SUPPLEMENTARY INFORMATION:

I. Background

On December 22, 2006, the President signed into law DSNDCPA (Public Law 109-462, 120 Stat. 3469). This law amends the Federal Food, Drug, and Cosmetic Act (the act) with respect to serious adverse event reporting for dietary supplements and nonprescription drugs marketed without an approved application. The law also amended the act to add section 403(y) (21 U.S.C. 343(y)), which requires the label of a dietary supplement marketed in the United States to include a domestic address or domestic telephone number through which the product's manufacturer, packer, or distributor may receive a report of a serious adverse event associated with the dietary supplement.

In the **Federal Register** of January 2, 2008 (73 FR 197), FDA announced the availability of a draft guidance entitled "Questions and Answers Regarding the Labeling of Dietary Supplements as Required by the Dietary Supplement and Nonprescription Drug Consumer Protection Act." In addition to providing guidance for industry on how to comply with the labeling requirements in section 403(y) of the act, the draft guidance stated that FDA intended to begin enforcing the requirements of section 403(y) for dietary supplements labeled on or after January 1, 2009. Although interested parties can comment on any guidance at any time, to ensure that the agency would have the opportunity to consider comments on the draft guidance before it began work on the final version, FDA requested that interested parties submit comments by March 3, 2008. On December 11, 2008 (73 FR 75438), FDA announced the availability of a revised version of the draft guidance document to notify the dietary supplement industry and other members of the public that it intended to exercise enforcement discretion with regard to the labeling requirements of section 403(y) of the act for an additional 1-year period (i.e., for dietary supplements labeled before January 1, 2010) because the agency was still in the process of reviewing the comments and finalizing the guidance. The agency has now completed its review and evaluation of the comments received and has modified the guidance where appropriate.

The guidance contains questions and answers relating to the labeling requirements in section 403(y) of the act and provides guidance to industry on the following topics: (1) The meaning of "domestic address" for purposes of the
