

consideration than organizations seeking equipment used to provide medical services. Our lowest priority is to fund first responder training.

As discussed previously, organizations taking on "new risks" will be afforded much higher consideration than an organization taking on a "new mission."

(iii) *EMS Personal Protective Equipment.* DHS gives the same priorities for EMS PPE as it did for fire department PPE discussed above.

Acquisition of Personal Alert Safety Systems or any firefighting PPE is not eligible, however, for funding for EMS organizations.

(iv) *Wellness and Fitness Activities.* DHS believes that to have an effective wellness/fitness program, nonaffiliated EMS organizations must offer periodic health screenings, entry physical examinations, and an immunization

program similar to the programs for fire departments discussed previously. Accordingly, applicants for grants in this category must currently offer or plan to offer with grant funds *all three benefits* (periodic health screenings, entry physical examinations, and an immunization program) to receive funding for any other initiatives in this activity. The priorities for EMS wellness/fitness programs are the same as for fire departments as discussed above.

(v) *Modification to EMS Stations and Facilities.* DHS believes that the competitive rankings and priorities applied to modification of fire stations and facilities, discussed above, apply equally to EMS stations and facilities.

(2) EMS Vehicle Acquisition Program

DHS gives the highest funding priority to acquisition of ambulances

EMS VEHICLE PROGRAM PRIORITIES

Priority one	Priority two	Priority three
<ul style="list-style-type: none"> • Ambulance or transport unit to support EMS functions. 	<ul style="list-style-type: none"> • First responder non-transport vehicles • Special operations vehicles 	<ul style="list-style-type: none"> • Command vehicles • Hovercraft • Other special access vehicles

Along with the priorities illustrated above, DHS has accepted the fire service recommendation that emerged from the criteria development process that funding applicants that own few or no vehicles of the type sought will be more beneficial than funding applicants that own numerous vehicles of that same type. DHS assesses the number of vehicles an applicant owns by including all vehicles of the same type. For example, transport vehicles will be considered the same as ambulances. DHS will give a higher competitive rating to applicants that have an aged fleet of emergency vehicles, and to applicants with old, high-mileage vehicles. DHS will give a higher competitive rating to applicants that respond to a significant number of incidents relative to applicants responding less often. Finally, DHS will afford applicants with transport vehicles with high mileage more consideration than applicants with vehicles that are not driven extensively.

(3) Administrative Costs

Panelists assess the reasonableness of the administrative costs requested in each application and determined whether the request will be reasonable and in the best interest of the program.

Dated: April 14, 2009.

Acting Deputy Administrator, Federal Emergency Management Agency.

Accordingly, DHS will likely only fund vehicles that are listed as a "Priority One" in the 2009 program year.
