SUMMARY: The Environmental Protection Agency (EPA), Region 2 is issuing a Notice of Intent to Delete the Peter Cooper Corporation (Markhams) Superfund Site (Markhams Site) located in the Town of Dayton, Cattaraugus County, New York from the National Priorities List (NPL) and requests public comments on this notice of intent. The EPA and the State of New York, through the Department of Environmental Conservation (NYSDEC), have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: Comments concerning this Site must be received by September 7, 2010.

ADDRESSES: Written comments should be addressed to Michael Basile, Community Involvement Coordinator, USEPA, Western NY Public Information Office, 186 Exchange Place, Buffalo, New York 14204–2026, 716–551–4410.

today’s **Federal Register**, we are publishing a direct final notice of deletion of the Peter Cooper Corporation (Markhams) Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final deletion. If we receive no adverse comment(s) on this notice of intent to delete or the direct final notice of deletion, we will not take further action on this notice of intent to delete. If we receive adverse comment(s), we will withdraw the direct final notice of deletion and it will not take effect. We will, as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to delete. We will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the direct final notice of deletion, which is located in the Rules section of this **Federal Register**.
