HHS is proposing to add the following Breach Response Routine Use Language to comply with the Office of Management and Budget (OMB) Memoranda (M) 07-16, Safeguarding Against and responding to the Breach of Personally Identifiable Information:

To appropriate Federal agencies and Department contractors that have a need to know the information for the purpose of assisting the Department's efforts to respond to a suspected or confirmed breach of the security or confidentiality of information disclosed is relevant and necessary for that assistance.

B. Purpose

The main purpose of this system is certify physicians as qualified to interpret X-rays using the ILO system of classification for pneumoconiosis.

II. Authority for Maintenance of the System

The statutory authority for this system is given under the Federal Mine Safety and Health Act of 1977, Sections 203, "Medical Examinations" and 501, "Research" (30 U.S.C. 843, 951).

III. Proposed Routine Use Disclosures of Data in the System

This System of Records contains information such as Name, address, and phone number supplied to coal operators and X-ray facilities so that they may contact physicians to do work for them. Physicians who have taken the

test to be certified to interpret X-rays under the Federal Mine Safety and Health Act of 1977. Records are also maintained on physicians who have attempted to obtain certification, but did not qualify.

The Privacy Act allows us to disclose information without an individual's consent if the information is to be used for a purpose that is compatible with the purpose(s) for which the information was collected. Any such compatible use of data is known as a "routine use".

The routine uses proposed for this System are compatible with the stated purpose of the System:

1. Disclosure may be made to a congressional office from the record of an individual in response to a verified inquiry from the congressional office made at the written request of that individual.

2. The Department of Health and Human Services (HHS) may disclose information from this system of records to the Department of Justice or to a court or other tribunal, when: (a) HHS, or any component thereof; or (b) any HHS employee in his or her official capacity; or (c) any HHS employee in his or her individual capacity where the Department of Justice (or HHS, where it is authorized to do so) has agreed to represent the employee; or (d) the United States or any agency thereof where HHS determines that the litigation is likely to affect HHS or any of its components, is a party to litigation or has an interest in such litigation, and HHS determines that the use of such records by the Department of Justice, the court or other tribunal is relevant and necessary to the litigation and would help in the effective representation of the governmental party, provided, however, that in each case, HHS determines that such disclosure is compatible with the purpose for which the records were collected.

3. Records subject to the Privacy Act are disclosed to private firms for data entry, computer systems analysis and computer programming services. The contractors promptly return data entry records after the contracted work is completed. The contractors are required to maintain Privacy Act safeguards.

4. In the event of litigation initiated at the request of NIOSH, the Institute may disclose such records as it deems desirable or necessary to the Department of Justice and to the Department of Labor, Office of the Solicitor, where appropriate, to enable the Departments to effectively represent the Institute, provided such disclosure is compatible with the purpose for which the records were collected. The only types of litigative proceedings that NIOSH is

authorized to request are: (1) Enforcement of a subpoena issued to an employer to provide relevant information; or (2) contempt citation against an employer for failure to comply with a warrant obtained by the Institute.

5. Records may be disclosed to appropriate federal agencies and Department contractors that have a need to know the information for the purpose of assisting the Department's efforts to respond to a suspected or confirmed breach of the security or confidentiality of information disclosed is relevant and necessary for that assistance.

IV. Effects of the Proposed System of Records on Individual Rights

The first routine use permits an individual may learn if a record exists about himself or herself is by contacting the system manager at the address above. Requesters in person must provide driver's license or other positive identification. Individuals who do not appear in person must either: (1) Submit a notarized request to verify their identity; or (2) certify that they are the individuals they claim to be and that they understand that the knowing and willful request for or acquisition of a record pertaining to an individual under false pretenses is a criminal offense under the Privacy Act subject to a \$5,000 fine.

V. Safeguards

NIOSH has safeguards in place for authorized users and monitors. The records in this System are stored in File folders, microcomputer files, computer tapes/disks and printouts, and microfilm. The records are retrieved by their name and/or Social Security number, which is optional and to be supplied on a voluntary basis.
