#### Pure Magnesium in Granular Form From the People's Republic of China: Continuation of Antidumping Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on pure magnesium in granular form from the People's Republic of China (China) would likely lead to the continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of this AD order.

**DATES:** Applicable September 15, 2023.

**FOR FURTHER INFORMATION CONTACT:** Charles Doss, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4474.

### SUPPLEMENTARY INFORMATION:

#### Background

On November 19, 2001, Commerce published in the **Federal Register** the AD order on pure magnesium in granular form from China.<sup>1</sup> On February 1, 2023, the ITC instituted,<sup>2</sup> and Commerce initiated,<sup>3</sup> the fourth sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined that revocation of the *Order* would likely lead to the continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the *Order* be revoked.<sup>4</sup>

On September 15, 2023, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the *Order* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>5</sup>

#### Scope of the Order

There is an existing AD order on pure magnesium from the People's Republic of China.<sup>6</sup> The scope of this order excludes pure magnesium that is already covered by the existing order on pure magnesium in ingot form, and currently classifiable under item numbers 8104.11.00 and 8104.19.00 of the Harmonized Tariff Schedule of the United States (HTSUS).

The scope of this *Order* includes imports of pure magnesium products, regardless of chemistry, including, without limitation, raspings, granules, turnings, chips, powder, and briquettes, except as noted above.

Pure magnesium includes: (1) products that contain at least 99.95 percent primary magnesium, by weight

(generally referred to as "ultra pure" magnesium); (2) products that contain less than 99.95 percent but not less than 99.8 percent primary magnesium, by weight (generally referred to as "pure" magnesium); (3) chemical combinations of pure magnesium and other material(s) in which the pure magnesium content is 50 percent or greater, but less than 99.8 percent, by weight, that do not conform to an "ASTM Specification for Magnesium Alloy" <sup>7</sup> (generally referred to as "off specification pure" magnesium); and (4) physical mixtures of pure magnesium and other material(s) in which the pure magnesium content is 50 percent or greater, but less than 99.8 percent, by weight. Excluded from this *Order* are mixtures containing 90 percent or less pure magnesium by weight and one or more of certain non-magnesium granular materials to make magnesium-based reagent mixtures. The non-magnesium granular materials of which Commerce is aware used to make such excluded reagents are: lime, calcium metal, calcium silicon, calcium carbide, calcium carbonate, carbon, slag coagulants, fluorspar, nepheline syenite, feldspar, aluminum, alumina (Al<sub>2</sub>O<sub>3</sub>), calcium aluminate, soda ash, hydrocarbons, graphite, coke, silicon, rare earth metals/mischmetal, cryolite, silica/fly ash, magnesium oxide, periclase, ferroalloys, dolomitic lime, and colemanite. A party importing a magnesium-based reagent which includes one or more materials not on this list is required to seek a scope clarification from Commerce before such a mixture may be imported free of antidumping duties.

The merchandise subject to this *Order* is currently classifiable under item 8104.30.00 of the HTSUS. Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this *Order* is dispositive.

#### Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Order*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

<sup>7</sup> The meaning of this term is the same as that used by the American Society for Testing and Materials in its Annual Book of ASTM Standards: Volume 01.02 Aluminum and Magnesium Alloys.

The effective date of the continuation of the *Order* will be September 15, 2023.<sup>8</sup> Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year review of the *Order* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

#### Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

#### Notification to Interested Parties

This five-year (sunset) review and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act and published in accordance with section 777(i) of the Act, and 19 CFR 351.218(f)(4).

Dated: September 20, 2023.

*Assistant Secretary for Enforcement and Compliance.*

#### Certain Frozen Warmwater Shrimp From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2022–2023

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that all exporters subject to this administrative review of the antidumping duty order on certain frozen warmwater shrimp (shrimp) from the People's Republic of China (China) are part of the China-wide entity because they did not demonstrate their eligibility for a separate rate. The period

of review (POR) is February 1, 2022, through January 31, 2023.

**DATES:** Applicable September 27, 2023.

#### FOR FURTHER INFORMATION CONTACT:

Colin Thrasher, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3004.

