

filed by the fifty States, the District of Columbia and the territories of American Samoa, Guam, Puerto Rico, and the U.S. Virgin Islands. 69 FR 14002. HAVA anticipated that States, territories and the District of Columbia would change or update their plans from time to time pursuant to HAVA Section 254(a)(11) through (13). HAVA Sections 254(a)(11)(A) and 255 require EAC to publish such updates. This revision updates sections of the State Plan relating to the purchase and implementation of the HAVA-compliant voting device system and initial implementation of the Military and Overseas Voter Empowerment Act (MOVE Act).

In accordance with HAVA Section 254(a)(12), all the State plans submitted for publication provide information on how the respective State succeeded in carrying out its previous State plan. Oklahoma confirms that its amendments to the State plan were developed and submitted to public comment in accordance with HAVA Sections 254(a)(11), 255, and 256.

Upon the expiration of thirty days from December 20, 2013, the State is eligible to implement the changes addressed in the plan that is published herein, in accordance with HAVA Section 254(a)(11)(C). EAC wishes to acknowledge the effort that went into revising this State plan and encourages further public comment, in writing, to the State election official listed below.

Chief State Election Official

Paul Ziriach, Secretary, Oklahoma State Election Board (405) 521-2391, Fax: (405) 521-6457 Email: info@elections.ok.gov.

Thank you for your interest in improving the voting process in America.

Dated: November 26, 2013.

Alice Miller,

Chief Operating Officer & Acting Executive Director, U.S. Election Assistance Commission.

SUPPLEMENTARY INFORMATION:

Title: FERC-555, Records Retention Requirements.

OMB Control No.: 1902-0098.

Type of Request: Three-year extension of the FERC-555 information collection requirements with no changes to the current reporting requirements.

Abstract: The Commission collects the information under the requirements of FERC-555 (Records Retention Requirements) to carry out its responsibilities in implementing the statutory provisions of Sections 301, 304 and 309 of the Federal Power Act (FPA),¹ Sections 8, 10 and 16 of the

¹ 16 U.S.C. 825, 825c and 825h.

Natural Gas Act (NGA),² and Section 20 of the Interstate Commerce Act (ICA).³

The regulations for preservation of records establish retention periods, necessary guidelines, and requirements for retention of applicable records. These requirements apply to the regulated public utilities, natural gas and oil pipeline companies subject to the Commission's jurisdiction. Regulated entities use these records as the basis for required rate filings and reports to the Commission. Additionally, the Commission's audit staff will use the records during compliance reviews. The Commission's enforcement staff will also use the information during investigations. Finally, the Commission will use the records for special analyses when necessary.

On January 8, 1999 the Commission issued AI99-2-000, an Accounting Issuance providing guidance on records storage media. More specifically, the Commission gave each jurisdictional company the flexibility to select its own storage media. The storage media selected must have a life expectancy equal to the applicable record period unless the quality of the data transferred from one media to another with no loss of data would exceed the record period.

On January 27, 2000, the Commission issued a final rule amending its records retention regulations for public utilities and licensees as well as natural gas and oil pipeline companies. These changes included revising the general instructions, and shortening various records retention periods. The objective of the final rule was to reduce or

eliminate burdensome and unnecessary regulatory requirements.

The Commission is not making any additional changes to the record retention requirements specified under FERC-555. The Commission implements these filing requirements in the Code of Federal Regulations (CFR) under 18 CFR Parts 125, 225, and 356.

Type of Respondents: Public utilities, natural gas companies, and oil companies.

*Estimate of Annual Burden:*⁴ In 2010 Commission staff surveyed a small number of FERC-555 respondents in order to improve the burden estimates. We are using the same methodology here as in 2010. However, we are updating the figures due to current cost information and differences in the total number of respondents.

FERC-555—PRESERVATION OF RECORDS FOR PUBLIC UTILITIES AND LICENSES, NATURAL GAS AND OIL PIPELINE COMPANIES

| Number of respondents (A) | Number of responses per respondent (B) | Total number of responses (A) × (B) = (C) | Average burden hours per response (D) | Estimated total annual burden (C) × (D) |
|------------------------------|---|--|--|--|
| 509 | 1 | 509 | 5,218 | 2,655,962 |

The total estimated annual cost burden to respondents is \$154,949,271, which includes \$78,242,971 for non-labor record storage costs and \$76,706,300 for employee costs. The average cost per respondent is \$304,419, which includes \$153,719 for non-labor record storage costs and \$150,700 for employee costs. All of these cost figures are based on staff analysis of the data we received in 2010.

Comments: Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: December 16, 2013.

Kimberly D. Bose,

Secretary.
