SUPPLEMENTARY INFORMATION: Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 Section 3506(c)(2)(A), requires Federal Agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. Establishing Procedures To Implement the Notification Requirements for Entities Operating as Exempt Markets OMB Control No. 3038-0054—Extension

Sections 2(b)(3) through (5) of the Commodity Exchange Act (Act) add exempt commercial markets as markets excluded from the Act's other requirements. The rules implement the qualifying conditions of the exemption. Rule 36.3(a) implements the notification requirements, and rule 36.3(b)(1) establishes information requirements for exempt commercial markets consistent

with section 2(h)(5)(B) of the Act. An exempt commercial market may provide the Commission with access to transactions conducted on the facility or it can satisfy its reporting requirements by complying with the Commission's reporting requirements. The Act affirmatively vests the Commission with comprehensive antimanipulation enforcement authority over these trading facilities. The Commission is charged with monitoring these markets for manipulation and enforcing the antimanipulation provisions of the Act. The informational requirements imposed by proposed rules are designed to ensure that the Commission can effectively perform these functions. Section 5d of the Act establishes a category of market exempt from Commission oversight referred to as an "exempt board of trade." Rule 36.2 implements regulations that define those commodities that are eligible to trade on an exempt board of trade. Rule 36.2(b) implements the notification requirements of section 5d of the Act. Rule 36.2(b)(1) requires exempt boards of trade relying on this exemption to disclose to traders that the facility and trading on the facility is not regulated by the Commission. This requirement is necessary to make manifest the nature of the market and to avoid misleading the public.

The Commission estimates the burden of this collection of information as follows:

Estimated Annual Reporting Burden

Number of Respondents: 10.
Total Annual Responses: 10.
Total Annual Hours: 100.

Dated: February 17, 2004.

Jean A. Webb,

Secretary of the Commission.
