

**DEPARTMENT OF HEALTH AND HUMAN SERVICES****Food and Drug Administration****21 CFR Part 500**

[Docket No. 01N-0284]

**Import Tolerances; Extension of Comment Period; Correction**

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Advance notice of proposed rulemaking; extension of comment period; correction.

**SUMMARY:** The Food and Drug Administration (FDA) is correcting an extension of comment period for an advance notice of proposed rulemaking (ANPRM) that appeared in the **Federal Register** of December 7, 2001 (66 FR 63519). The document gave notice that FDA is extending the comment period for the ANPRM that appeared in the **Federal Register** of August 10, 2001 (66 FR 42167), concerning regulation for establishing import drug residue tolerances for imported food products of animal origin for drugs that are used in other countries, but that are unapproved new animal drugs in the United States. The document was published with an inadvertent error. This document corrects that error.

**DATES:** The extension of the comment period to March 11, 2002, and this correction were effective on December 7, 2001.

**FOR FURTHER INFORMATION CONTACT:** Doris B. Tucker, Office of Policy, Planning, and Legislation (HF-27), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-7010.

**SUPPLEMENTARY INFORMATION:** In FR Doc. 01-30331, appearing on page 63519 in the **Federal Register** of December 7, 2001, the following correction is made:

1. On page 63519, in the second column under the heading **ADDRESSES**, the mail code for the Dockets Management Branch is corrected to read "HFA-305."

Dated: December 19, 2001.

**Margaret M. Dotzel,**  
*Associate Commissioner for Policy.*

**Approval and Promulgation of State Plans for Designated Facilities and Pollutants: Negative Declarations; Municipal Waste Combustion; Arizona; California; Hawaii; Nevada**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve the small Municipal Waste Combustion (MWC) units section 111(d) plan negative declarations submitted by the States of Arizona, California, Hawaii, and Nevada. These negative declarations certify that small MWC units subject to the requirements of sections 111(d) and 129 of the Clean Air Act do not exist in these States.

In the Rules section of this **Federal Register**, EPA is approving each State's negative declaration as a direct final rule without prior proposal because the Agency views this as noncontroversial and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rulemaking based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments must be received in writing by January 28, 2002.

**ADDRESSES:** Written comments should be addressed to Andrew Steckel, U.S. Environmental Protection Agency, Region IX, Rulemaking Office (AIR-4), Air Division, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the documents relevant to this proposed rule are available for public inspection at EPA's Region IX office during normal business hours.

**FOR FURTHER INFORMATION CONTACT:** Mae Wang, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street (AIR-4), San Francisco, CA 94105-3901, Telephone: (415) 947-4124.

**SUPPLEMENTARY INFORMATION:** See the information provided in the direct final action which is located in the Rules section of this **Federal Register**.

**Authority:** 42 U.S.C. 7401 et seq.

**Dated:** December 6, 2001.

**Wayne Nastri,**

*Regional Administrator, Region IX.*

**Project XL Site-Specific Rulemaking for Implementing Waste Treatment Systems at Two Virginia Landfills**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing a site-specific rule to implement a project under the Project XL program, an EPA initiative which encourages regulated entities to achieve better environmental results at decreased costs at their facilities. Today's proposal would provide regulatory flexibility under the Resource Conservation and Recovery Act (RCRA), as amended, at two Virginia landfills: The Maplewood Recycling and Waste Disposal Facility, located in Amelia County, Virginia (Maplewood Landfill); and the King George County Landfill and Recycling Facility, located in King George County, Virginia (King George Landfill). The Maplewood Landfill is owned and operated by USA Waste of Virginia, Inc., and the King George Landfill is owned by King George County and operated by King George Landfills, Inc. USA Waste of Virginia, Inc. and King George Landfills, Inc. are both subsidiaries of Waste Management, Inc., and will be referred to collectively as "Waste Management." Maplewood Landfill and King George Landfill, both of which are municipal solid waste landfills (MSWLFs), will be referred to collectively as the "Virginia Project XL Landfills".

On September 29, 2000, EPA, USA Waste of Virginia, Inc., and King George Landfills, Inc., signed the Final Project Agreement (FPA) for this project, which would allow the addition of liquids to the landfills. This addition of liquids is expected to accelerate the biodegradation of landfill waste, decrease the time it takes for the waste to reach stabilization in the landfill, facilitate the management of leachate and other liquid wastes, and promote
