

deposit rate will be the company-specific rate established for the most recent period; (3) for all other PRC exporters, the cash deposit rate will be the PRC-wide rate, 201.63 percent; and (4) for all other non-PRC exporters of the subject merchandise, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with section 351.305(a)(3) of the Department's regulations. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and these new shipper reviews and notice are in accordance with sections 751(a)(1), 751(a)(2)(B) and 771(i)(1) of the Act.

Dated: April 9, 2001.

#### Industrial Nitrocellulose From France: Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of extension of time limit for preliminary results of antidumping duty administrative review.

**SUMMARY:** The Department of Commerce is extending the time limit for the preliminary results of the administrative review of the antidumping duty order on industrial nitrocellulose from France. The review covers one manufacturer/exporter, Bergerac, N.C. The period of review is August 1, 1999, through July 31, 2000.

**EFFECTIVE DATE:** April 24, 2001.

#### FOR FURTHER INFORMATION CONTACT:

David Dirstine, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482-4033.

#### The Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR Part 351 (1999).

#### Extension of Time Limits for Preliminary Results

The Department of Commerce (the Department) received a request to conduct an administrative review of the antidumping duty order on industrial nitrocellulose from France. On October 2, 2000, the Department initiated this administrative review covering the period August 1, 1999, through July 31, 2000. However, due to complexity of the

issues in this case, such as the initiation of a cost investigation, how U.S. sales are to be compared to home-market sales, how difference-in-merchandise adjustments are calculated, and a statutorily required verification of information submitted in the instant review, it is not practicable to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act. Therefore, in accordance with that section, the Department is extending the time limit for the preliminary results fully to August 31, 2001. The Department intends to issue the final results of review 120 days after the publication of the preliminary results. This extension of the time limit is in accordance with section 751(a)(3)(A) of the Act.

Dated: April 12, 2001.

#### Notice of Amended Final Results of Antidumping Duty Administrative Review: Certain Pasta From Italy

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Amendment to final results of antidumping duty administrative review in accordance with decision upon remand: Certain Pasta from Italy.

**SUMMARY:** We are amending the cash deposit and assessment rates for imports of pasta from Arrighi S.p.A. Industrie Alimentari (Arrighi) and Barilla Alimentare, S.p.A. (Barilla) and the assessment rate for La Molisana Industrie Alimentari, S.p.A. (La Molisana) calculated for the January 19, 1996, through June 30, 1997, administrative review of this order. The cash deposit rate for La Molisana was not affected by the litigation. The revised cash deposit rate for Arrighi is 19.09 percent *ad valorem* and for Barilla is 45.49 percent *ad valorem*.

**EFFECTIVE DATE:** April 24, 2001.

Avenue, N.W., Washington, DC 20230; telephone (202) 482-3965.

### The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's (Department's) regulations are to 19 CFR Part 351 (1997).

### SUPPLEMENTARY INFORMATION:

#### Background

On June 26, 2000, the United States Court of International Trade (CIT) remanded to the Department the final results in the January 19, 1996, through June 30, 1997, antidumping duty administrative review of certain pasta from Italy. *See World Finer Foods, Inc., et al. v. United States*, 886 F. Supp. 23 (CIT 2000) (*see also Notice of Final Results and Partial Rescission of Antidumping Duty Administrative Review; Certain Pasta from Italy*, 64 FR 6615 (February 10, 1999)). In its remand, the CIT instructed the Department to reconsider the information provided by World Finer Foods, Inc., and determine an appropriate facts available rate for Arrighi. The CIT further instructed the Department to consider information submitted by La Molisana that would identify the name of the importer of record for certain U.S. sales transactions reported by La Molisana and to recalculate the applicable assessment rates for La Molisana. With regard to Barilla, the CIT instructed the Department to determine a margin that, although adverse, bears a "rational relationship" to the current level of dumping in the industry and provide corroboration explaining the probative value of the data used in determining the adverse facts available margin. On September 15, 2000, the Department filed its results of redetermination pursuant to the CIT's order. On November 3, 2000, the CIT affirmed the final revised remand determination in *World Finer Foods, Inc., et al. v. United States*, 120 F. Supp.2d 1331.

In light of the final and conclusive court decision in this action, we are amending the cash deposit rate for Arrighi from 71.49 percent to 19.09 percent ad valorem and the cash deposit rate for Barilla from 71.49 percent to 45.49 percent ad valorem. In addition, we are amending the assessment rates for merchandise produced by Arrighi and imported by World Finer Foods,

Inc., and the merchandise produced by La Molisana and Barilla.

### Amended Final Determination

As there is now a final and conclusive court decision in this action, we are amending the final results of the administrative review on certain pasta from Italy covering the period January 19, 1996, through June 30, 1997, pursuant to section 516A(e) of the Act. As a result of this remand redetermination, the recalculated final weighted-average margins are as follows:

Manufacturer/producer	Margin percentage
Arrighi .....	10.09
Barilla .....	45.49

The cash deposit rates for Arrighi of 19.09% ad valorem and for Barilla of 45.49% ad valorem will be effective upon publication of this notice of amended final results on all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date. The cash deposit rate for La Molisana will continue to be based on the margins found to exist in the most recently completed review.

Accordingly, the Department will determine, and the Customs Service will assess, antidumping duties on all entries of subject merchandise from Arrighi, Barilla, and La Molisana during the period January 19, 1996, through June 30, 1997, in accordance with these amended final results. For Barilla, this decision also affects the enjoined entries for the period July 1, 1998, through June 30, 1999. In accordance with 19 CFR 351.212(b), we have calculated exporter/importer-specific assessment rates by aggregating the dumping margins for all U.S. sales to each importer and dividing the amount by the total entered value of the sales to that importer. Where the importer-specific assessment rate is above de minimis, we will instruct Customs to assess antidumping duties on that importer's entries of subject merchandise. We will direct Customs to assess the resulting percentage margins against the entered Customs values for the subject merchandise on each of that importer's entries under the order during the period of review.

These amended final results and notice are in accordance with sections 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 351.221. Effective January 20, 2001, Bernard T. Carreau is fulfilling the duties of the Assistant Secretary for Import Administration.

Dated: April 17, 2001.
