greatest consideration for your point of view.

Only those persons or organizations who participated in the planning process may protest the plan. A protesting party may raise only those issues which were commented on during the planning process. DATES: The protest period lasts 30 days and begins March 17, 2000, the day this Notice of Availability is published in the Federal Register. There is no provision for an extension of time. Protests filed late or filed with the State Director, Field Manager or the Forest Service shall be rejected by the Director. To be considered "timely" your protest must be postmarked no later than April 17, 2000. Although not a requirement, sending your protest by "certified mail, return receipt requested," is recommended.

ADDRESSES: Reading copies of the Environment Impact Statement and proposed RMP Amendment will be available at the BLM's Butte Field Office, 106 North Parkmont, Butte, Montana 59702, or the Forest Service's Helena Ranger District, 2001 Poplar Street, Helena, Montana 59601.

All protests must be filed in writing to: Director, Bureau of Land Management, Attention: Ms. Brenda Williams, Protests Coordinator, WO– 210/LS–1075, Department of the Interior, Washington, D.C. 20240.

The Overnight Mail address is: Director, Bureau of Land Management, Attention: Ms. Brenda Williams, Protests Coordinator, 1620 L Street NW, Room 1075, Washington, D.C. 20036.

To expedite consideration, in addition to the original protect being sent by mail or overnight mail, a copy of the protest may be sent by fax to 202–452–5112 or by electronic mail to

bhudgens@wo.blm.gov.

To be considered complete, your protest must contain, at a minimum, the following information:

(1) The name, mailing address, telephone number, and interest of the persons filing the protest;

(2) A statement of the issue being protested;

(3) A statement of the portion of the plan being protested. To the extent possible, this should be done by referencing specific pages, paragraphs, sections, tables, and maps in the proposed RMP Amendment.

(4) A copy of all documents addressing the issue that were submitted during the planning process or a reference to the date the issue was discussed for the record.

(5) A concise statement explaining why the BLM State Director's decision

is believed to be incorrect (a critical part of the protest).

Take care to document all relevant facts and to reference or cite the planning documents, environmental analysis documents, and available planning records (meeting minutes, summaries, correspondence). A protest without data will not provide us with the benefit of your information and insight, and the Director's review will be based on the existing analysis and supporting data.

At the end of the 30-day protest period, the BLM may issue a Record of Decision approving implementation of any portion of the proposed plan not under protest. Approval will be withheld on any portion of the plan that is under protest, until the protest is resolved.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of new information collection.

SUMMARY: As part of its continuing effort to reduce paperwork and respondent burden, MMS invites the public and other Federal agencies to comment on a proposal for the new collection of information discussed below. We intend to submit this collection of information to the Office of Management and Budget (OMB) for approval. The Paperwork Reduction Act of 1995 provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Submit written comments by May 16, 2000.

ADDRESSES: Mail or hand carry comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170–4817. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the rulemaking record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from

organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT:

Alexis London, Rules Processing Team, telephone (703) 787–1600. You may also contact Alexis London to obtain a copy of the collection of information at no cost.

SUPPLEMENTARY INFORMATION:

Title: Survey—Public Information Offices (PIO).

OMB Control Number: 1010–NEW. Abstract: The Outer Continental Shelf (OCS) Lands Act, 43 U.S.C. 1331 et seq., requires the Secretary of the Interior to preserve, protect, and develop offshore oil and gas and sulphur resources; make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resource development with protection of the human, marine, and coastal environments; ensure the public a fair and equitable return on the resources of the OCS; preserve and maintain free enterprise competition; and ensure that the extent of oil and natural gas resources of the OCS is assessed at the earliest practicable time. MMS administers this program.

Executive Order 12862, September 11, 1993, Setting Customer Service Standards, provided renewed focus on surveying customers. The Executive Order states that customer satisfaction is seen as the ultimate performance indicator for the Federal Government because it shows how well our customers are being served and what we must do to close the gap between what we provide our customers and what they want. We included in our **Government Performance Results Act** Strategic Plan, a requirement to survey customers to validate our customer service/satisfaction performance. We have not conducted a survey of the regional PIOs for several years.

A goal included in the Strategic Plan requires the Offshore Minerals Management program to improve the level of service of its PIOs by 2003. The baseline for this improvement is FY 2000. To assess whether this goal has been met, we plan to conduct an annual customer satisfaction survey over the next 3 years. The first survey will probably include the most questions, and the results will provide the FY 2000 baseline for measuring achievement of this performance goal. The questions to be included in the subsequent surveys may be reduced, depending on the results from the baseline survey. MMS
