

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁵ However, Rule 19b-4(f)(6)(iii)¹⁶ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. Nasdaq has requested that the Commission waive the 30-day operative delay. The Commission notes that Nasdaq's proposal is consistent with its rules regarding order routing to BOX¹⁷ and the rules of other national securities exchanges and does not raise any new substantive issues.¹⁸ For these reasons, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, and designates the proposed rule change to be operative upon filing with the Commission.¹⁹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, the Exchange charges a monthly fee of \$1,000 per Amex Trading Permit ("ATP") for options Market Makers. Effective March 1, 2010 the Exchange proposes to raise the monthly cost of an ATP for Market Makers to \$5,000. This purpose of this new rate, which applies equally to all Market Maker ATP Holders, is to accurately reflect the current value of participating on the NYSE Amex options marketplace. The Exchange was purchased by NYSE Euronext on October 1, 2008. Following the Exchange's purchase by NYSE Euronext, the Exchange underwent a number of important changes. These changes include: the migration of the trading, connectivity, and routing technologies onto NYSE Group platforms; a new state of the art trading facility located at 11 Wall Street; and the adoption of a Trading License model to access the marketplace. The Exchange believes these changes brought significant benefits to participation in the NYSE Amex options marketplace. Among other indicia of the enhanced benefits to market participation, the Exchange's equity option market share increased from 6.3% to 12.8% during the period starting January 2009 to January 2010. Consequently, the Exchange believes the amended pricing is designed to accurately reflect the current benefits to ATP Holders.

The Exchange is also proposing to decrease the per contract rate paid by Non-Directed Market Makers from \$.18 to \$.17 per contract. This reverses the change implemented on February 1, 2010 that increased that fee from \$.17 to \$.18 per contract.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Securities Exchange Act of 1934 (the "Act"),³ in general, and Section 6(b)(4) of the Act,⁴ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The proposed fees are reasonable and apply equally to all similarly situated ATP Holders.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁵ of the Act and subparagraph (f)(2) of Rule 19b-4⁶ thereunder, because it establishes a due, fee, or other charge imposed by the NYSE Amex.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
