

businesses that EPA, via DOJ, will provide certain information to the parties and the Court in the matter of *Natural Resources Defense Council v. U.S. Environmental Protection Agency et al.*, Case No. 20–72794 (9th Cir.) (“TCVP litigation”). The information is contained in documents that have been submitted to EPA pursuant to FIFRA and FFDCA by pesticide registrants or other data-submitters, including information that has been claimed to be, or determined to potentially contain, CBI. In the TCVP Litigation, the Petitioner seeks judicial review of EPA’s July 21, 2020 denial of the Natural Resources Defense Council’s 2009 petition requesting that EPA cancel all pet uses of the pesticide tetrachlorvinphos (TCVP) registered under FIFRA.

The documents are being produced as part of the Administrative Record of the decision at issue and include documents that registrants or other data-submitters may have submitted to EPA regarding the pesticide TCVP, and that may be subject to various release restrictions under federal law. The information includes documents submitted with pesticide registration applications and may include CBI as well as scientific studies subject to the disclosure restrictions of FIFRA section 10(g), 7 U.S.C. 136h(g).

All documents that may be subject to release restrictions under federal law will be designated as “Confidential or Restricted Information” in the certified list of record materials that EPA will file in this case. Further, EPA intends to seek a Protective Order that would preclude public disclosure of any such documents by the parties in this action who have received the information from EPA, and that would limit the use of such documents to litigation purposes only. EPA would only produce such documents in accordance with the Protective Order. The anticipated Protective Order would require that such documents would be filed under seal and would not be available for public review, unless the information contained in the document has been determined to not be subject to FIFRA section 10(g) and all CBI has been redacted.

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2018–0014; FRL–10017–33]

Product Cancellation Order for Certain Pesticide Registrations and Amendments To Terminate Uses; Amendment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA issued a notice in the **Federal Register** of March 19, 2019, concerning the cancellations voluntarily requested by the registrants and accepted by the Agency but have not yet become effective. This notice is being issued to amend the cancellation order, as requested by the registrant, by amending the effective date of the cancellation and the existing stocks provision for the two triadimefon registrations (264–736 and 264–740).

DATES: The **Federal Register** of March 19, 2019, announced the voluntarily cancellation of two triadimefon registrations (264–736 and 264–740) that the registrant requested.

FOR FURTHER INFORMATION CONTACT: Matthew B. Khan, Pesticide Reevaluation Division (7502P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; telephone number: (703) 347–8613 email address: khan.matthew@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2018–0014, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460–0001.

Due to the public health concerns related to COVID–19, the EPA Docket Center (EPA/DC) and Reading Room is closed to visitors with limited exceptions. The staff continues to provide remote customer service via email, phone, and webform. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

II. What does this amendment do?

This notice is being issued to amend the voluntary cancellation effective date for the two triadimefon registrations listed in Table 1 of the cancellation notice that published in the **Federal Register** on March 19, 2019 (84 FR 10068) (FRL–9989–85), which was corrected in the **Federal Register** on May 29, 2019 (84 FR 24778) (FRL–9992–29). The agency was made aware by Bayer that the final shipments of their triadimefon technical registrations were delayed due to quarantine measures. Since the risk assessments for triadimefon have not yet been conducted and no risks of concern have been identified at this time, the agency has determined that this extension will not pose a significant risk. This amendment grants the two-month extension for the two triadimefon registrations (264–736 and 264–740). The effective cancellation date for these registrations is now February 28, 2020, with a one-year existing stocks provision.
