SUPPLEMENTARY INFORMATION:

I. Discussion

The NRC is issuing a revision in the NRC's "Regulatory Guide" series. This series was developed to describe and make available to the public information regarding methods that are acceptable to

the NRC staff for implementing specific parts of the agency's regulations, techniques that the NRC staff uses in evaluating specific issues or postulated events, and data that the NRC staff needs in its review of applications for permits and licenses.

Revision 1 of RG 1.175 was issued with a temporary identification of Draft Regulatory Guide, DG-1286. It addresses new information identified since the previous revision of this guide was issued.

II. Additional Information

The NRC published a notice of the availability of DG-1286 (ADAMS Accession No. ML19240B371), in the **Federal Register** on April 6, 2021 (86 FR 17860), for a 30-day public comment period. The public comment period closed on May 6, 2021. The NRC has not received any comments on DG-1286.

III. Congressional Review Act

This RG is a rule as defined in the Congressional Review Act (5 U.S.C. 801-808). However, the Office of Management and Budget has not found it to be a major rule as defined in the Congressional Review Act.

IV. Backfitting, Forward Fitting, and Issue Finality

Revision 1 of RG 1.175 describes methods acceptable to the NRC staff for developing risk-informed inservice testing and supplements the guidance provided in RG 1.174. Issuance of this RG in final form would not constitute backfitting or forward fitting or affect issue finality as further discussed below.

Issuance of RG 1.175, would not constitute backfitting as defined in Section 50.109 of title 10 of the *Code of Federal Regulations* (10 CFR), "Backfitting," and as described in NRC Management Directive (MD) 8.4, "Management of Backfitting, Forward Fitting, Issue Finality, and Information Requests"; constitute forward fitting as that term is defined and described in MD 8.4; or affect the issue finality of any approval issued under 10 CFR part 52. As explained in RG 1.175, applicants and licensees would not be required to comply with the positions set forth in RG 1.175.

Dated: June 24, 2021.
