### **Difenzoquat; Product Cancellation Order for Certain Pesticide Registrations**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellation, voluntarily requested by the registrant and accepted by the Agency, of products containing the pesticide difenzoquat, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a November 25, 2009 **Federal Register** Notice of Receipt of Request from the registrant listed in Table 1 to voluntarily cancel these product registrations. These are the last products containing these pesticides registered for use in the United States. In the November 25, 2009 Notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrant withdrew their request within this period. The Agency did not receive any comments on the Notice. Further, the registrant did not withdraw their request. Accordingly, EPA hereby issues in this Notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations are effective February 24, 2010.

### III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the November 25, 2009 **Federal Register** Notice announcing the Agency's receipt of the request for voluntary cancellation of products listed in Table 1.

### IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellation of difenzoquat registrations identified in Table 1 of Unit II. Accordingly, the Agency orders that the product registrations identified in Table 1 of Unit II are hereby canceled. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI will be considered a violation of FIFRA.

### V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a Notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

### VI. Provisions for Disposition of Existing Stocks

EPA's existing stocks policy (56 FR 29362) provides that: "If a registrant requests to voluntarily cancel a registration where the Agency has identified no particular risk concerns, the registrant has complied with all

applicable conditions of reregistration, conditional registration, and data call ins, and the registration is not subject to a Registration Standard, Label Improvement Program, or reregistration decision, the Agency will generally permit a registrant to sell or distribute existing stocks for 1-year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted."

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The effective date of this cancellation is February 24, 2010. The cancellation order that is the subject of this Notice includes the following existing stock provisions:

The registrant may sell and distribute existing stocks of products listed in Table 1 of Unit II until December 31, 2010. Persons other than the registrant may sell and distribute existing stocks of products listed in Table 1 until exhausted. Use of the products listed in Table 1 may continue until existing stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
