

copying in accordance with section 11 of TSCA:

1. Records of the quantity of the TME substance produced and the date of manufacture.
2. Records of dates of the shipments to each customer and the quantities supplied in each shipment.
3. Copies of the bill of lading that accompanies each shipment of the TME substance.
4. To address inhalation concerns, employees exposed to the TME substance's vapor must wear a respirator with an assigned protection factor (APF) of 25.

V. What was EPA's Risk Assessment for this TME?

EPA identified concerns for inhalation exposure based on analogs. However, during processing and use, vapor or mist exposure to workers will be prevented by use of a gas/vapor respirator with an APF of 25. Therefore, the test market activities will not present an unreasonable risk of injury to health. EPA identified no significant environmental concerns for the test market substance based on no releases to water.

VI. Can EPA Change Its Decision on this TME in the Future?

Yes. The Agency reserves the right to rescind approval or modify the conditions and restrictions of an exemption should any new information that comes to its attention cast significant doubt on its finding that the test marketing activities will not present any unreasonable risk of injury to human health or the environment.

Synopsis of the Order

1. Pursuant to 47 CFR 73.561(b), new noncommercial educational FM station applicants can propose to share time in response to renewal applications from noncommercial educational licensees that do not operate their stations at least 12 hours per day each day of the year. Pursuant to 47 CFR 73.561(b)(2), the Commission is required to order an expedited hearing on the issue of sharing time if the parties are unable to reach an agreement on sharing time, and if no qualifications issues arise regarding the renewal or new station applicant. The designation for an expedited hearing is not intended to preclude the applicants, either before the commencement of the hearing or at any time during the course of the hearing, from negotiating a time sharing agreement.

2. The staff has granted conditionally the WVPH license renewal application and the application to construct a new station in Plainfield. The grants are subject to the conditions that (1) either (a) the parties negotiate and jointly file with the Commission a time sharing agreement, or (b) the hearing ordered in this document, at a time and place to be specified in a subsequent Order, is concluded, and a copy of the resulting written time sharing arrangement is provided to the Chief of the Commission's Audio Division, Media Bureau; and (2) the authorizations of Piscataway Board of Education and King's Temple Ministries, Inc. are modified in accordance with the terms and conditions of either the negotiated time sharing agreement or the time sharing arrangement imposed as a result of the hearing.

3. A time sharing arrangement, whether negotiated by the parties or determined in the hearing, shall become effective as of the date on which King's Temple Ministries, Inc. files an application for a license to cover its construction permit and begins program tests, and shall become part of the terms of each station's license by attachment thereto.
