

8' X 20'
 Style: 4 X 4 W4/W4 or D4/D4 (*i.e.*, 4 gauge)
 Sheet Size:
 5' X 10'
 8' X 12'6"
 8' X 12'8"
 8' X 15'
 8' X 20'

Any product imported, sold, or invoiced in one of these size combinations is within the scope.

ASTM specification A1064/A1064M provides for permissible variations in wire gauges, the spacing between transverse and longitudinal wires, and the length and width combinations. To the extent a roll or sheet of welded wire mesh falls within these permissible variations, it is within this scope.

ASTM specification A1064/A1064M also defines permissible oversteeling, which is the use of a heavier gauge wire with a larger cross-sectional area than nominally specified.

It also permits a wire diameter tolerance of ± 0.003 inches for products up to W5/D5 and ± 0.004 for sizes over W5/D5. A producer may oversteel by increasing smooth or deformed wire diameter up to two whole number size increments on Table 1 of A1064. Subject wire mesh has the following actual wire diameter ranges, which account for both oversteeling and diameter tolerance:

W/D No.	Maximum oversteeling No.	Diameter range (inch)
1.4 (<i>i.e.</i> , 10 gauge)	3.4	0.093 to 0.211.
2.1 (<i>i.e.</i> , 8 gauge)	4.1	0.161 to 0.231.
2.9 (<i>i.e.</i> , 6 gauge)	4.9	0.189 to 0.253.
4.0 (<i>i.e.</i> , 4 gauge)	6.0	0.223 to 0.280.

To the extent a roll or sheet of welded wire mesh falls within the permissible variations provided above, it is within this scope.

In addition to the tolerances permitted in ASTM specification A1064/A1064M, wire mesh within this scope includes combinations where:

1. A width and/or length combination varies by \pm one grid size in any direction, *i.e.*, ± 6 inches in length or width where the wire mesh's grid size is "6 X 6"; and/or

2. The center-to-center spacing between individual wires may vary by up to one quarter of an inch from the nominal grid size specified.

Length is measured from the ends of any wire and width is measured between the center-line of end longitudinal wires.

Additionally, although the subject wire mesh typically meets ASTM A1064/A1064M, the failure to include certifications, test reports or other documentation establishing that the product meets this specification does not remove the product from the scope. Wire mesh made to comparable foreign specifications (*e.g.*, DIN, JIS, etc.) or proprietary specifications is included in the scope.

Excluded from the scope is wire mesh that is galvanized (*i.e.*, coated with zinc) or coated with an epoxy coating. In order to be excluded as galvanized, the excluded welded wire mesh must have a zinc coating thickness meeting the requirements of ASTM specification A641/A641M. Epoxy coating is a mix of epoxy resin and hardener that can be applied to the surface of steel wire.

Merchandise subject to this investigation are classified under Harmonized Tariff Schedule of the United States (HTSUS) categories 7314.20.0000 and 7314.39.0000. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Appendix II—List of Topics Discussed in the Preliminary Decision Memorandum

- I. Summary
- II. Background
- III. Period of Investigation
- IV. Scope Comments

V. Scope of the Investigation

VI. Application of Facts Available, Use of Adverse Inferences, and Calculation of All-Others Rate

VII. Discussion of the Methodology

A. Determination of the Comparison Method

B. Results of the Differential Pricing Analysis

VIII. Date of Sale

IX. Product Comparisons

X. Constructed Export Price

XI. Normal Value

A. Home Market Viability

B. Affiliated-Party Transactions and Arm's Length Test

C. Level of Trade

D. Cost of Production (COP) Analysis

1. Calculation of COP

2. Test of Comparison Market Sales Prices

3. Results of the COP Test

XII. Currency Conversion

XIII. Recommendation

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Sea Grant Program Application Requirements for Grants, for Sea Grant Fellowships, Including the Dean John A. Knauss Marine Policy Fellowships, and for Designation as a Sea Grant College or Sea Grant Institution

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication

of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on October 28, 2020, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration, Commerce.

Title: Sea Grant Program Application Requirements for Grants, for Sea Grant Fellowships, including the Dean John A. Knauss Marine Policy Fellowships, and for Designation as a Sea Grant College or Sea Grant Institution.

OMB Control Number: 0648-0362.

Form Number(s): NOAA Forms 90-1; 90-2; 90-4.

Type of Request: Regular submission. Revision and extension of a current information collection.

Number of Respondents: 114.

Average Hours per Response: Form 90-1—30 minutes; Form 90-2 (Excel)—20 minutes, (Webform)—15 minutes; Form 90-4—15 minutes; Application for Designation as a Sea Grant College or Regional Consortia—20 hours; Application for Sea Grant Fellowship—2 hours.

