SUPPLEMENTARY INFORMATION:

Background

GSA, in compliance with the FedRAMP Authorization Act of 2022, established the FSCAC, a statutory advisory committee in accordance with the provisions of FACA (5 U.S.C. 10). The Federal Risk and Authorization

Management Program (FedRAMP) within GSA is responsible for providing a standardized, reusable approach to security assessment and authorization for cloud computing products and services that process unclassified information used by agencies.

Due to circumstances beyond the control of the DFO, the **Federal Register** notice for this meeting is being published fewer than 15 calendar days prior to the meeting due to unforeseen administrative difficulties.

The FSCAC will provide advice and recommendations to the Administrator of GSA, the FedRAMP Board, and agencies on technical, financial, programmatic, and operational matters regarding the secure adoption of cloud computing products and services. The FSCAC will ensure effective and ongoing coordination of agency adoption, use, authorization, monitoring, acquisition, and security of cloud computing products and services to enable agency mission and administrative priorities. The purposes of the Committee are:

- To examine the operations of FedRAMP and determine ways that authorization processes can continuously be improved, including the following:
 - Measures to increase agency reuse of FedRAMP authorizations.
 - Proposed actions that can be adopted to reduce the burden, confusion, and cost associated with FedRAMP authorizations for cloud service providers.
 - Measures to increase the number of FedRAMP authorizations for cloud computing products and services offered by small businesses concerns (as defined by section 3(a) of the Small Business Act (15 U.S.C. 632(a)).
 - Proposed actions that can be adopted to reduce the burden and cost of FedRAMP authorizations for agencies.
- Collect information and feedback on agency compliance with, and implementation of, FedRAMP requirements.

- Serve as a forum that facilitates communication and collaboration among the FedRAMP stakeholder community.

The FSCAC will meet no fewer than three (3) times a calendar year. Meetings shall occur as frequently as needed, called, and approved by the DFO.

Purpose of the Meeting and Agenda

The November 16, 2023 public meeting will be dedicated to the Committee members' feedback and discussion on OMB's draft memo titled "Modernizing the Federal Risk

Authorization Management Program (FedRAMP)." The Committee will then finalize and vote on their deliverable to the GSA Administrator regarding their recommendations on the OMB memo. The meeting agenda and draft OMB memo will be posted on <https://gsa.gov/fscac> prior to the November 16, 2023 meeting.

GSA requires information from Federal Supply Schedule contractors that will be used to conduct award oversight or generate mandatory reports during contract administration. For these contractors, providing commercial supplies and services, much of this information is readily available to the public at large, or is routinely exchanged by firms during the normal course of business.
