

ADDRESSES: You may submit comments, identified by OMB Control Number 0704–0225, using any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *E-Mail:* dfars@mail.mil. Include OMB Control Number 0704–0225 in the subject line of the message.
- *Fax:* (571) 372–6094.
- *Mail:* Defense Acquisition Regulations System, Attn: Ms. Lesa Scott, OUSD(AT&L)DPAP/DARS, Rm. 3B855, 3060 Defense Pentagon, Washington, DC 20301–3060.

Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal information provided.

FOR FURTHER INFORMATION CONTACT: Ms. Lesa Scott, at (571) 372–6104. The information collection requirements addressed in this notice are available on the World Wide Web at: <http://www.acq.osd.mil/dpap/dars/dfarspgi/current/index.html>. Paper copies are available from Ms. Lesa Scott, OUSD(AT&L)DPAP(DARS), Room 3B855, 3062 Defense Pentagon, Washington, DC 20301–3062.

SUPPLEMENTARY INFORMATION:

Title, Associated Form, and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 204, Administrative Matters, and related clauses at DFARS 252.204; DD Form 2051, Request for Assignment of a Commercial and Government Entity (CAGE) Code, and DD Form 2051–1, Request for Information/Verification of Commercial and Government Entity (CAGE) Code; OMB Control Number 0704–0225.

Needs and Uses: DoD uses this information to control unclassified contract data that is sensitive and inappropriate for release to the public; and to facilitate data exchange among automated systems for contract award, contract administration, and contract payment by assigning a unique code to each DoD contractor.

Affected Public: Businesses and other for-profit entities and not-for-profit institutions.

Number of Respondents: 12,895.

Responses per Respondent: 1.

Annual Responses: 12,895.

Average Burden per Response:

Approximately 1.0 hour.

Annual Response Burden Hours: 13,418.

Reporting Frequency: On occasion.

Summary of Information Collection

DFARS 204.404–70(a) prescribes use of DFARS Clause 252.204–7000,

Disclosure of information, in contracts that require the contractor to access or generate unclassified information that may be sensitive and inappropriate for release to the public. The clause requires the contractor to obtain approval of the contracting officer before release of any unclassified contract-related information outside the contractor's organization, unless the information is already in the public domain. In requesting this approval, the contractor must identify the specific information to be released, the medium to be used, and the purpose for the release.

DFARS 204.7207 prescribes use of the DFARS provision 252.204–7001, Commercial and Government Entity (CAGE) Code Reporting, in solicitations when CAGE codes for potential offerors are not available to the contracting officer. The provision requires an offeror to enter its CAGE code on its offer. If an offeror does not have a CAGE code, the offeror may request one from the contracting officer, who will ask the offeror to complete section B of DD Form 2051, Request for Assignment of a Commercial and Government Entity (CAGE) Code.

Manuel Quinones,

Editor, Defense Acquisition Regulations System.

BILLING CODE 5001–06–P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Intent to Prepare an Environmental Impact Statement for the Dam Safety Modification Report, Bluestone Dam, Hinton, Summers County, WV

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Intent.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA), the U.S. Army Corps of Engineers (Corps), Huntington District will prepare a supplemental Environmental Impact Statement (EIS) to disclose potential impacts to the natural, physical, and human environment resulting from modifications to Bluestone Dam. The original EIS was published in 1998 and a Record of Decision (ROD) was signed in 1999 concluding the NEPA process allowing the Corps to initiate implementation of the Bluestone Dam Safety Assurance (DSA) Project. When completed, the current modifications under construction will strengthen the

dam's stability and allow for increased discharge capacity through the use of hydropower penstocks substantially reducing risk. However, physical modeling and expert analysis conducted during project construction has indicated the downstream bedrock is vulnerable to an unacceptable degree of erosion during high flow events. The Corps has also recognized potential for unacceptable erosion associated with overtopping of areas of the dam not designed to be overtopped. After a full consideration of alternatives, this supplemental EIS will recommend additional modifications to address such risks and to achieve acceptable risk levels.

DATES: A public scoping meeting will be held on December 5, 2013.

ADDRESSES: Send written comments and suggestions concerning this proposed project to Jonathan J. Aya-ay, Planning Branch, U.S. Army Corps of Engineers, Huntington District, 502 Eighth Street, Huntington, WV 25701–2070. Telephone: 304–399–5276. Electronic mail: BluestoneDamPublicComments@usace.army.mil. Requests to be placed on the mailing list should also be sent to this address.

FOR FURTHER INFORMATION CONTACT:

Andrew N. Johnson, Environmental Analysis Section, U.S. Army Corps of Engineers, Huntington District, 502 Eighth Street, Huntington, WV 25701–2070. Telephone: 304–399–5189. Electronic mail: andrew.n.johnson@usace.army.mil.

SUPPLEMENTARY INFORMATION:

1. *Authority:* Investigation and justification for dam safety modifications at completed Corps of Engineers projects is authorized under Section 2033 of the Water Resources Development Act of 2007 (Pub. L. 110–114).