Total Annual Burden Hours: 783.

Needs and Uses: This request is for the extension, with minor proposed revisions, of a currently approved information collection. The objectives of the National Sea Grant College Program, as stated in the Sea Grant legislation (33 U.S.C. 1121 *et seq.*) are to increase the understanding, assessments, development, utilization, and conservation of the Nation's ocean, coastal, and Great Lakes resources. It accomplishes these objectives by

conducting research, education, and outreach programs. Grant monies are available for funding activities that help obtain the objectives of the Sea Grant Program. Both single and multi-project grants are awarded, with the latter representing approximately 80 percent of the total grant program. In addition to other standard grant application requirements, three forms are required with the grants. The Sea Grant Control Form (NOAA Form 90-1) is used to identify the organizations and personnel who would be involved in the grant and briefly summarize the proposed activities under the grant. The Project Record Form (NOAA Form 90-2), which collects summary data on projects, helps the National Sea Grant Office (NSGO) evaluate the proposals during its funding decisions. The Sea Grant Budget Form (NOAA Form 90-4) provides information similar to, but more detailed than, standardized budget forms SF-424A or SF-424C, and allows the NSGO to determine whether or not the breakdown cost of multi-project grant awards is reasonable. Collectively, the data supplied in these documents form the basis for many of NSGO's responses to the Administration, the Congress, other agencies, and to the public about the scope of Sea Grant activities.

The National Sea Grant College Program Act (33 U.S.C. 1126) also provides for the designation of a public or private institution of higher education, institute, laboratory, or State or local agency as a Sea Grant college or Sea Grant institute. Applications are required for designation of Sea Grant Colleges and Sea Grant Institutes, although no forms are required. The data the collection provides helps the National Sea Grant Office determine the suitability of the applicant for meeting the standards and conditions for being a Sea Grant College as set forth in 33 U.S.C. 1126 and 15 CFR 918.5.

The NSGO proposes two revisions to this information collection. The NOAA Form 90-2 is currently collected using an Excel spreadsheet (100% of use cases). The NSGO intends to migrate the Excel spreadsheet to an online webform that is hosted on Sea Grant's Planning, Implementation and Evaluation Resource (PIER) database. The online webform would provide an additional and alternative method of information collection, but not eliminate the option for an Excel-based collection. During implementation (testing Q2/3-FY21; rollout Q4-FY21), the webform will likely require cosmetic modifications on the form structure, but no additional data fields will be added. Such modifications will be driven by software

requirements and improvements to information management and the user interface. This modification would enable synchronization of existing PIER data, so that time of user entry and data quality control is minimized.

Additionally, two new information fields will be added that are required to better resolve two existing data fields, while one field will be eliminated. Such revisions will be reflected on both the Excel-based forms and the webform.

Affected Public: Academic and not-for-profit institutions; individuals or households; business or other for-profit organizations; State, Local, or Tribal government.

Frequency: On occasion.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: Sea Grant legislation, 33 U.S.C. 1121-1131.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648-0362.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 1300-01-D

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Privacy Act of 1974; Matching Program

AGENCY: Corporation for National and Community Service.

ACTION: Notice of a Modified Matching Program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended by the Computer Matching and Privacy Protection Act of 1988, OMB Final Guidance Interpreting the Provisions of the Computer Matching and Privacy Protection Act of 1988, and OMB Circular No. A-130, "Management of Federal Information Resources," the Corporation for National and Community Service (operating as AmeriCorps) is issuing a public notice of the computer matching program with the Social Security Administration (SSA).

DATES: AmeriCorps will file a report of the subject computer matching agreement with the Office of Management and Budget and Congress. The matching program will begin April 1, 2021 or 40 days after the date of AmeriCorps' submissions to OMB and Congress, whichever is later. The matching program will continue for 18 months after the effective date and may be extended for an additional 12 months thereafter, if the conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by email to: tking@cns.gov.

FOR FURTHER INFORMATION: Terence King, Acting Senior Agency Official for Privacy, 202-815-4246, or by email at tking@cns.gov.

SUPPLEMENTARY INFORMATION: The Privacy Act of 1974 (5 U.S.C. 552a), as amended by the Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), regulates the use of computer matching agreements by Federal agencies when records in a system of records are matched with other Federal, state, or local government records. Among other things, it requires Federal agencies involved in computer matching agreements to publish a notice in the **Federal Register** regarding the establishment of the matching program.

This agreement will be in effect for a period of 18 months, with a provision
