

annual capital costs for all unregistered money market funds of \$1.98 million.³³

Commission staff further estimates that, even absent the requirements of rule 2a-7, money market funds would spend at least half of the amounts described above for record preservation (\$2.0 million) and for capital costs (\$0.99 million). Commission staff concludes that the aggregate annual costs of compliance with the rule are \$2.0 million for record preservation and \$0.99 million for capital costs.

The collections of information required for unregistered money market funds by rule 12d1-1 are necessary in order for acquiring funds to be able to obtain the benefits described above. Notices to the Commission will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Extension:

Form 13F, SEC File No. 270-22, OMB
Control No. 3235-0006.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Section 13(f) ¹ of the Securities Exchange Act of 1934 ² (the "Exchange Act") empowers the Commission to: (1) Adopt rules that create a reporting and disclosure system to collect specific information; and (2) disseminate such information to the public. Rule 13f-1 ³ under the Exchange Act requires institutional investment managers that exercise investment discretion over accounts that have in the aggregate a fair market value of at least \$100,000,000 of certain U.S. exchange-traded equity securities, as set forth in rule 13f-1(c), to file quarterly reports with the Commission on Form 13F.⁴

The information collection requirements apply to institutional investment managers that meet the \$100 million reporting threshold. Section 13(f)(6) of the Exchange Act defines an "institutional investment manager" as any person, other than a natural person, investing in or buying and selling securities for its own account, and any person exercising investment discretion with respect to the account of any other person. Rule 13f-1(b) under the Exchange Act defines "investment discretion" for purposes of Form 13F reporting.

The reporting system required by Section 13(f) of the Exchange Act is intended, among other things, to create in the Commission a central repository of historical and current data about the investment activities of institutional investment managers, and to improve the body of factual data available to regulators and the public.

The Commission staff estimates that 4,286 respondents make approximately 17,144 responses under the rule each year. The staff estimates that on average, Form 13F filers spend 98.8 hours/year to prepare and submit the report. In addition, the staff estimates that 171

respondents file approximately 684 amendments each year. The staff estimates that on average, Form 13F filers spend 4 hours/year to prepare and submit amendments to Form 13F. The total annual burden of the rule's requirements for all respondents therefore is estimated to be 424,141 hours ((4,286 filers × 98.8 hours) + (171 filers × 4 hours)).

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act. The estimate is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collections of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burdens of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Thomas Bayer, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 6432 General Green Way, Alexandria, VA 22312; or send an email to: PRA_Mailbox@sec.gov.

Rule 35d-1; SEC File No. 270-491; OMB

² 15 U.S.C. 78a et seq.

⁴ 17 CFR 249.325.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 35d-1 (17 CFR 270.35d-1) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) defines as "materially deceptive and misleading" for purposes of Section 35(d), among other things, a name suggesting that a registered investment company or series thereof (a "fund") focuses its investments in a particular type of investment or investments, in investments in a particular industry or group of industries, or in investments in a particular country or geographic region, unless, among other things, the fund adopts a certain investment policy. Rule 35d-1 further requires either that the investment policy is fundamental or that the fund has adopted a policy to provide its shareholders with at least 60 days prior notice of any change in the investment policy ("notice to shareholders"). The rule's notice to shareholders provision is intended to ensure that when shareholders purchase shares in a fund based, at least in part, on its name, and with the expectation that it will follow the investment policy suggested by that name, they will have sufficient time to decide whether to redeem their shares in the event that the fund decides to pursue a different investment policy.

The Commission estimates that there are approximately 8,800 open-end and closed-end funds that have names that are covered by the rule. The Commission estimates that of these 8,800 funds, approximately 29 will provide prior notice to shareholders pursuant to a policy adopted in accordance with this rule per year. The Commission estimates that the annual burden associated with the notice to shareholders requirement of the rule is 20 hours per response, for an annual total of 580 hours per year.

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. The collection of information under rule 35d-1 is mandatory. The information provided under rule 35d-1 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of

information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Extension:

Rule 17g-1; SEC File No. 270-208; OMB Control No. 3235-0213.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 17g-1 (17 CFR 270.17g-1) under the Investment Company Act of 1940 (the "Act") (15 U.S.C. 80a-17(g)) governs the fidelity bonding of officers and employees of registered management investment companies ("funds") and their advisers. Rule 17g-1 requires, in part, the following:

Independent Directors' Approval

The form and amount of the fidelity bond must be approved by a majority of the fund's independent directors at least once annually, and the amount of any premium paid by the fund for any "joint insured bond," covering multiple funds or certain affiliates, must be approved by a majority of the fund's independent directors.

Terms and Provisions of the Bond

The amount of the bond may not be less than the minimum amounts of coverage set forth in a schedule based on the fund's gross assets; the bond must provide that it shall not be cancelled, terminated, or modified except upon 60-days written notice to the affected party and to the Commission; in the case of a joint insured bond, 60-days written notice must also be given to each fund covered by the bond; a joint insured bond must provide that the fidelity insurance company will provide all funds covered by the bond with a copy of the agreement, a copy of any claim on the bond, and notification of the terms of the settlement of any claim prior to execution of that settlement; and a fund that is insured by a joint bond must enter into an agreement with all other parties insured by the joint bond regarding recovery under the bond.

Filings With the Commission

Upon the execution of a fidelity bond or any amendment thereto, a fund must file with the Commission within 10 days a copy of the executed bond or any amendment to the bond, the independent directors' resolution approving the bond, and a statement as to the period for which premiums have been paid on the bond. In the case of a joint insured bond, a fund must also file (i) a statement showing the amount the fund would have been required to maintain under the rule if it were insured under a single insured bond and (ii) the agreement between the fund and all other insured parties regarding recovery under the bond. A fund must also notify the Commission in writing within five days of any claim or settlement on a claim under the fidelity bond.

Notices to Directors

A fund must notify by registered mail each member of its board of directors of (i) any cancellation, termination, or modification of the fidelity bond at least 45 days prior to the effective date, and (ii) the filing or settlement of any claim under the fidelity bond when notification is filed with the Commission.
