

operations. See 29 CFR 530.101. Consistent with FLSA sections 11(d) and 14(c), the Wage and Hour Division (WHD) of DOL regulates the employment of industrial homeworkers and workers with disabilities covered by special certificates and governs the application and approval process for obtaining the certificates.

The FLSA also requires that the Secretary of Labor, to the extent necessary to prevent curtailment of employment opportunities, provide certificates authorizing the employment of full-time students at not less than 85 percent of the applicable minimum wage or less than \$1.60, whichever is higher, in (1) retail or service establishments and agriculture (29 U.S.C. 214(b)(1); 29 CFR 519.1(a)); and (2) institutions of higher education (29 U.S.C. 214(b)(3); 29 CFR 519.11(a)). The FLSA and the regulations set forth the application requirements as well as the terms and conditions for the employment of full-time students at subminimum wages under certificates and temporary authorization to employ such students at subminimum wages. The subminimum wage programs are designed to increase employment opportunities for full-time students. Regulations issued by the U.S. Department of Labor (DOL), Bureau of Apprenticeship and Training (BAT) no longer permit the payment of subminimum wages to apprentices in an approved program. 29 CFR 29.5(b)(5). The DOL, thus, has issued no apprentice certificates since 1987; however, the WHD must maintain the information collection in order for the agency to fulfill its statutory obligation under FLSA to maintain this program. In order to improve the management of its information collections, the DOL is proposing to consolidate the information collections related to special employment under the FLSA into a single OMB control number, 1235-0001. A list of the current control numbers appears near the end of this Notice.

II. *Review Focus:* The DOL is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:* The DOL seeks approval for the extension of this information collection in order to ensure effective administration of various special employment programs.

*Type of Review:* Extension.

*Agency:* Wage and Hour Division.

*Title:* Special Employment Under the Fair Labor Standards Act.

*OMB Numbers:* 1235-0001, 1235-0019, 1235-0020, 1235-0022.

*Agency Numbers:* Forms WH-2, WH-46, WH-75, WH-200, WH-201, WH-202, WH-205, WH-209, WH-226, WH-226a.

*Affected Public:* Businesses or other for-profits and non-profits.

*Respondents:* 308,055.

*Total Annual Responses:* 308,055.

*Estimated Total Burden Hours:* 614,688.

*Estimated Time per Response:* 30 to 60 minutes.

*Frequency:* On occasion.

*Total Burden Costs (capital/startup):* \$0.

*Total Burden Costs (operation/maintenance):* \$1,957.08.

Dated: May 27, 2010.

## **NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**

**[Notice (10-062)]**

### **Notice of Intent To Grant Partially Exclusive License**

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of intent to grant partially exclusive license.

**SUMMARY:** This notice is issued in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i). NASA hereby gives notice of its intent to grant a partially exclusive license in the United States to practice the inventions described and claimed in U.S. Patent No. 6,918,970 "High Strength

Aluminum Alloy for High Temperature Applications" and Foreign Patent Application Serial No. PCT/US/03/10372 "High Strength Aluminum Alloy for High Temperature Applications" to Twin City Fan Companies Ltd, having its principal place of business in Minneapolis, MN. The patent rights in this invention have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. NASA has not yet made a determination to grant the requested license and may deny the requested license even if no objections are submitted within the comment period.

**DATES:** The prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NASA receives written objections including evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. Competing applications completed and received by NASA within fifteen (15) days of the date of this published notice will also be treated as objections to the grant of the contemplated exclusive license.

Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

**ADDRESSES:** Objections relating to the prospective license may be submitted to Mr. James J. McGroary, Chief Patent Counsel/LS01, Marshall Space Flight Center, Huntsville, AL 35812, (256) 544-0013.

### **FOR FURTHER INFORMATION CONTACT:**

Sammy A. Nabors, Technology Transfer Program Office/ED10, Marshall Space Flight Center, Huntsville, AL 35812, (256) 544-5226. Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov>.

Dated: May 26, 2010.
