

and not (g) as currently reflected in Section 16(b)(i).

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to perfect the mechanisms of a free and open market and the national market system, protect investors and the public interest and promote just and equitable principles of trade by proposing the rule change to address how BOX processes inbound orders when the BOX best price on the same side of the market locks, or is locked by the opposite side national best bid or offer ("NBBO").

The Plan provides a framework for order protection and addressing locked and crossed markets. As discussed above, the proposed rule change provides that where the BOX best price on the same side of the market as an inbound order has crossed or locked, or is crossed by, or locked by the opposite side NBBO, the order will be routed, if eligible, or rejected immediately. The Exchange believes handling the order as described above is consistent with the objectives of the Plan and assists BOX Options Participant in that it systemically removes the potential that such an order could join a pre-existing locked market. As such, the Exchange believes the proposed rule change is consistent with the Plan, necessary and appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public

interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.
