

by Goodluck.⁵ On remand, and under respectful protest, Commerce issued its final results of redetermination in accordance with the Court's order.⁶ In calculating an AD margin for Goodluck, Commerce relied on the corrections provided by Goodluck. On April 30, 2020, the CIT sustained Commerce's Final Remand Redetermination.⁷

Timken Notice

In its decision in *Timken*,⁸ as clarified by *Diamond Sawblades*,⁹ the Court of Appeals for the Federal Circuit (CAFC) held that, pursuant to section 516A of the Tariff Act of 1930, as amended (the Act), Commerce must publish a notice of a court decision that is not "in harmony" with a Commerce determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's April 30, 2020 judgment sustaining the Final Remand Redetermination constitutes a final decision of the CIT that is not in harmony with Commerce's *Final Determination*. This notice is published in fulfillment of the publication requirements of *Timken*.

Amended Final Determination

Because there is now a final court decision, Commerce is amending its *Final Determination* with respect to Goodluck.¹⁰ Goodluck's revised dumping margin is as follows:

⁵ See *Goodluck India Limited v. United States*, Court No. 18–00162, Slip Op. 19–110 (CIT August 13, 2019) (*Remand Order*).

⁶ See Final Results of Redetermination Pursuant to Court Remand, *Goodluck India Limited v. United States*, Court No. 18–00162, Slip Op. 19–110 (CIT August 13, 2019), dated December 23, 2019 (Final Remand Redetermination).

⁷ See *Goodluck India Limited v. United States*, Court No. 18–00162, Slip Op. 20–57 (CIT April 30, 2020).

⁸ See *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (*Timken*).

⁹ See *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) (*Diamond Sawblades*).

¹⁰ For purposes of this notice, the all-others rate for the *AD Order* will not be amended. Section 735(c)(5)(A) of the Act provides that the estimated all-others rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. As discussed above, Goodluck's margin has been changed from a rate determined entirely under section 776 of the Act to zero. Therefore, Tube Products of India, Ltd. a unit of Tube Investments of India Limited (collectively, TPI) remains the only respondent in the underlying investigation for which Commerce calculated a company-specific rate which is not zero, *de minimis* or based entirely on facts available. As a result, pursuant to section 735(c)(5)(A) of the Act, the weighted-average dumping margin calculated for TPI continues to be the estimated weighted-average dumping margin assigned to all other producers and exporters of the merchandise under consideration. See *Final*

Producer and exporter	Weighted-average dumping margin (percent)
Goodluck India Limited	0.00

Partial Exclusion from Antidumping Duty Order

Pursuant to section 735(a)(4) of the Act, Commerce "shall disregard any weighted average dumping margin that is *de minimis* as defined in section 733(b)(3) of the Act." ¹¹ Furthermore, section 735(c)(2) of the Act states that "the investigation shall be terminated upon publication of that negative determination" and Commerce shall "terminate the suspension of liquidation" and "release any bond or other security, and refund any cash deposit." ¹² As a result of this amended final determination, in which Commerce has calculated an estimated weighted-average dumping margin of 0.00 percent for Goodluck, Commerce is hereby excluding merchandise produced and exported by Goodluck from the *AD Order*. Accordingly, Commerce will direct U.S. Customs and Border Protection (CBP) to release any bonds or other security and refund cash deposits pertaining to any suspended entries from Goodluck. Pursuant to *Timken*, the suspension of liquidation must continue during the pendency of the appeals process. Additionally, we will instruct CBP to suspend liquidation of all unliquidated entries from Goodluck at a cash deposit rate of 0.00 percent which are entered, or withdrawn from warehouse, for consumption on or after May 10, 2020, which is ten days after the CIT's final decision, in accordance with section 516A of the Act.¹³ In the event the CIT's ruling is not appealed, or if appealed

Determination, 83 FR at 16296–97; *AD Order*, 83 FR at 26964.

¹¹ Section 733(b)(3) of the Act defines *de minimis* dumping margin as "less than 2 percent ad valorem or the equivalent specific rate for the subject merchandise."

¹² See sections 735(c)(2)(A) and (B) of the Act.

¹³ See, e.g., *Drill Pipe from the People's Republic of China: Notice of Court Decision Not in Harmony with International Trade Commission's Injury Determination, Revocation of Antidumping and Countervailing Duty Orders Pursuant to Court Decision, and Discontinuation of Countervailing Duty Administrative Review*, 79 FR 78037, 78038 (December 29, 2014); *High Pressure Steel Cylinders From the People's Republic of China: Notice of Court Decision Not in Harmony With Final Determination in Less Than Fair Value Investigation, Notice of Amended Final Determination Pursuant to Court Decision, Notice of Revocation of Antidumping Duty Order in Part, and Discontinuation of Fifth Antidumping Duty Administrative Review*, 82 FR 46758, 46760 (October 6, 2017).

and upheld by the CAFC, Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate entries produced and exported by Goodluck without regard to antidumping duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(c)(1) and (e) of the Act.

