

statistical studies of current and former inmates. . .”

To implement the Act, BJS developed the National Prison Rape Statistics Program (NPRS), which includes four separate data collection efforts: the Survey on Sexual Violence (SSV), the National Inmate Survey (NIS), the National Survey of Youth in Custody (NSYC), and the National Former Prisoner Survey (NFPS). The NIS collects information on sexual victimization self-reported by inmates held in adult correctional facilities, both prisons and jails. The NIS has been conducted three times, in 2007 (NIS-1), in 2008–09 (NIS-2), and in 2011–12 (NIS-3). Each iteration of NIS was conducted in at least one facility in all 50 states and the District of Columbia. In each iteration of the survey, inmates completed the survey using an audio computer-assisted self-interview (ACASI), whereby they heard questions and instructions via headphones and responded to the survey items via a touch-screen interface.

The collection requested in this notice is the fourth iteration of the National Inmate Survey. For NIS-4, administration of the survey in prisons will take place separately from survey administration in jails. This collection request is specific to conducting the survey in adult prison facilities.

BJS submitted this collection for approval in 2020 in anticipation of fielding the survey in 2021. The survey was delayed due to COVID-19 and fielding is now set to begin in 2023. The collection is slightly modified from the version approved in 2020.

The main difference is a series of edits to items related to sexual orientation and gender identity based on latest recommendations from the National Institute of Health. In addition, revisions have been made to reflect the possibility that a transgender man could be housed in a women’s prison or that a transgender woman could be housed in a men’s prison. In previous rounds of the NIS, respondents were routed through the survey assuming that prisons housed inmates based on anatomy rather than gender identity. We have revised our questions to make sure they are appropriate for all inmates living in a sampled facility. A module on parental involvement has been removed from the survey.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* Prior to data collection commencing in 2023, BJS will coordinate the logistics of NIS-4 survey administration with staff at federal and state correctional facilities. It is

estimated that 241 facility respondents will devote 150 minutes of time to this coordination effort. During data collection in 2023, an estimated 75,674 federal and state prison inmates will be interviewed, with the average interview lasting an estimated 35 minutes.

6. *An estimate of the total public burden (in hours) associated with the collection:* The total estimated NIS-4 in Prisons public burden, inclusive of facility staff and respondent burden estimates and assuming a 100% response rate, is 77,288 hours. This comprises 19,522 hours of facility staff burden (coordinating the administration, completing the facility questionnaire, and escorting inmates to and from the interviews) and 57,766 hours of respondent interviewing burden. The third iteration of NIS had around a 65% response rate, so the true burden will likely be much lower.

*If additional information is required contact:* Robert Houser, Department Clearance Officer, Policy and Planning Staff, Justice Management Division, United States Department of Justice, Two Constitution Square, 145 N Street NE, 3E.206, Washington, DC 20530.

Dated: November 8, 2022.

## **NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES**

### **Institute of Museum and Library Services**

#### **Notice of Proposed Information Collection Requests: National Museum Survey Pilot**

**AGENCY:** Institute of Museum and Library Services, National Foundation on the Arts and the Humanities.

**ACTION:** Notice, request for comments, collection of information.

**SUMMARY:** The Institute of Museum and Library Services (IMLS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act. This pre-clearance consultation program helps to ensure that requested data can be provided in

the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The purpose of this Notice is to announce its plan to request approval for a pilot *National Museum Survey* (NMS). A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this Notice.

**DATES:** Written comments must be submitted to the office listed in the addressee section below on or before January 14, 2023.

**ADDRESSES:** Send comments to Connie Bodner, Ph.D., Director of Grants Policy and Management, Office of Grants Policy and Management, Institute of Museum and Library Services, 955 L’Enfant Plaza North SW, Suite 4000, Washington, DC 20024–2135. Dr. Bodner can be reached by telephone: 202–653–4636, or by email at [cbodner@imls.gov](mailto:cbodner@imls.gov). Office hours are from 8:30 a.m. to 5 p.m., E.T., Monday through Friday, except Federal holidays. Persons who are deaf or hard of hearing (TTY users) can contact IMLS at 202–207–7858 via 711 for TTY-Based Telecommunications Relay Service.

**FOR FURTHER INFORMATION CONTACT:** Jake Soffronoff, Survey Methodologist, Office of Research and Evaluation, Institute of Museum and Library Services, 955 L’Enfant Plaza North SW, Suite 4000, Washington, DC 20024–2135. Mr. Soffronoff can be reached by telephone at 202–653–4648, or by email at [jsoffronoff@imls.gov](mailto:jsoffronoff@imls.gov). Persons who are deaf or hard of hearing (TTY users) can contact IMLS at 202–207–7858 via 711 for TTY-Based Telecommunications Relay Service.

