ENVIRONMENTAL PROTECTION AGENCY

[FRL-7637-5]

Notice of Tentative Approval and Solicitation of Request for a Public Hearing for Public Water System Supervision Program Revisions for the State of Maryland

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Tentative Approval and Solicitation of Requests for a Public Hearing.

SUMMARY: Notice is hereby given in accordance with the provision of section 1413 of the Safe Drinking Water Act, as amended and the requirements governing the National Primary Drinking Water Regulations Implementation, 40 CFR part 142, that the State of Maryland is revising its approved Public Water System

Supervision Program. Maryland has adopted five new rules. Included are the Arsenic Rule, which will provide for better public health protection by lowering the maximum contaminant level (MCL), the Interim Enhanced Surface Water Treatment Rule, which will help improve control of microbial pathogens in drinking water, including specifically the protozoan *Cryptosporidium* and the Stage 1 Disinfectants and Disinfection Byproducts Rule, which will set new requirements to limit the formation of chemical disinfection byproducts in drinking water. Also included are the Filter Backwash Recycling Rule, which will require water systems to institute changes to return recycle flows of a plant's treatment process that may compromise pathogen treatment and the Radionuclides Rule, which establishes a new MCL level for uranium and revises monitoring requirements. EPA has determined that these revisions, all effective September 1, 2003, are no less stringent than the corresponding Federal regulations. Therefore, EPA has decided to tentatively approve these program revisions. All interested parties are invited to submit written comments on this determination and may request a public hearing.

DATES: Comments or a request for a public hearing must be submitted by April 16, 2004. This determination shall become effective on April 16, 2004, if no

timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, and if no comments are received which cause EPA to modify its tentative approval.

ADDRESSES: Comments or a request for a public hearing must be submitted to the U.S. Environmental Protection Agency Region III, 1650 Arch Street, Philadelphia, PA 19103-2029. Comments may also be submitted electronically to Steve Maslowski at maslowski.steven@epa.gov.

All documents relating to this determination are available for inspection between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

- Drinking Water Branch, Water Protection Division, U.S. Environmental Protection Agency Region III, 1650 Arch Street, Philadelphia, PA 19103-2029.

- Water Supply Program, Maryland Department of the Environment, Montgomery Park Business Center, 1800 Washington Blvd, Baltimore, MD 21230.

FOR FURTHER INFORMATION CONTACT: Steve Maslowski, Drinking Water Branch (3WP22) at the Philadelphia address given above; telephone (215) 814-2371 or fax (215) 814-2318.

SUPPLEMENTARY INFORMATION: All interested parties are invited to submit written comments on this determination and may request a public hearing. All comments will be considered, and, if

necessary, EPA will issue a response. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made by April 16, 2004, a public hearing will be held.

A request for public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such a hearing; and (3) the signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

Dated: March 8, 2004.

Thomas Valtaggio,

Acting Regional Administrator, EPA Region III.

FARM CREDIT ADMINISTRATION

Systematic Collection of Standardized Loan Data

AGENCY: Farm Credit Administration.

ACTION: Notice with request for comment.

SUMMARY: The Farm Credit Administration (FCA or agency) is seeking public input on the changes it should consider making to its systematic collection of standardized loan data. The agency currently collects basic descriptive information from Farm Credit System (FCS or System) banks and associations, in a standardized format, using the Loan Account Reporting System—Modified (LARS—M). The agency is planning to reengineer its collection of standardized loan data to meet its current and future information needs. In support of this reengineering project, FCA is seeking public comment on changes the agency should consider making to the loan data it collects; what processes and technological approaches to employ when collecting loan data; how to minimize the reporting burden on System institutions while meeting agency needs; and what types of standardized reports to make available to the general public and System institutions.

DATES: Please send your comments to the FCA by May 3, 2004.

ADDRESSES: We encourage you to send comments by electronic mail to reg-comm@fca.gov or through the Pending Regulations section of FCA's Web site, <http://www.fca.gov>. You may also send comments to Andrew Jacob, Assistant Director, Office of Policy and Analysis, Farm Credit Administration, 1501 Farm Credit Drive, McLean, VA 22102-5090 or by facsimile to (703) 734-5784.
