriation available for carrying out the program and shall be applied against expenditures for the program in the same period as the other sums in the appropriation.

(g) *Administrative appeals and civil rights.* (1) Applicants who are denied certification or participants that are denied recertification shall be provided with a notice of ineligibility. The notice shall include information on the applicant's right to appeal the determination and instructions on doing so.

(2) Benefits shall not be provided while an appeal is pending when an applicant is denied benefits, a participant's certification has expired or a participant becomes categorically ineligible.

(3) A request for appeal shall be submitted in writing within five working days. If the decision is an adverse one it shall include notice to the applicant of his further appeal rights as reflected in (iii) below, and that he/she has five working days to effect any such appeal.

(4) Appeal reviews shall be conducted in the first instance by the CPA or team leader in charge of the local WIC Overseas office.

(i) Written notice of a decision shall be provided to the applicant within five working days.

(ii) If the appeal is upheld, retroactive benefits shall not be provided.

(iii) At an applicant's request a denied appeal may be forwarded to the regional program manager for review, who will provide a decision on the appeal within 5 working days.

(iv) If the regional program manager denies the appeal, there shall be no further right of appeal.

(5) Complaints about discriminatory treatment shall be handled in accordance with procedures established at each local WIC Overseas site.

(h) *Operations and Administration.*

(1) Information collected about WIC Overseas applicants and participants shall be collected, maintained, and disclosed in accordance with applicable laws and regulations.

(2) Information and personnel security requirements shall be consistent with applicable laws and regulations.
