6. Offer alternative ways to improve the proposed rule or collection activity.
7. Make sure to submit your comments by the deadline in this document.

VI. What is the Agency's Authority for Taking this Action?

Section 5(h)(1) of TSCA and 40 CFR 720.38 authorizes EPA to exempt persons from premanufacture notification (PMN) requirements (under TSCA section 5(a)(1)(A) and 40 CFR Part 720) and permit them to manufacture or import new chemical substances for test marketing purposes, if the Agency finds that the manufacture, processing, distribution in commerce, use, and disposal of the substances for test marketing purposes will not present an unreasonable risk of injury to health or the environment. EPA may impose restrictions on test marketing activities and may modify or revoke a test marketing exemption upon receipt of new information which casts significant doubt on its finding that the test marketing activity will not present an unreasonable risk of injury.

VII. What Action is the Agency Taking?

EPA has approved the above-referenced TMEs. EPA has determined that test marketing the new chemical substances, under the conditions set out in the TME applications and in this

notice, will not present any unreasonable risk of injury to health or the environment.

VIII. What Restrictions Apply to these TMEs?

The test market time period, production volume, number of customers, and use must not exceed specifications in the applications and this notice. All other conditions and restrictions described in the applications and in this notice must also be met.

TME-02-01, TME-02-02, AND TME-02-03
Date of Receipt: October 12, 2001.

Notice of Receipt: December 7, 2001 (66 FR 63537), (FRL-6815-6).

Applicant: Westvaco.

Chemical: TME-02-01: Butyl acrylate, polymer with styrene and methylamino chloride compounds, acetic acid salt.

TME-02-02: Butyl acrylate, polymer with styrene and methylamino chloride compounds, lactic acid salt.

TME-02-03: Butyl acrylate, polymer with styrene and methylamino chloride compounds, nitric acid salt.

Use: Binding agent in paper coatings.

Production Volume: Confidential.

Number of Customers: Eight.

Test Marketing Period: 365 days, commencing on first day of commercial manufacture of any of these three TMEs.

The following additional restrictions apply to these TMEs. A bill of lading accompanying each shipment must state that the use of these substances are restricted to that approved in the TMEs. In addition, the applicant shall maintain the following records until 5 years after the date they are created, and shall make them available for inspection or copying in accordance with section 11 of TSCA:

1. Records of the quantity of each TME substance produced and the date of manufacture.

2. Records of dates of the shipments to each customer and the quantities supplied in each shipment.

3. Copies of the bill of lading that accompanies each shipment of the TME substances.

IX. What was EPA's Risk Assessment for these TMEs?

EPA identified concerns for potential lung toxicity to workers and environmental toxicity to aquatic organisms. However, these concerns were adequately mitigated because of expected low exposures to workers, lack of releases to surface water, and reduction of aquatic toxicity in the presence of total organic carbon. Therefore, EPA has determined that these test marketing activities will not present an unreasonable risk of injury to human health or the environment.

X. Can EPA Change Its Decision on these TMEs in the Future?

Yes. The Agency reserves the right to rescind approval or modify the conditions and restrictions of an exemption should any new information that comes to its attention cast significant doubt on its finding that the test marketing activities will not present any unreasonable risk of injury to human health or the environment.

EXPORT-IMPORT BANK

[Public Notice 48]

Agency Information Collection Activities; Submission for OMB Review; Comment Request

AGENCY: Export-Import Bank of the United States (Ex-Im Bank).

ACTION: Notice and request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995, the Export-Import Bank of the United States is submitting to the Office of Management and Budget (OMB) a request to review and approve a revised exporter and banker survey. The purpose of the survey is to fulfill a statutory mandate (the Export-Import Bank Act of 1945, as amended, 12 U.S.C. 635) which directs Ex-Im Bank to report annually to the U.S. Congress any action taken toward providing export credit programs that are competitive with those offered by official foreign export credit agencies. The Act further stipulates that the annual report on competitiveness should include the results of a survey of U.S. exporters and U.S. commercial lending institutions which provide export credit to determine their experience in meeting financial competition from other countries whose exporters compete with U.S. exporters.

Accordingly, Ex-Im Bank is requesting that the proposed survey (EIB No. 00-02) be sent to approximately 50 respondents, split equally between bankers and exporters. The revised survey is similar to the previous survey,

as it asks bankers and exporters to evaluate the competitiveness of Ex-Im Bank's programs vis-à-vis foreign export credit agencies. However, it has been modified in order to account for newer policies and to capture enough information to provide a better analysis of our competitiveness. In addition, the survey will be administered electronically via email, with recipients encouraged to respond electronically as well.

DATES: Written comments should be received on or before January 18, 2002.

ADDRESSES: Direct all written comments or requests for additional information to David Rostker, Office of Management and Budget, Information and Regulatory Affairs, Room 10102, New Executive Office Building, Washington, D.C. 20503, (202) 395-3897.

FOR FURTHER INFORMATION CONTACT:

Carlita D. Robinson, Export-Import Bank of the U.S., 811 Vermont Avenue, NW., Washington, DC 20571 (202) 565-3351.

SUPPLEMENTARY INFORMATION: With respect to the proposed collection of information, Ex-Im Bank invites comments as to:

- Whether the proposed collection of information is necessary for the proper performance of the functions of Ex-Im Bank, including whether the information will have a practical use;
- The accuracy of Ex-Im Bank's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected, and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.
