BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

International Trade Administration

Limitation of Duty-Free Imports of Apparel Articles Assembled in Haiti Under the Caribbean Basin Economic Recovery Act (CBERA), as Amended by the Haitian Hemispheric Opportunity Through Partnership Encouragement Act (HOPE)

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notification of Annual Quantitative Limit on Imports of Certain Apparel from Haiti.

SUMMARY: CBERA, as amended, provides duty-free treatment for certain apparel articles imported directly from Haiti. One of the preferences is known as the “value-added” provision, which requires that apparel meet a minimum threshold percentage of value added in Haiti, the United States, and/or certain beneficiary countries. The provision is subject to a quantitative limitation, which is calculated as a percentage of total apparel imports into the United States for each 12-month period. For the period from December 20, 2022 through December 19, 2023, the quantity of imports eligible for preferential treatment under the value-added provision is 412,506,163 square meters equivalent.

DATES: The new limitations become applicable December 20, 2022.

FOR FURTHER INFORMATION CONTACT: Laurie Mease, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482–2043.

SUPPLEMENTARY INFORMATION:

Authority: Section 213A of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703a) (“CBERA”), as amended; and as implemented by Presidential Proc. No. 8114, 72 FR 13655 (March 22, 2007), and No. 8596, 75 FR 68153 (November 4, 2010).

Background: Section 213A(b)(1)(B) of CBERA, as amended (19 U.S.C. 2703a(b)(1)(B)), outlines the requirements for certain apparel articles imported directly from Haiti to qualify for duty-free treatment under a “value-added” provision. In order to qualify for duty-free treatment, apparel articles

must be wholly assembled, or knit-to-shape, in Haiti from any combination of fabrics, fabric components, components knit-to-shape, and yarns, as long as the sum of the cost or value of materials produced in Haiti or one or more beneficiary countries, as described in CBERA, as amended, or any combination thereof, plus the direct costs of processing operations performed in Haiti or one or more beneficiary countries, as described in CBERA, as amended, or any combination thereof, is not less than an applicable percentage of the declared customs value of such apparel articles. Pursuant to CBERA, as amended, the applicable percentage for the period December 20, 2022 through December 19, 2023, is 60 percent.

For every twelve-month period following the effective date of CBERA, as amended, duty-free treatment under the value-added provision is subject to a quantitative limitation. CBERA, as amended, provides that the quantitative limitation will be recalculated for each subsequent 12-month period. Section 213A(b)(1)(C) of CBERA, as amended (19 U.S.C. 2703a(b)(1)(C)), requires that, for the twelve-month period beginning on December 20, 2022, the quantitative limitation for qualifying apparel imported from Haiti under the value-added provision will be an amount equivalent to 1.25 percent of the aggregate square meter equivalent of all apparel articles imported into the United States in the most recent 12-month period for which data are available. The aggregate square meters equivalent of all apparel articles imported into the United States is derived from the set of Harmonized System lines listed in the Annex to the World Trade Organization Agreement on Textiles and Clothing (“ATC”), and the conversion factors for units of measure into square meter equivalents used by the United States in implementing the ATC.

For purposes of this notice, the most recent 12-month period for which data are available as of December 20, 2022 is the 12-month period ending on October 31, 2022. Therefore, for the one-year period beginning on December 20, 2022 and extending through December 19, 2023, the quantity of imports eligible for preferential treatment under the value-added provision is 412,506,163 square meters equivalent. Apparel articles entered in excess of these quantities will

be subject to otherwise applicable tariffs.

Jennifer Knight,

Deputy Assistant Secretary for Textiles, Consumer Goods, Materials, Critical Minerals and Metals.

BILLING CODE 3510–DR–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Workplace Violence Prevention and Response Forms

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before February 27, 2023.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at NOAA.PRA@noaa.gov. Please reference OMB Control Number 0648–xxxx in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Dr. Lisa Charles, Acting Director, Workplace Violence Prevention and Response, (202) 236–9672, and lisa.charles@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for a new information collection.

This information collection will be used to document elements of the

sexual assault/sexual harassment (SASH) response and/or reporting process and comply with procedures set up to effectively manage National Oceanic and Atmospheric Administration (NOAA), Workplace Violence Prevention and Response (WVPR). Under 33 U.S.C. 894, NOAA is required to establish a mechanism by which sexual assault and sexual harassment can be reported on a Restricted and Unrestricted basis. Further, Congress directs NOAA to reference Department of Defense (DoD) policy and procedures in the standup of our SASH response program. WVPR requires various Intake forms to document a victim's election of a Restricted or Unrestricted Report of sexual assault or sexual harassment, as well as document that the details of each reporting option have been properly communicated with the victim. WVPR has modeled its forms after the DoD sexual assault/sexual harassment forms in accordance with guidance by Congress. NOAA may also use this collection to survey federal employees, contractors, affiliates, interns, volunteers, or other individuals who work in or visit NOAA-occupied facilities, vessels, or aircraft to determine their perceptions of incidents of SASH, pursuant to NOAA Administrative Order (NAO) 202-1106, Section 5.01e.

II. Method of Collection

Information on this form will be collected using a paper format or electronically and requires the victim's signature either by ink pen or CAC.

III. Data

OMB Control Number: 0648-XXXX.

Form Number(s): None.

Type of Review: Regular submission, new information collection.

Affected Public: Individuals employed by NOAA including affiliates and contractors.

Estimated Number of Respondents: 500.

Estimated Time per Response: 60 minutes.

Estimated Total Annual Burden Hours: 500.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Voluntary.

Legal Authority: 33 U.S.C. 894.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will

have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-12-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Pribilof Islands, Taking for Subsistence Purposes

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on August 10, 2022 (87 FR 48648) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: Pribilof Islands, Taking for Subsistence Purposes.

OMB Control Number: 0648-0699.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 2.

Average Hours per Response:

Subsistence harvest and hunt reports submitted via email estimated to take 40 hours per response for each respondent. The St. George Island Traditional Council submits two reports annually and the Aleut Community of St. Paul Island submits three reports annually.

Total Annual Burden Hours: 200.

Needs and Uses: The subsistence use of northern fur seals is cooperatively managed by the National Oceanic and Atmospheric Administration's (NOAA) National Marine Fisheries Service (NMFS) and the Tribal Governments of St. Paul and St. George Islands under § 119 of the Marine Mammal Protection Act, 16 U.S.C. 1388 (MMPA) and governed by regulations found in 50 CFR part 216 subpart F, Taking for Subsistence Purposes under the Fur Seal Act (16 U.S.C. 1155). The regulations, laws, and cooperative agreements are focused on conserving northern fur seals through cooperative effort and consultation regarding effective management of human activities related to the subsistence harvests of northern fur seals and Steller sea lions. In 2014, NMFS obtained a collection of information control number (79 FR 65327; November 4, 2014), reviewed the control number in 2017 (82 FR 51218; November 3, 2017), updated the control number in 2019 (84 FR 52372; October 2, 2019, and corrected in 2020 (85 FR 15948; March 20, 2020).

This an information collection for the annual subsistence use male northern fur seals by Alaska Natives (Pribilovians) residing in the communities of St. Paul and St. George, Alaska (Pribilof Islands) under 50 CFR 216 part 216 subpart F. NMFS established regulations regarding the maximum levels for the annual subsistence needs of the Pribilovians after direct consultation with the Tribal Governments of St. Paul and St. George Islands in Alaska and their respective local Native corporations (Tanadgusix and Tanaq). NMFS regulation creates independent northern fur seal subsistence seasons on St. Paul and St. George islands to include male fur seals less than 7 years old, limits on accidental mortality of female northern
