By neutralizing the effect of export credit support offered by foreign governments and by absorbing credit risks that the private sector will not accept, EXIM enables U.S. exporters to compete fairly in foreign markets on the basis of price and product. Under the Working Capital Guarantee Program, EXIM provides repayment guarantees to lenders on secured, short-term working capital loans made to qualified exporters. The guarantee may be approved for a single loan or a revolving line of credit. In the event that a buyer defaults on a transaction insured by EXIM the insured exporter or lender may seek payment by the submission of a claim.
