

superseding CBP Form 301 and will cancel ("cancel" as used in the sense it is used in Slip Op. 10-120, at pages 11-13) the related preceding EBR bond. The superseding bond will be clearly annotated to distinguish it from the preceding EBR bond. An EBR bond is not cancelled unless CBP notifies the non-NFI importer that the superseding bond has been approved. CBP will return untimely submissions as well as those that are incomplete or rejected for any other reason, promptly. CBP is not responsible for delays in a non-NFI importer's receipt of a returned application.

As CBP is not a legal party to the contractual relationship between a surety and a principal, it is noted that the agency cannot assist in matters relating to obtaining a superseding bond.

IV. EBR Bond Conditions

To qualify for cancellation and replacement by a superseding bond pursuant to this policy, an EBR bond:

- Must not secure any remaining sum certain or contingent debt (including, but not limited to, unliquidated entries (*see* 19 U.S.C. 1500) and matters subject to 19 U.S.C. 1592 involving actual or potential loss of revenue); and
- Must not cover entries that are subject to a pending protest pursuant to 19 U.S.C. 1514 or related regulations.

V. Superseding Bond Conditions

Pursuant to this policy, a qualified superseding bond posted by a non-NFI importer must meet the following conditions:

- A superseding bond must feature a limit of liability in an amount no less than the dollar amount of the continuous importer bond that CBP would have accepted had the EBR requirement not existed on the bond effective date of the EBR bond. For example, if an EBR bond features a face amount of \$500,000 but would have featured a face amount of \$70,000 but for the EBR requirement, then the superseding bond must feature a face amount of at least \$70,000. A non-NFI importer can determine the correct amount of a superseding bond by multiplying the total of duties, taxes, and fees paid to CBP, for the twelve-month period immediately preceding the effective date of the original EBR, by ten (10) percent and rounding up as appropriate.

- A superseding bond must be for the same time period for which the related preceding EBR bond was in place. For example, if an EBR bond was in effect for a period from March 15, 2004, through April 1, 2005, then the

superseding bond, despite its execution date in 2011, must secure entries for March 15, 2004, through April 1, 2005.

- A superseding bond posted pursuant to 19 CFR 113.40 must include the posting of cash or other security for each annual period that the related EBR bond was in effect.

- A superseding bond application, including supporting documentation, must be received by CBP within 90 calendar days from the date that the related preceding EBR bond no longer secures any remaining sum certain or contingent debt (including, but not limited to, unliquidated entries (*see* 19 U.S.C. 1500) and matters subject to 19 U.S.C. 1592 involving actual or potential loss of revenue).

- A superseding bond application, and supporting documentation, must be sent either via mail to U.S. Customs and Border Protection, Office of Administration, Revenue Division, ATTN: Bond Team Intech 1, 6650 Telecom Drive, Indianapolis, IN 46278 or via email to Cbp.bondquestions@dhs.gov with a subject line of "Superseding Bond IR#."

SUPPLEMENTARY INFORMATION:

Background

The Act (16 U.S.C. 1531 *et seq.*) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR 17, the Act provides for permits, and requires that we invite public comment before issuing these permits.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes applicants to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of propagation or survival, or interstate commerce (the latter only in the event that it facilitates scientific purposes or enhancement of propagation or survival). Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.