**SUPPLEMENTARY INFORMATION:** IMLS is particularly interested in public comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological

collection techniques, or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

## I. Background

The Institute of Museum and Library Services is the primary source of Federal support for the Nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grantmaking, research, and policy development. To learn more, visit [www.ims.gov](http://www.ims.gov).

## II. Current Actions

The United States boasts a diverse array of museums of different sizes including history, art, and science and technology museums, as well as children's museums, zoos, aquariums, nature centers, public gardens, historic houses, academic museums and galleries, and specialized museums. Together, they steward living and non-living collections and, through their programs and services, contribute to the cultural health, economic vitality, and social well-being of the communities they serve. In a data-driven world, a regular sector-wide data-gathering effort is needed to document the reach of the museum sector and the services it provides.

IMLS is exercising its authority under 20 U.S.C. 9108 to design a new survey that fills this need: the National Museum Survey. The NMS will be a voluntary survey that aims to capture the scope and scale of museums' presence and reach within the United States over time. The survey will collect foundational, high-level data directly from museums to inform policymakers, the museum field, and the public about the social, cultural, educational, and economic roles that the nation's diverse museums play in American society.

*Agency:* Institute of Museum and Library Services.

*Title:* National Museum Survey Pilot.

*OMB Control Number:* 3137-NEW.

*Agency Number:* 3137.

*Respondents/Affected Public:*

Museum senior administrators.

*Total Estimated Number of Annual Respondents:* 800.

*Frequency of Response:* Once per request.

*Average Minutes/Hours per Response:* 2 hours.

*Total Estimated Number of Annual Burden Hours:* 1,600 hours.

*Cost Burden (dollars):* To be determined.

*Public Comments Invited:* Comments submitted in response to this Notice will be summarized and/or included in the request for OMB's clearance of this information collection.

Dated: November 9, 2022.

## NATIONAL SCIENCE FOUNDATION

### Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

**AGENCY:** National Science Foundation.

**ACTION:** Notice of permit applications received.

**SUMMARY:** The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of permit applications received.

**DATES:** Interested parties are invited to submit written data, comments, or views with respect to this permit application by December 15, 2022. This application may be inspected by interested parties at the Permit Office, address below.

**ADDRESSES:** Comments should be addressed to Permit Office, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314 or [ACApermits@nsf.gov](mailto:ACApermits@nsf.gov).

**FOR FURTHER INFORMATION CONTACT:** Andrew Titmus, ACA Permit Officer, at the above address, 703-292-4479.

**SUPPLEMENTARY INFORMATION:** The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541, 45 CFR 670, as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas as requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

### Application Details

#### 1. Applicant Permit

*Application:* 2023-019

George Papagapitos, Swan Hellenic, Fort Lauderdale, FL 33316.

### Activity for Which Permit is Requested

Waste Management. The applicant seeks an Antarctic Conservation Permit for waste management activities associated with use of remotely piloted aircrafts (RPAs) in Antarctica. Aircrafts will be launched from land or by boat and will be used for commercial, marketing, or educational purposes only. RPAs will not be flown over any concentrations of wildlife, Antarctic Specially Protected or Managed Areas or Historic Sites and Monuments without appropriate authorization. Aircraft are only to be flown by experienced, pre-approved pilots in fair weather conditions and in the presence of an observer, who will always maintain visual line of sight with the aircraft during operation. Measures are in place to prevent loss of the aircraft.

### Location

Antarctic Peninsula region, Ross Sea region.

### Dates of Permitted Activities

November 1, 2022–March 31, 2023.

**Erika N. Davis,**

*Program Specialist, Office of Polar Programs.*

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50-320-LA-2; ASLBP No. 23-977-02-LA-BD01]

### TMI-2 Solutions, LLC; Establishment of Atomic Safety and Licensing Board

Pursuant to the Commission's regulations, *see, e.g.*, 10 CFR 2.104, 2.105, 2.300, 2.309, 2.313, 2.318, 2.321, notice is hereby given that an Atomic Safety and Licensing Board (Board) is being established to preside over the following proceeding:

#### TMI-2 SOLUTIONS, LLC (Three Mile Island Nuclear Station, Unit 2)

TMI-2 Solutions, LLC seeks to amend the license and associated technical specifications for Three Mile Island Nuclear Station, Unit 2 to support the facility's transition from post defueled monitoring storage to decommissioning. In response to a notice filed in the **Federal Register**, *see* 87 FR 51,454 (Aug. 22, 2022), Eric Epstein filed a hearing request on November 3, 2022.

The Board is comprised of the following Administrative Judges:

E. Roy Hawken, Chairman, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.
