

whether the fiberglass skin surface is painted or unpainted, contains or does not contain cut-outs for door components, or assembled or unassembled with glass lites in the door.

Fiberglass door panels and sidelites are covered by the investigation whether they are imported attached to, or in conjunction with door components and accessories (including but not limited to door jambs, door handles, locks, hinges, door stoppers, door kicks, door thresholds, door sills, and trim), in a pre-hung door system, or an entry door system. Subject fiberglass door panels and sidelites are covered whether or not they are accompanied by other parts. However, if a subject fiberglass door panel or sidelite is imported in a pre-hung door system or entry door system, only the fiberglass door panel and sidelite, including when assembled with glass lites or when the glass lites are shipped with the subject merchandise for further assembly, are covered by the scope. Door components and accessories (including but not limited to transoms, door jambs, door handles, locks, hinges, door stoppers, door kicks, door thresholds, door sills, and trim) are not included in the scope when imported with a fiberglass door panel or sidelite, including when such components or accessories are assembled to a fiberglass door panel or sidelite, or when imported separately. Subject merchandise may be impact-rated to withstand hurricane force wind loads and may be reinforced with steel sheet or plate. Impact-rated doors may be certified to Testing Application Standards (TAS) 201/202/203–94/and American Society for Testing and Materials (ASTM) E330–02/14/M–14, E1886–05/13a/, or E1996–09/14a.

Subject merchandise may be fire-rated for up to 90 minutes and may contain flame retardant composites, including, but not limited to flame retardant foam or mineral core materials, including but not limited to low density calcium silicate. Fire-rated doors generally satisfy the National Fire Protection Association (NFPA) 252 Standard Methods of Fire Tests of Door Assemblies and UL10(b) and (c)-Standard for Safety-Fire Tests of Door Assemblies.

Subject merchandise also includes fiberglass door panels and sidelites that have been processed in a third country, including but not limited to one or more of the following: filling with insulation foam, trimming, cutting, notching, punching, drilling, painting, finishing, assembly, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope product. The inclusion of other parts, such as door components and accessories (including but not limited to door jambs, door handles, locks, hinges, door stoppers, door kicks, door thresholds, door sills, and trim) in a third country does not remove the fiberglass door panels and sidelites from the scope.

Excluded from the scope of this investigation are all products covered by the scope of the antidumping duty and countervailing duty orders on wood mouldings and millwork products from China. *See Wood Mouldings and Millwork Products from the People's Republic of China: Amended Final Antidumping Duty*

*Determination and Antidumping Duty Order*, 86 FR 9486 (February 16, 2021); and *Wood Mouldings and Millwork Products from the People's Republic of China: Countervailing Duty Order*, 86 FR 9484 (February 16, 2021).

Excluded from the scope of this investigation are all products covered by the scope of the antidumping duty and countervailing duty proceedings on float glass products from China. *See Float Glass Products from the People's Republic of China and Malaysia: Initiation of Less-Than-Fair-Value Investigations*, 90 FR 1435 (January 8, 2025); and *Float Glass Products from the People's Republic of China and Malaysia: Initiation of Countervailing Duty Investigations*, 90 FR 1443 (January 8, 2025).

Imports of subject merchandise are classified under Harmonized Tariff Schedule of the United States (HTSUS) statistical number 3925.20.0010. Subject merchandise may also be classified under 4418.29.4000, 4418.29.8030, 4418.29.8060, or 7019.90.5150. The HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this investigation is dispositive.

#### Slag Pots From the People's Republic of China: Alignment of Final Countervailing Duty Determination With Final Less-Than-Fair-Value Determination

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** Applicable April 15, 2025.

**FOR FURTHER INFORMATION CONTACT:** Samuel Brummitt or T.J. Worthington, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–7851 or (202) 482–4567, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On January 21, 2025, the U.S. Department of Commerce (Commerce) initiated the countervailing duty (CVD) investigation of slag pots from the People's Republic of China (China).<sup>1</sup> Simultaneously, Commerce initiated the less-than-fair-value (LTFV) investigation

of slag pots from China.<sup>2</sup> The CVD investigation and the LTFV investigation cover the same class or kind of merchandise.

#### Alignment With Final LTFV Determination

On April 8, 2025, in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), WHEMCO-Steel Castings, Inc., the petitioner, timely requested an alignment of the final CVD determination with the final LTFV determination of slag pots from China.<sup>3</sup> Therefore, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4)(i), Commerce is aligning the final CVD determination with the final LTFV determination. Consequently, the final CVD determination will be issued on the same date as the final LTFV determination, which is currently scheduled to be issued no later than August 25, 2025, unless postponed.<sup>4</sup>

#### Notification to Interested Parties

This notice is issued and published pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(4)(I).

Dated: April 9, 2025.

**Christopher Abbott,**

*Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.*

#### Glycine From India: Final Results of Antidumping Duty Administrative Review; 2022–2023

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that

<sup>2</sup> See *Slag Pots from the People's Republic of China: Initiation of Less-Than-Fair-Value Investigation*, 90 FR 8276 (January 28, 2025).

<sup>3</sup> See Petitioner's Letter, "Request to Align Final Countervailing Duty Determination with the Companion Antidumping Duty Final Determination," dated April 8, 2025.

<sup>4</sup> Commerce notes that the current deadline for the final LTFV determination is August 24, 2025, which is a Sunday. Commerce's practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

<sup>1</sup> See *Slag Pots from the People's Republic of China: Initiation of Countervailing Duty Investigation*, 90 FR 8267 (January 28, 2025).