Dated: May 19, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket Number 200429–0124]

Profile of Responsible Use of Positioning, Navigation, and Timing Services

AGENCY: National Institute of Standards and Technology, U.S. Department of Commerce.

ACTION: Request for information.

SUMMARY: The National Institute of Standards and Technology (NIST) is seeking information about public and private sector use of positioning, navigation, and timing (PNT) services, and standards, practices, and technologies used to manage cybersecurity risks, to systems, networks, and assets dependent on PNT services. Executive Order 13905, Strengthening National Resilience Through Responsible Use of Positioning, Navigation, and Timing Services, was issued on February 12, 2020 and seeks to protect the national and economic security of the United States from disruptions to PNT services that are vital to the functioning of technology and infrastructure, including the electrical power grid, communications infrastructure and mobile devices, all modes of transportation, precision agriculture, weather forecasting, and emergency response.

Under Executive Order 13905, the Secretary of Commerce, in coordination with the heads of the Sector Specific Agencies and in consultation, as appropriate, with the private sector, is directed to develop and make available, to at least the appropriate agencies and private sector users, PNT profiles. Responses to this Request for Information (RFI) will inform NIST's

development of a PNT profile, using the NIST Framework for Improving Critical Infrastructure Cybersecurity (NIST Cybersecurity Framework), that will enable the public and private sectors to identify systems, networks, and assets dependent on PNT services; identify appropriate PNT services; detect the disruption and manipulation of PNT services; and manage the associated cybersecurity risks to the systems, networks, and assets dependent on PNT services.

DATES: Comments must be received by 5:00 p.m. Eastern time on July 13, 2020. Written comments in response to the RFI should be submitted according to the instructions in the **ADDRESSES** and **SUPPLEMENTARY INFORMATION** sections below. Submissions received after that date may not be considered.

ADDRESSES: Comments may be submitted by any of the following methods:

- *Electronic submission:* Submit electronic public comments via the Federal e-Rulemaking Portal.
 1. Go to www.regulations.gov and enter NIST–2020–0002 in the search field,
 2. Click the “Comment Now!” icon, complete the required fields, and
 3. Enter or attach your comments.
- *Email:* Comments in electronic form may also be sent to pnt-eo@list.nist.gov in any of the following formats: HTML; ASCII; Word; RTF; or PDF.

Please submit comments only and include your name, organization’s name (if any), and cite “Profile of Responsible Use of PNT Services” in all correspondence. Comments containing references, studies, research, and other empirical data that are not widely published should include copies of the referenced materials.

All submissions, including attachments and other supporting materials, will become part of the public record and subject to public disclosure. NIST reserves the right to publish relevant comments publicly, unedited and in their entirety. All relevant comments received in response to the RFI will be made publicly available at <https://www.nist.gov/itl/pnt>. Personal information, such as account numbers or Social Security numbers, or names of other individuals, should not be included. Do not submit confidential business information, or otherwise sensitive or protected information. Comments that contain profanity, vulgarity, threats, or other inappropriate language or content will not be considered.

FOR FURTHER INFORMATION CONTACT: For questions about this RFI contact: Jim

McCarthy, National Institute of Standards and Technology, email James.McCarthy@nist.gov. Please direct media inquiries to NIST’s Office of Public Affairs at (301) 975–2762.

SUPPLEMENTARY INFORMATION: As stated in Executive Order 13905, Strengthening National Resilience Through Responsible Use of Positioning, Navigation, and Timing Services,¹ the national and economic security of the United States depends on the reliable and efficient functioning of critical infrastructure. Since the United States made the Global Positioning System available worldwide, positioning, navigation, and timing (PNT) services provided by space-based systems have become a largely invisible utility for technology and infrastructure, including the electrical power grid, communications infrastructure and mobile devices, all modes of transportation, precision agriculture, weather forecasting, and emergency response. Due to the widespread adoption of PNT services, the disruption or manipulation of these services has the potential to adversely affect the national and economic security of the United States. To strengthen national resilience, the Federal Government must foster the responsible use of PNT services by critical infrastructure owners and operators.

Under Executive Order 13905, the Secretary of Commerce, in coordination with the heads of the Sector Specific Agencies and in consultation, as appropriate, with the private sector, is directed to develop and make available, to at least the appropriate agencies and private sector users, PNT profiles. NIST will leverage the Cybersecurity Framework² to develop a foundational PNT profile³ to help organizations identify systems, networks, and assets dependent on PNT services;⁴ identify appropriate PNT services; detect the disruption and manipulation of PNT services; and manage the associated

cybersecurity risks to the systems, networks, and assets dependent on PNT services. This profile will be developed using an open and collaborative process involving public and private sector stakeholders to ensure critical infrastructure owners and operators, government agencies, and others can inform the responsible use of PNT services and effectively adopt, refine, and implement the profile.

This RFI outlines the information NIST is seeking from the public to inform the development of a profile of PNT services that will strengthen national resilience of U.S. critical infrastructure and other industries that rely on PNT services.

