

Secretary for Intelligence and Analysis and the Counterterrorism Coordinator regarding the Department's role in intelligence-related activities and effective integration of the DHS Intelligence Enterprise. The Board will provide the Under Secretary an independent and balanced forum for debate and critical assessment of the Office of Intelligence and Analysis (I&A) and the Department's Intelligence Enterprise. The duties of the Board are solely advisory in nature and shall extend only to the submission of information, advice, and recommendations to the Under Secretary. In recognition of the sensitive nature of the subject matter involved, the Secretary exempted the Board from the Federal Advisory Committee Act.

The scope of the Board's activities may include, but need not be limited to, advice and recommendations from sector representatives regarding how the Department can facilitate multidirectional intelligence and information sharing; facilitate the identification of intelligence requirements and needs; facilitate access to I&A products, resources, and expertise; ensure operational adherence to principles of privacy and civil liberties; and, advocate for priorities across I&A, the DHS Intelligence Enterprise, and the federal government Intelligence Community in support of Homeland Security missions. The Secretary is establishing the Board pursuant to section 871(a) of the *Homeland Security Act of 2002*. In recognition of the sensitive nature of the subject matter involved, the Secretary hereby exempts the Board from *The Federal Advisory Committee Act* (FACA), 5 U.S.C. ch. 10. This notice is being provided in accordance with 6 U.S.C. 451(a).

Membership: The Under Secretary shall appoint up to forty (40) members to serve as Board Members and represent key sectors of the intelligence enterprise. Members will represent the following sectors: National or Homeland Security including Intelligence Collection and Information Sharing; Privacy and Civil Liberties; State, Local, Tribal, Territorial, and Private Sector ("SLTTP") with Homeland Security responsibilities; Law; Law Enforcement; Legislative Activities; Academia and the Research Community; Owners and Operators of Critical Infrastructure or Resources; and Under Secretary selections. The Under Secretary shall Chair the Board and shall select a Co-Chair from among the members of the Board. The Under Secretary shall be a non-voting member of the Board. The Chair shall lead Board meetings and

provide strategic leadership and direction for the Board discussions and activities. The term of office of the Co-Chair shall be two years. The Co-Chair may be reappointed by the Under Secretary, not to exceed two additional terms. If the Co-Chair is not able to serve for an entire term, the Under Secretary shall make a new appointment.

The Board Members shall be appointed by and serve at the pleasure of the Under Secretary. Members shall serve a term of five years, with the opportunity to be reappointed for one additional term.

In order to fully leverage broad-ranging experience and education, the Board must be diverse with regard to professional and technical expertise. DHS is committed to pursuing opportunities, consistent with applicable law, to compose a board that reflects the diversity of the United States.

Appointments shall be made without regard to political affiliation. In the event the Board is terminated, all appointments to the Board shall terminate automatically.

Duration: The Secretary may extend the Board every two years as the Secretary deems appropriate, pursuant to 6 U.S.C. 451.

Michael J. Miron,

Committee Management Officer, Department of Homeland Security.

SUPPLEMENTARY INFORMATION: CISA's ISD supports the homeland security mission of critical infrastructure security. As part of this mission, CISA Protective Security Advisors (PSAs) conduct various critical infrastructure security assessments for various stakeholders including facility owners and operators; federal, state, and local law enforcement officials; emergency response personnel; and others.

One type of assessment PSAs can perform is an Infrastructure Visualization Platform (IVP). IVPs integrate high-resolution, interactive visual data as well as additional assessment information. For a PSA to conduct an assessment, each stakeholder must complete an IVP Pre-Collection Questionnaire. When the form is completed and submitted, the IVP team can better plan for the assessment by reviewing locations designated as Areas of Emphasis (AOEs) to ensure those areas receive an assessment, to know who appropriate points of contact are (stakeholder

requesting and escort who will be with the team during the collect), and to address special considerations prior to showing up for the collect.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Transportation Security Administration

Intent To Request Extension From OMB of One Current Public Collection of Information: Flight Crew Self-Defense Training—Registration and Evaluation

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0028, abstracted below, that we will submit to OMB for extension in compliance with the Paperwork Reduction Act. The ICR describes the nature of the information collection and its expected burden for TSA to verify the employment status and eligibility for participation in advanced self-defense training provided by TSA.

DATES: Send your comments by July 22, 2024.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA–11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598–6011.

FOR FURTHER INFORMATION CONTACT: Nicole Raymond at the above address, or by telephone (571) 227–2526.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652–0028, Flight Crew Self-Defense Training—Registration and Evaluation. TSA is seeking an extension of the ICR, currently approved under OMB control number 1652–0028, to continue compliance with a statutory mandate. Under 49 U.S.C. 44918(b), TSA is required to develop and provide a voluntary advanced self-defense training program for flight and cabin crew members of air carriers providing scheduled passenger air transportation.

TSA must collect specific information to provide the program to eligible participants, as well as assess training quality. This information includes limited biographical information from flight and cabin crew members to confirm their eligibility to participate in this training. TSA uses the information to confirm the eligibility of the participant by contacting the participant's employer.

TSA collects the following information at the time of registration online: name of the crew member, airline affiliation, position, crew member airline identification (ID) number, crew member contact information (home mailing address, home telephone number and/or email address), and the city and state of the TSA Law Enforcement/Federal Air Marshals Service field office where the course will be taken. Upon attending class, crew members are asked to show two forms of ID to verify their identity against registration records and to sign the class attendance roster. Two forms of identification includes an airline ID and a Drivers License or Passport.

In addition, TSA requests each crew member to complete an Injury Waiver Form during the registration process, or before the training is conducted. The Injury Waiver Form requests the employee's airline, airline ID number, signature, and date, and is intended to limit any liability to TSA or its facilities should a crew member become injured during the training.

TSA also asks trainees to complete a voluntary evaluation of the training upon completion of the course. Participants may assess the training quality and provide anonymous and voluntary comments by clicking on the electronic feedback link located on the registration site. TSA estimates the
