

Federal Register (76 FR 72081–72082, Docket No. APHIS–2011–0074), we amended the Karnal bunt regulations in 7 CFR part 301 by removing areas and fields in Riverside County, CA, from the list of regulated areas in § 301.89–3(f). That action relieved restrictions that were no longer necessary on the interstate movement of regulated articles from this area.

Comments on the interim rule were required to be received on or before January 23, 2012. We received one comment by that date. The comment, from a private citizen, supported the interim rule. Therefore, for the reasons given in the interim rule, we are adopting the interim rule as a final rule without change.

This action also affirms the information contained in the interim rule concerning Executive Order 12866 and the Regulatory Flexibility Act, Executive Orders 12372 and 12988, and the Paperwork Reduction Act.

Further, for this action, the Office of Management and Budget has waived its review under Executive Order 12866.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; delay of effective date and reopening of comment period.

SUMMARY: This action delays the effective date and reopens the comment period for a Direct Final Rule that was published on February 16, 2012 (77 FR 9163). In that document, the FAA published amendments to remove the definitions of Category IIIa, IIIb, and IIIc operations because the definitions are outdated and no longer used for aircraft certification or operational authorization. The International Aviation Civil Organization (ICAO) has requested additional time to adequately analyze the Direct Final Rule and prepare comments.

DATES: The effective date of the Direct Final Rule published on February 16, 2012 (77 FR 9163) is delayed from April 16, 2012, to June 12, 2012. If an adverse comment is received, the FAA will publish a timely withdrawal in the **Federal Register**.

The comment period of the Direct Final Rule published on February 16, 2012 (77 FR 9163) is reopened until May 14, 2012.

Background

On February 7, 2012, the FAA issued Amendment No. 1–67, entitled “Removal of Category IIIa, IIIb, and IIIc Definitions” (77 FR 9163). The FAA requested that comments on that rule be received on or before March 19, 2012.

By letter dated March 16, 2012, ICAO requested that the FAA consider postponing the effective date of the rule until the rule is reviewed through an international process. ICAO stated that due to the short time frame, it was not in the position to understand the full implications of removing the Category IIIa, IIIb, and IIIc definitions. ICAO stated that additional time is necessary to adequately assess the impact of the Direct Final Rule and prepare comments.

Reopening of Comment Period

In accordance with § 11.47(c) of title 14, Code of Federal Regulations, the FAA has reviewed the request made by ICAO. The petitioner has shown a substantive interest in the rule and good cause for the reopening. The FAA has determined that reopening of the comment period is consistent with the public interest, and that good cause exists for taking this action.

Accordingly, the comment period for Amendment No. 1–67 is reopened until May 14, 2012.

Additional Information

A. Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. The agency also invites comments relating to the economic, environmental, energy, or federalism impacts that might result from implementing the rule. To ensure the docket does not contain duplicate comments, commenters should send only one copy of written comments, or if comments are filed electronically, commenters should submit only one time.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this rulemaking. Before acting on this rule, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the

comment period has closed if it is possible to do so without incurring expense or delay. The agency may change this rule in light of the comments it receives.
