

I. Information About the Project

The EPA conducted this assessment to determine the significance of Bristol Bay's ecological resources and evaluate the potential impacts of large-scale mining on these resources. The EPA will use the results of this assessment to inform the consideration of options consistent with its role under the Clean Water Act. The assessment is intended to provide a sound scientific and technical foundation for future decision making. The Web site that describes the project is www.epa.gov/bristolbay.

II. Information About the Peer Review Panel

The EPA released the draft assessment for the purposes of public comment and peer review on May 18, 2012. Consistent with guidelines for the peer review of highly influential scientific assessments, EPA asked a contractor (Versar, Inc.) to assemble a panel of experts to evaluate the draft report. Versar, Inc. evaluated the 68 candidates nominated during a previous public comment period (February 24, 2012 to March 16, 2012) and sought other experts to complete this peer review panel. The twelve peer review panel members were made public in EPA's previous FRN, issued on June 5, 2012. The panelist's names are included below, with corrections made to account for errors present in the June 5, 2012 FRN:

Mr. David Atkins, Watershed Environmental, LLC.—Expertise in mining and hydrology.
Mr. Steve Buckley, WHPacific—Expertise in mining and seismology.
Dr. Courtney Carothers, University of Alaska Fairbanks—Expertise in indigenous Alaskan cultures.
Dr. Dennis Dauble, Washington State University—Expertise in fisheries biology and wildlife ecology.
Dr. Gordon Reeves, USDA Pacific NW Research Station—Expertise in fisheries biology and aquatic biology.
Dr. Charles Slaughter, University of Idaho—Expertise in hydrology.
Dr. John Stednick, Colorado State University—Expertise in hydrology and biogeochemistry.
Dr. Roy Stein, Ohio State University—Expertise in fisheries and aquatic biology.
Dr. William Stubblefield, Oregon State University—Expertise in aquatic biology and ecotoxicology.
Dr. Dirk van Zyl, University of British Columbia—Expertise in mining.
Dr. Phyllis Weber Scannell—Expertise in aquatic ecology and ecotoxicology.
Dr. Paul Whitney—Expertise in wildlife ecology and ecotoxicology.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2010-0014; FRL-9351-8]

Notice of Receipt of Requests To Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of the requests, or unless a registrant withdraws its request. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registration has been cancelled only if such sale, distribution, or use is consistent with the terms as described in the final order.

DATES: Comments must be received on or before January 2, 2013.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2010-0014, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.
- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), Mail Code: 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.htm>. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT:

Katie Weyrauch, Pesticide Re-evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 308-0166; email address: weyrauch.katie@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What should I consider as I prepare my comments for EPA?

1. Submitting CBI. Do not submit this information to EPA through regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. Tips for preparing your comments. When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. What action is the Agency taking?

This notice announces receipt by the Agency of requests from registrants to

cancel 344 pesticide products registered under FIFRA section 3 or 24(c). These registrations are listed in sequence by registration number (or company number and 24(c) number) in Tables 1 and 2 of this unit.

Table 2 contains a list of registrations for which companies paying at one of the maintenance fee caps requested cancellation in the FY 2012 maintenance fee billing cycle. Because maintaining these registrations as active

would require no additional fee, the Agency is treating these requests as voluntary cancellations under 6(f)(1).

Unless the Agency determines that there are substantive comments that warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue an order in the **Federal Register** canceling all of the affected registrations.

III. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled. FIFRA further provides that, before

acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary

cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
 2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants in Table 3 of Unit II. have not requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 180-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Upon cancellation of the products identified in Tables 1 and 2 of Unit II., the Agency will allow existing stocks provisions as follows:

A. Registrations Listed in Table I of Unit II

The Agency anticipates allowing registrants to sell and distribute existing stocks of these products for 1 year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.

B. Registrations Listed in Table 2 of Unit II, Except Nos. CA860037, ID060003, OR060017

The effective date of cancellation will be the date of the cancellation order. The Agency anticipates allowing registrants to sell and distribute existing stocks of these products until January 13, 2013, 1 year after the date on which the maintenance fee was due.

Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 2 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.

C. Reg. Nos. CA860037, ID060003, OR060017

The effective date of cancellation of these products is the date of publication of the cancellation order in the **Federal Register**. EPA does not intend to allow the continued sale and distribution of existing stocks of these products after the effective date of this cancellation. There are currently no tolerances in effect for any of the food or feed crops associated with the domestic use of carbofuran products, and there have been none since the 2009 tolerance revocations took effect on December 31, 2009, (May 15, 2009, 74 FR 23046) (FRL-8413-3).

Registration Review; Pesticide Dockets Opened for Review and Comment and Other Actions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has established registration review dockets for the pesticides listed in the table in Unit III.A. With this document, EPA is opening the public comment period for these registration reviews. Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. Registration review

dockets contain information that will assist the public in understanding the types of information and issues that the Agency may consider during the course of registration reviews. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment. This document announces the availability of an amended final work plan for the registration review of the pesticide thifensulfuron methyl; this work plan has been amended to incorporate revisions to the data requirements. EPA is also announcing that the docket opening for the pesticide phosphine was postponed until the fourth quarter of fiscal year 2013 to open in conjunction with other pesticides in the fumigant chemical class. Also, EPA is announcing the termination of the registration review case for the pesticide tanol derivatives (furanones). The Agency concluded that at concentrations below 0.1%, the tanol derivatives do not function as pesticidal active ingredients. As a result, the furanones were redesignated from active ingredients to inert ingredients in the remaining two product labels which contain furanones. Based on the redesignation of the tanol derivatives, and the absence of any currently registered pesticides with the furanones as an active ingredient, the Agency has concluded the registration review of case 3138.

DATES: Comments must be received on or before August 19, 2012.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2012-0383 by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), Mail Code: 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.
