

Accomplishments; Broader Program Impacts; Products and Dissemination; Collaboration and Partnering Activities; and Project Evaluation Activities. Information will be prepopulated based on the login credentials for the user submitting the report and the specific grant being reported. Not all grants will have reportable activities under all

headings (*e.g.*, not all grants have an evaluation component embedded in the project). However, most OASH grants will have reportable information under most headings. Program offices with additional reporting programmatic information collections will eventually transition collection of any overlapping data elements to this OASH PPR. During

the transition, OASH will not require grant recipients to provide the same information twice.

Likely Respondents: Members and staff from academia, community organizations, local/state/federal government, private sector, and tribal government and services organizations.
