Title of Collection: Transition to Teaching Evaluation.

OMB Control Number: 1855-0018.

Type of Review: Extension.

Total Estimated Number of Annual Responses: 42.

Total Estimated Number of Annual Burden Hours: 42.

Abstract: This is a request for approval to collect information from

TTT grantees that will be used to describe the extent to which local education agencies that received TTT grant funds have met the goals relating to teacher recruitment and retention described in their application. TTT grantees are funded for a period of five years. Currently, grantees are required by statute to submit an interim project evaluation to the U.S. Department of Education (ED) at the end of the third project year and a final project evaluation at the project's end. In turn, the TTT program is required to prepare and submit to the Secretary and to Congress interim and final program evaluations containing the results of these grantee project evaluation reports. An analysis of these reports has provided some data on grantee activities, prior to the usage of the TTT survey, missing or incomplete data made it difficult to aggregate data across grantees in order to accurately describe to Congress the extent of program implementation. This data collection allows ED to gather data on a common set of indicators across grantees in order to describe and improve program implementation with the end goal of improving program performance.
