As explained in the preamble to EPA's final rule on procedures for risk evaluation (82 FR 33726, July 20, 2017) (FRL-9964-38), the specific regulatory process set out in 40 CFR part 702, subpart B will be followed for the first ten chemical substances undergoing risk evaluation to the maximum extent practicable.

Prior to the publication of this final risk evaluation, a draft risk evaluation was subject to peer review and public comment. EPA reviewed the peer review report from the Science Advisory Committee on Chemicals (SACC) and public comments and has supplemented the risk evaluation in response to these comments as appropriate. The public comments and peer review report are in Docket EPA-HQ-OPPT-2019-0502 at www.regulations.gov. Prior to the publication of the draft risk evaluation, EPA made available the scope and problem formulation, and solicited public input on uses and exposure. EPA's documents and the public comments are in Docket EPA-HQ-OPPT-2019-0502. Additionally, information about the scope, problem formulation, and draft risk evaluation phases of the TSCA risk evaluation for this chemical is available at <https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/risk-evaluation-perchloroethylene>.

SUPPLEMENTARY INFORMATION: *Title:* Reporting information for the AMC Registry.

OMB Number: 3139-0009.

Abstract: The Dodd-Frank Act requires the ASC to maintain the National Registry of Appraisal Management Companies (AMC Registry) of those AMCs that are either: (1) registered with and subject to supervision by a State that has elected to register and supervise AMCs; or (2) are Federally regulated AMCs. In order for a State that elects to register and supervise AMCs to enter an AMC on the AMC Registry, the following items are required entries by the State via extranet application on the AMC Registry: State Abbreviation

State Registration Number for AMC
Employer Identification Number (EIN)
AMC Name
Street Address
City
State
Zip
License or Registration Status

Effective Date
Expiration Date
AMC Type (State or multi-State)
Disciplinary Action
Effective Date
Expiration Date
Number of Appraisers (for invoicing registry fee)

States listing AMCs on the AMC Registry enter the above information for each AMC for the initial entry only. After the initial entry, the information is retained on the AMC Registry, and will only need to be amended if necessary by the State. The estimate for burden assumes that 51 States will elect to register and supervise AMCs, and that the average number of AMCs in a State will be 90. This estimate is based on information currently available on the AMC Registry, and will be high for some States, and low for other States. As of December 11, 2020, 36 States are submitting data to the AMC Registry. The initial entry by a State on a single AMC is estimated to take 15 minutes. Subsequent entries to amend information on an AMC, annually or periodically, are estimated to be negligible.

Current Action: Annual Burden has been decreased from 1,875 hours to 1,173 as the number of 150 that was used in the original estimate has been decreased to 90.

Type of Review: Extension of a currently approved collection.

Affected Public: States.

Estimated Number of Respondents: 51 States.

Estimated burden per Response: 15 minutes.

Frequency of Response: Annually and on occasion.

Estimated total Annual Burden: 1,173 hours.

By the Appraisal Subcommittee,

James R. Park,

Executive Director.
