Corrosion-Resistant Steel Products From the People's Republic of China: Rescission of Countervailing Duty Administrative Review; 2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty (CVD) order on certain corrosion-resistant steel products (CORE) from the People's Republic of China (China), covering the period January 1, 2018, through December 31, 2018.

DATES: Applicable November 25, 2020.

FOR FURTHER INFORMATION CONTACT: Mark Hoadley, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3148.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2019, Commerce published in the **Federal Register** a notice of

opportunity to request an administrative review of the CVD order on CORE from China.¹ On July 31, 2019, the petitioners timely requested that Commerce conduct an administrative review.² In addition, on the same day, three domestic importers of CORE timely requested an administrative review.³ On September 9, 2019, Commerce published in the **Federal Register** a notice of initiation of an administrative review of the CVD order on CORE from China, covering the period January 1, 2018 through December 31, 2018 (period of review or POR), with respect to eleven companies.⁴ On September 12, 2019, Commerce placed on the record the results of a CBP data query conducted for imports from all eleven companies subject to the review.⁵ Because Commerce previously determined that CORE produced in Vietnam using hot-rolled or cold-rolled carbon steel substrate is subject to the order on CORE from China,⁶ Commerce conducted the query for imports under the case number for subject merchandise coming directly from China (C–570–027) as well as under the third-country case number for subject merchandise coming from Vietnam (C–552–995).⁷ The third-country case number was created in CBP's

² See Petitioners' Letter, "Corrosion-Resistant Steel Products from the People's Republic of China: Request for Administrative Review of Countervailing Duty Order," dated July 31, 2019. The petitioners are ArcelorMittal USA LLC, California Steel Industries, Inc., Nucor Corporation, Steel Dynamics, Inc., and United States Steel Corporation (U.S. Steel).

(U.S.A.) Inc., "Corrosion-Resistant Steel Products from China: Request for Administrative Review," dated July 31, 2019, and Letter from Stemcor USA Inc., "Corrosion-Resistant Steel Products from China—Stemcor's Request for Administrative Review," dated July 31, 2019 (Stemcor Request). Metal One America, Inc. (Metal One), Mitsui & Co. (U.S.A.) Inc. (Mitsui), and Stemcor USA Inc. (Stemcor) stated that they are U.S. importers of CORE from Vietnam that is potentially subject to the order on CORE from China.

⁷ See CBP Query at 3.

Automated Commercial Environment (ACE) as a result of our affirmative determination in the *Circumvention Inquiry* and captures entries of CORE produced in Vietnam using hot-rolled or cold-rolled carbon steel substrate from China. The query resulted in "no entries found."⁸

On September 19, 2019, one of the petitioners, U.S. Steel, submitted comments on the CBP Query, noting that certain companies subject to the review had shipped CORE products to the United States during the POR according to third-party manifest data submitted by the petitioners.⁹ The petitioners suggested that Commerce collect exporter certifications from the companies under review averring that such CORE products were not produced using Chinese substrate.¹⁰ Commerce subsequently requested exporter certifications as part of a wider questionnaire issued to certain producers, as discussed below.

On December 4, 2019, the petitioners timely withdrew their request for a review in full.¹¹ Likewise, on December 6, 2019, Mitsui timely withdrew its request for a review in full.¹² Consequently, only the Metal One Request and the Stemcor Request remain unwithdrawn. The Metal One Request and the Stemcor Request cover three companies: Nippon Steel and Sumikin Sales Vietnam Co., Ltd. (NSSVC); Hoa Sen Group (HSG); and Ton Dong A Corporation (TDA).¹³ All three companies are Vietnamese exporters of CORE.¹⁴

On February 11, 2020, Commerce issued questionnaires to all three companies.¹⁵ HSG responded to the questionnaire on March 11, 2020;¹⁶ and NSSVC and TDA responded on March
