SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Navy Health of the Force Survey Program; OMB Control Number 0703–HOFG.

Type of Request: New Generic Information Collection Request.

Number of Respondents: 150,000.

Responses per Respondent: 1.

Annual Responses: 150,000.

Average Burden per Response: 20 minutes.

Annual Burden Hours: 50,000.

Needs and Uses: The Navy Health of the Force Survey program is a strategic level engagement survey initiative designed to assess climate and culture across the entire Department of the Navy (DoN) enterprise. When deployed, the Health of the Force (HoF) Survey is tailored to the unique population (Active Duty Navy, Reserve Navy, Active Duty Marine Corps, and Navy civilians) being surveyed, but also includes a core set of questions and metrics that support comparisons across the Navy and provide a means for evaluating changes in culture and climate over time.

The DoN has already received OMB approval to conduct the mainline Navy HoF Survey under OMB Control Number 0703–0079. The Department has also submitted an information collection request for a Reserves-specific HoF survey. With this Generic Information Collection Request, the Department seeks to bring all current and future HoF surveys under one OMB Control Number. The streamlined Generic approval process will grant the Navy Survey Office additional flexibility to (1) quickly implement changes that may be made to the HoF surveys from year to year and (2) add new HoF surveys that ask similar questions and utilize similar methods but target unique personnel populations.

Every HoF survey will include validated metrics for inclusion, connectedness, trust, organizational commitment, and cohesion. Other metrics that will be collected annually or biennially include job/career satisfaction, burnout, workplace incivility, and work/life balance. The survey results provide answers to important questions for Navy leadership about a range of topics including:

- Retention plans and influences to stay or leave
- Readiness and ability to perform core missions
- Importance/utilization of mentoring and professional development opportunities
- Access to key resources like childcare, healthcare, financial and personal support services
- Views on unique navy programs (i.e., Get Real, Get Better; Quality of Service, etc.)
- Personal well-being (mental, physical, and emotional)
- Interpersonal relationships in the workplace
- Levels of stress and key stressors

Finally, the survey provides Navy personnel with an opportunity to tell Navy leaders, in their own words, what they are concerned about and what they need to make the Navy a stronger, more effective organization.

Affected Public: Individuals or households (DoN civilians, active and reserve service members).

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

Type of Review: A new ICR.

Respondents/Affected Public: Private sector; State, local, and Tribal governments.

Total Estimated Number of Annual Responses: 566.

Abstract: The Full-Service Community Schools program, funded through title IV of the Elementary and Secondary Education Act, seeks to improve student outcomes by leveraging partnerships to help schools provide coordinated and integrated wraparound services to students and families, particularly in high-poverty schools. This study will be the first implementation evaluation of the Full-Service Community Schools program.

This Information Collection Request (ICR) follows the related June 2023 ICR that OMB approved (1850–0981) to conduct an initial survey of FY 2022 Full-Service Community Schools grantees. Included in these data collection are a follow-up survey of the FY 2022 grantees, a baseline and interim survey of the newly-awarded FY 2023 grantees and their partner schools, and one round of administrative data from states and districts that oversee FY 2023 partner schools.
