BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

ENVIRONMENTAL PROTECTION AGENCY

Coastal Nonpoint Pollution Control Program: Proposal To Find That Indiana Has Satisfied Conditions on Earlier Approval

AGENCY: National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and U.S. Environmental Protection Agency.

ACTION: Notice of proposed finding; request for comments.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) (the Federal agencies) invite public comment on the Federal agencies' proposed finding that Indiana has satisfied all conditions the agencies established as part of their 2008 approval of the state's coastal nonpoint pollution control program (coastal nonpoint program). The Coastal Zone Act Reauthorization Amendments (CZARA) directs states and territories with coastal zone management programs previously approved under section 306 of the Coastal Zone Management Act to develop and implement coastal nonpoint programs, which must be submitted to the Federal agencies for approval. Prior to making such a finding, NOAA and the EPA invite public input on the two agencies' rationale for this proposed finding.

DATES: Comments are due by December 28, 2023.

ADDRESSES: Copies of the proposed findings document may be found on www.regulations.gov (search for NOAA–NOS–2022–0018) and NOAA's Coastal

Nonpoint Pollution Control Program website at Comments may be submitted by:

• **Electronic Submission:** Submit all electronic public comments via the Federal eRulemaking Portal. Go to www.regulations.gov and Enter NOAA–NOS–2022–0018 in the Search box, then click the “Comment” icon, complete the required fields, and enter or attach your comments.

• **Mail:** Submit written comments to Joelle Gore, Chief, Stewardship Division (N/OCM6), Office for Coastal Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910; phone 202–468–7270; ATTN: Indiana Coastal Nonpoint Program.

Instructions: All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personally identifiable information (for example, name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the commenter will be publicly accessible. The Federal agencies will accept anonymous comments (enter “N/A” in the required fields you wish to remain anonymous). Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The Federal agencies will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system).

FOR FURTHER INFORMATION CONTACT: Allison Castellan, Office for Coastal Management, NOS, NOAA, 202–596–5039, allison.castellan@noaa.gov; or Stephen Feely, U.S. EPA Region 5, Watershed and Wetlands Branch, 312–886–5867, feely.stephen@epa.gov.

SUPPLEMENTARY INFORMATION: Section 6217(a) of the Coastal Zone Act Reauthorization Amendments (CZARA), 12 U.S.C. 1455b(a), requires that each state or territory with a coastal zone management program previously approved under section 306 of the Coastal Zone Management Act must prepare and submit to the Federal agencies a coastal nonpoint pollution control program for approval. Indiana submitted its program to the Federal agencies for approval in 2008 after gaining Federal approval of its coastal zone management plan in 2002. The Federal agencies provided public notice of and invited public comment on their proposal to approve, with conditions, the Indiana program (72 FR 62444). The Federal agencies approved the program

dated January 15, 2008, subject to the conditions specified therein. The Federal agencies now propose to find, and invite public comment on the proposed findings, that Indiana has satisfied the conditions associated with the earlier approval of its coastal nonpoint program.

The proposed findings document for Indiana's program is available at www.regulations.gov (search for NOAA–NOS–2022–0018) and information on the Coastal Nonpoint Program in general is available on the NOAA website at coast.noaa.gov/czm/pollutioncontrol/.

Radhika Fox,

Assistant Administrator Office of Water, Environmental Protection Agency.

Nicole R. LeBoeuf,

Assistant Administrator for Ocean Services and Coastal Zone Management, National Ocean Service, National Oceanic and Atmospheric Administration.

BILLING CODE 3510–08–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2010–0046]

Agency Information Collection Activities; Proposed Extension and Revision of Collection; Comment Request; Consumer Focus Groups and Other Qualitative Studies

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of information collection; request for comment.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission) requests comments on a proposed extension of approval of a collection of information from persons who may voluntarily participate in consumer focus groups, and revision of that collection. The Office of Management and Budget (OMB) previously approved the collection of information under control number 3041–0136. OMB's most recent extension of approval will expire on January 31, 2024. The Commission will consider all comments received in response to this notice before requesting an extension and revision of this collection of information from OMB.

DATES: Submit comments on the collection of information by January 29, 2024.

ADDRESSES: You may submit comments, identified by Docket No. CPSC–2010–0046, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <http://www.regulations.gov>. Follow the instructions for submitting comments. Do not submit through this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. The Commission typically does not accept comments submitted by email, except as described below.

Mail/Hand Delivery/Courier/Written Submissions: CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal. You may, however, submit comments by mail/hand delivery/courier to: Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504-7923.

Instructions: All submissions received must include the agency name and docket number for this notice. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: <http://www.regulations.gov>. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public, you may submit such comments by mail, hand delivery, or courier, or you may email them to cpsc-@cpsc.gov.

Docket: For access to the docket to read background documents or comments received, go to: <https://www.regulations.gov>, insert docket number CPSC-2010-0046 into the "Search" box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7791, or by email to: pra@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to extend the following currently approved collection of information, and to revise it to include additional forms of qualitative studies:

Title: Focus Groups and Other Qualitative Studies.

OMB Number: 3041-0136.

Type of Review: Extension and revision of collection.

Frequency of Response: On occasion.

Affected Public: Consumers.

Estimated Number of Respondents: CPSC estimates that this collection will involve 2,620 participants, including prospective focus group participants who are screened but ultimately not selected for participation.

Estimated Time per Response: We estimate that the average response time for each participant will be 1.1 hours.

Total Estimated Annual Burden: Based on CPSC's estimates that 2,620 participants will each spend an average of 1.1 hours responding to the collection, CPSC estimates that the total annual burden of this collection is 2,882 hours. The annualized cost to respondents for the information collection is \$124,675.32 (2,882 hours × \$43.26/hr), as estimated from total compensation data available from the U.S. Bureau of Labor Statistics.¹

General Description of Collection: Section 5(a) of the Consumer Product Safety Act (CPSA), 15 U.S.C. 2054(a), authorizes the Commission to conduct studies and investigations relating to the causes and prevention of deaths, accidents, injuries, illnesses, other health impairments, and economic losses associated with consumer products. Section 5(b) of the CPSA, 15 U.S.C. 2054(b), further provides that the Commission may conduct research, studies, and investigations on the safety of consumer products, or test consumer products and develop product safety test methods and testing devices.

To help identify and evaluate product-related incidents, Commission staff invites and obtains direct feedback from consumers on issues related to product safety, such as recall effectiveness, product use, and perceptions regarding safety issues. The information that the CPSC collects from future focus groups—including usability studies and ethnographic studies for consumer products, which are being added to this revised collection—will help inform the Commission's identification and evaluation of consumer products and product use, by providing insight and information into consumer perceptions and usage patterns. In some cases, one-on-one interviews may be conducted as a more in-depth extension of a focus group, or in place of a traditional focus group or study. This information may also assist the Commission in its efforts to support voluntary standards activities and help CPSC identify emerging consumer safety issues requiring additional research. In addition, based on the information obtained, CPSC may be able to provide safety information to the public that is easier to read and understood by a wider range of consumers.

¹ Total hourly compensation for all civilian workers is estimated by the U.S. Bureau of Labor Statistics to be \$43.26: Employer Costs for Employee Compensation, June 2023, Table 1, (https://www.bls.gov/news.release/archives/ecec_09122023.pdf).

Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- whether the estimated burden of the proposed collection of information is accurate;
- whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- whether the burden imposed by the collection of information could be minimized by use of automated, electronic, or other technological collection techniques, or other forms of information technology.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.