Request for Information

The following questions cover the major areas about which NIST seeks comment. They are not intended to limit the topics that may be addressed. Responses may include any topic believed to have implications for the development of a PNT profile, regardless of whether the topic is included in this document.

All relevant responses that comply with the requirements listed in the **DATES** and **ADDRESSES** sections of this RFI will be considered.

When addressing the topics below, commenters may address the practices of their organization or a group of organizations with which they are familiar. If desired, commenters may provide information about the type, size, and location of the organization(s). Provision of such information is optional and will not affect NIST’s full consideration of the comment.

Comments containing references, studies, research, and other empirical data that are not widely published should include copies of the referenced materials. All submissions, including attachments and other supporting materials, will become part of the public record and subject to public disclosure. NIST reserves the right to publish relevant comments publicly, unedited and in their entirety. All relevant comments received in response to the RFI will be made publicly available at <https://www.nist.gov/itl/pnt>. Personal information, such as account numbers or Social Security numbers, or names of other individuals, should not be included. Do not submit confidential business information, or otherwise sensitive or protected information. Comments that contain profanity, vulgarity, threats, or other inappropriate language or content will not be considered.

NIST is seeking the following information from PNT technology

¹ Exec. Order No. 13905, Strengthening National Resilience Through Responsible Use of Positioning, Navigation, and Timing Services, 85 FR 9359 (Feb. 18, 2020).

² <https://www.nist.gov/cyberframework>.

³ For the purposes of this RFI, NIST is using the definition of “PNT profile” as defined in Exec. Order No. 13905. “PNT profile” means a description of the responsible use of PNT services—aligned to standards, guidelines, and sector-specific requirements—selected for a particular system to address the potential disruption or manipulation of PNT services.

⁴ For the purposes of this RFI, NIST is using the definition of “PNT services” as defined in Exec. Order No. 13905. “PNT services” means any system, network, or capability that provides a reference to calculate or augment the calculation of longitude, latitude, altitude, or transmission of time or frequency data, or any combination thereof.

vendors, users of PNT services and other key stakeholders for the purpose of gathering information to foster the responsible use of PNT services:

1. Describe any public or private sector need for and/or dependency on the use of positioning, navigation, and timing, or any combination of these, services.
2. Identify and describe any impacts to public or private sector operations if PNT services are disrupted or manipulated.
3. Identify any standards, guidance, industry practices and sector specific requirements referenced in association with managing public or private sector cybersecurity risk to PNT services.
4. Identify and describe any processes or procedures employed by the public or private sector to manage cybersecurity risks to PNT services.
5. Identify and describe any approaches or technologies employed by the public or private sector to detect disruption or manipulation of PNT services.
6. Identify any processes or procedures employed in the public or private sector to manage the risk that disruption or manipulation to PNT services pose.
7. Identify and describe any approaches, practices, and/or technologies used by the public or private sector to recover or respond to PNT disruptions.
8. Any other comments or suggestions related to the responsible use of PNT services.

Authority: Exec. Order No. 13905, Strengthening National Resilience Through Responsible Use of Positioning, Navigation, and Timing Services, 85 FR 9359 (Feb. 18, 2020).

Kevin A. Kimball,
Chief of Staff.

BILLING CODE 3510–13–P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NIST MEP Client Impact Survey

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the

Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before July 27, 2020.

ADDRESSES: Interested persons are invited to submit written comments by mail to Maureen O'Reilly, Management Analyst, NIST at PRAComments@doc.gov. Please reference OMB Control Number 0693–0021 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Megean Blum, NIST MEP, 301–975–3160, Megean.blum@nist.gov

SUPPLEMENTARY INFORMATION:

I. Abstract

Sponsored by NIST, the Manufacturing Extension Partnership (MEP) is a national network of locally based manufacturing extension centers working with small manufacturers to assist them improve their productivity, improve profitability and enhance their economic competitiveness. The information collected will provide the MEP with information regarding MEP Center performance regarding the delivery of technology, and business solutions to U.S.-based manufacturers. The collected information will assist in determining the performance of the MEP Centers at both local and national levels, provide information critical to monitoring and reporting on MEP programmatic performance, and assist management in policy decisions. Responses to the collection of information are mandatory per the regulations governing the operation of the MEP Program (15 CFR parts 290, 291, 292, and H.R. 1274—section 2). The information collected will include MEP Customer inputs regarding their sales, costs, investments, and employment. Customers will take the survey online. Customers will only be surveyed once per year under this collection. Data collected in this survey is confidential.

II. Method of Collection

Information will be collected electronically.

III. Data

OMB Control Number: 0693–0021.

Form Number(s): None.

Type of Review: Revision and extension of a current information collection.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 13,000.

Estimated Time Per Response: 12 minutes.

Estimated Total Annual Burden Hours: 2,600.

Estimated Total Annual Cost to Public: 0.

Respondent's Obligation: Voluntary.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.