2. *Background:* a. Guidance for this study is provided in USACE Engineer Regulation (ER) 1110–2–1156 (October 2011). This guidance details agency policy and procedures for the study and implementation process addressing dam safety issues.

b. Bluestone Lake is a multipurpose component of the Kanawha River basin system which provides for flood control, recreation, power development, low flow augmentation, and fish and wildlife enhancement. The project began operation in 1949 and helps control a 4,565 square mile drainage area.

c. The ROD, signed in 1999, completed the NEPA process for the DSA project permitting the Huntington District to begin detailed design and

subsequent construction of the recommended alternative which included a 13 foot cantilever wall on top of the dam, an additional concrete monolith on the east abutment, a floodgate closure across WV Rt. 20, removable closures at each end of the spillway, high strength anchors placed into the dam itself, massive concrete blocks placed against the downstream face of the dam, and a pavement for scour protection downstream of the hydropower penstocks. Ongoing construction on these measures will likely continue through the year 2020.

d. Physical modeling and expert analysis conducted during project construction has shown that the downstream bedrock is vulnerable to erosion during high flow events as a result of deficiencies with the current stilling basin configuration. This potential erosion creates an unacceptable level of risk according to guidelines established in Chapter 5 of ER 1110–2–1156, under which this study is being conducted.

e. The supplemental EIS and Dam Safety Modification report (DSMR) will consider the structural integrity of the dam, its ability to accommodate flood waters as well as transportation, noise, terrestrial, aquatic, economic, environmental justice and cultural resource issues associated with the performance of the dam. The supplemental EIS and DSMR will recommend any modifications necessary to ensure the long-term safe performance of the structure as originally intended.

f. Modifications to meet current acceptable risk guidelines per ER 1110–2–1156 may include, modification of the existing stilling basin, modification of other dam components, construction of an alternative/auxiliary stilling basin, construction of an alternative/auxiliary spillway and non-structural measures or other actions to prevent overtopping. The No Action alternative will also be considered. As required by NEPA and Corps of Engineers planning guidance, the No Action alternative will form a benchmark from which alternatives are evaluated and compared.

3. *Public Participation:* a. The Corps of Engineers will conduct a public scoping meeting on December 5, 2013 to gain input from interested agencies, organizations, and the general public concerning the content of the supplemental EIS, issues and impacts to be addressed in the supplemental EIS, and alternatives that should be analyzed. The meeting will be held from 6:00 p.m. to 9:00 p.m. at the Summers County Memorial Building, 97 Park Avenue, Hinton, WV 25951.

b. The Corps invites full public participation to promote open communication and better decision-making. All persons and organizations that have an interest in the Bluestone Dam Project are urged to participate in this NEPA evaluation process. Assistance will be provided upon request to anyone having difficulty with learning how to participate.

c. Public comments are welcomed anytime throughout the NEPA process. Formal opportunities for public participation include: (1) Public meeting/s to be held near the community of Hinton; (2) Anytime during the NEPA process via mail, telephone or email; (3) During Review and Comment on the Draft EIS; and (4) Review of the Final EIS. Schedules and locations will be announced in local news media. Interested parties should submit contact information to be included on the mailing list for public distribution of meeting announcements and documents (See **ADDRESSES**).

4. *Schedule:* The Draft Supplemental Environmental Impact Statement is tentatively scheduled to be released for public review and comment in June 2015. The Final Report and Final EIS are tentatively scheduled to be completed in October 2015.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 3720–58–P

DEPARTMENT OF DEFENSE

Department of the Navy

Meeting of the U.S. Naval Academy Board of Visitors

AGENCY: Department of the Navy, DoD.

ACTION: Notice of Partially Closed Meeting.

SUMMARY: The U.S. Naval Academy Board of Visitors will meet to make such inquiry, as the Board shall deem necessary, into the state of morale and discipline, the curriculum, instruction, physical equipment, fiscal affairs, and academic methods of the Naval Academy. The executive session of this meeting from 11:00 a.m. to 12:00 p.m. on December 9, 2013, will include discussions of disciplinary matters, law enforcement investigations into allegations of criminal activity, and personnel issues at the Naval Academy, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. For this reason, the executive session of this meeting will be closed to the public.

DATES: The open session of the meeting will be held on December 9, 2013, from 8:30 a.m. to 11:00 a.m. The closed session of this meeting will be the executive session held from 11:00 a.m. to 12:00 p.m.

ADDRESSES: The meeting will be held in Alumni Hall at the United States Naval Academy in Annapolis Maryland. The meeting will be handicap accessible.

FOR FURTHER INFORMATION CONTACT: Lieutenant Commander Matt Cady, USN, Executive Secretary to the Board of Visitors, Office of the Superintendent, U.S. Naval Academy, Annapolis, MD 21402–5000, 410–293–1503.

SUPPLEMENTARY INFORMATION: This notice of meeting is provided per the Federal Advisory Committee Act, as amended (5 U.S.C. App.). The executive session of the meeting from 11:00 a.m. to 12:00 p.m. on December 9, 2013, will consist of discussions of law enforcement investigations into allegations of criminal activity, new and pending administrative/minor disciplinary infractions and nonjudicial punishments involving the Midshipmen attending the Naval Academy to include but not limited to individual honor/conduct violations within the Brigade, and personnel issues. The discussion of such information cannot be adequately segregated from other topics, which precludes opening the executive session of this meeting to the public.

Accordingly, the Secretary of the Navy has determined in writing that the meeting shall be partially closed to the public because the discussions during the executive session from 11:00 a.m. to 12:00 p.m. will be concerned with matters coming under sections 552b(c) (5), (6), and (7) of title 5, United States Code.

Dated: November 19, 2013.

N.A. Hagerty-Ford,

Commander, Office of the Judge Advocate General, U.S. Navy, Federal Register Liaison Officer.
