Authority: Section 3680(g); Public Law 96–342 Section 903; Title 10 U.S.C., National Call to Service; Chapter 31 Section 510; Title 38 U.S.C., Chapters 30, 32, 33, 35, and Title 10 U.S.C., Chapter 1606.

Title: Student Verification of Enrollment, VAF 22–8979.

OMB Control Number: 2900–0465.

Type of Review: Revision of a currently approved collection.

Abstract: The VA uses the information requested by this collection to determine the eligible beneficiaries' continued entitlement to benefits. The collection of this information is essential for the administration of these programs. The student is required to submit the verification on a monthly basis to allow for a frequent, periodic release of payment. Without this information, VA could not pay eligible

beneficiaries benefits based on their proof of attendance and/or change(s) in their enrollment. Information technology is being used to collect the information provided on this form. Individuals receiving benefits under chapter 33 do not have to verify their attendance. Chapters 30 and 1606 respondents must submit this information electronically using either the automated telephone system or the internet. The information is provided via the Toll-free automated telephone number using Interactive Voice Response technology (IVR). If the information is provided via the internet, it is collected via the Web Automated Verification of Enrollment (WAVE) system. Only respondents receiving education benefits under chapter 32 or 35, or section 903, who are enrolled in NCD programs receive the paper form. The VA extracts claimant information electronically from education data resources and places it into the appropriate blocks of VA Form 22 8979. The VA then sends the printed form for chapters 32 and 35, as well as section 903 to respondents during computer generated monthly mailings. Majority of the individuals enrolled in NCD

programs verify their attendance using the Toll-free customer service number (1–888–442–4551) instead of returning the form. The number of respondents who complete and return the paper form is insignificant. Collection of this information on a monthly basis will prevent overpayment of benefits due to late reporting, since payment will not be made until the report of attendance has been returned to VA and processed. To collect information less often would preclude VA from making monthly payments as required under existing regulations.

Affected Public: Individuals or Households.

Estimated Annual Burden: 21,526 hours.

Estimated Average Burden Time Per Respondent: 1 minute.

Frequency of Response: On Occasion.

Estimated Number of Respondents: 258,313.

By direction of the Secretary.

VA PRA Clearance Officer (Alt.), Office of Enterprise and Integration/Data Governance Analytics, Department of Veterans Affairs.