#### SUPPLEMENTARY INFORMATION:

##### Background

On February 1, 2005, Commerce published in the *Federal Register* the antidumping duty order on shrimp from China.<sup>1</sup> On February 2, 2023, Commerce published in the *Federal Register* a notice of opportunity to request an administrative review of the *Order*.<sup>2</sup> On April 11, 2023, based on timely requests for an administrative review, Commerce initiated this administrative review with respect to 139 exporters.<sup>3</sup> Subsequently, we released U.S. Customs and Border Protection (CBP) data to interested parties for comment.<sup>4</sup> We received timely comments from the Ad Hoc Shrimp Trade Action Committee (AHSTAC).<sup>5</sup>

We did not receive a no-shipment statement, separate rate application (SRA), or separate rate certification (SRC) from any company subject to this review that had an active separate rate during the POR.<sup>6</sup>

##### Scope of the Order

The scope of the *Order* includes certain frozen warmwater shrimp and

prawns, whether wild caught (ocean harvested) or farm raised (produced by aquaculture), head on or head off, shell on or peeled, tail on or tail off,<sup>7</sup> deveined or not deveined, cooked or raw, or otherwise processed in frozen form.

The frozen warmwater shrimp and prawn products included in the scope of the *Order*, regardless of definitions in the Harmonized Tariff Schedule of the United States (HTSUS), are products which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size.

The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the Penaeidae family. Some examples of the farmed and wild caught warmwater species include, but are not limited to, white-leg shrimp (*Penaeus vannamei*), banana prawn (*Penaeus merguensis*), fleshy prawn (*Penaeus chinensis*), giant river prawn (*Macrobrachium rosenbergii*), giant tiger prawn (*Penaeus monodon*), redspotted shrimp (*Penaeus brasiliensis*), southern brown shrimp (*Penaeus subtilis*), southern pink shrimp (*Penaeus notialis*), southern rough shrimp (*Trachypenaeus curvirostris*), southern white shrimp (*Penaeus schmitti*), blue shrimp (*Penaeus stylirostris*), western white shrimp (*Penaeus occidentalis*), and Indian white prawn (*Penaeus indicus*).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope of the *Order*. In addition, food preparations, which are not “prepared meals,” that contain more than 20 percent by weight of shrimp or prawn are also included in the scope of the *Order*.

Excluded from the scope are: (1) breaded shrimp and prawns (HTSUS subheading 1605.20.1020); (2) shrimp and prawns generally classified in the Pandalidae family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell on or peeled (HTSUS subheadings 0306.23.0020 and 0306.23.0040); (4) shrimp and prawns in prepared meals (HTSUS subheading 1605.20.0510); (5) dried shrimp and prawns; (6) Lee Kum Kee's shrimp sauce; (7) canned warmwater shrimp and prawns (HTSUS subheading 1605.20.1040); and (8) certain battered shrimp. Battered shrimp is a shrimp-based product: (1) that is produced from fresh (or thawed-from-frozen) and

<sup>2</sup> See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review and Join Annual Inquiry Service List*, 88 FR 7071 (February 2, 2023).

<sup>3</sup> See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 88 FR 21609 (April 11, 2023).

<sup>4</sup> See Memorandum, “Release of U.S. Customs and Border Protection Data,” dated May 10, 2023.

<sup>5</sup> See AHSTAC's Letter, “Domestic Producers' Comments Regarding Respondent Selection,” dated May 17, 2023.

<sup>6</sup> We received a timely no-shipment certification from Zhanjiang Regal Integrated Marine Resources Co., Ltd. (Zhanjiang Regal). Zhanjiang Regal is excluded from the *Order* with respect to merchandise manufactured and exported by Zhanjiang Regal. See *Certain Frozen Warmwater Shrimp from the People's Republic of China: Final Results of Administrative Review; 2011–2012*, 78 FR 56209, 56210 (September 12, 2013). Zhanjiang Regal submitted a no-shipment certification for exports outside the above combination. However, because Zhanjiang Regal has not established its eligibility for a separate rate, outside of the excluded combination noted above, we preliminarily continue to consider it to be part of the China-wide entity.

<sup>7</sup> “Tails” in this context means the tail fan, which includes the telson and the uropods.
