FOR FURTHER INFORMATION CONTACT: Jay Anderson, AD/CVD Operations, China/NME Unit, Import Administration, Room 4017, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482–4349.

SUPPLEMENTARY INFORMATION:

BACKGROUND:

On February 4, 2008, the Department of Commerce ("the Department") published a notice of opportunity to request an administrative review of the antidumping duty order on Heavy Forged Hand Tools, With Or Without Handles from the People's Republic of China ("PRC") for the period of review ("POR") February 1, 2007, through January 31, 2008.[1] On February 29, 2008, Truper Herramientas S.A. de C.V. ("Truper") requested that the Department conduct an administrative review of the anti–dumping order on axes/adzes, bars/wedges, hammers/sledges, and picks/mattocks to the United States during the POR. No other parties requested a review. On March 31, 2008, the Department published the notice of initiation[2] covering Truper. On May 9, 2008, Truper withdrew its request for review.

RESCISSION OF REVIEW:

Section 351.213(d)(1) of the Department's regulations provide that the Department will rescind an administrative review if the party that requested the review withdraws its request for review within 90 days of the date of publication of the notice of initiation of the requested review, or withdraws its request at a later date if the Department determines that it is reasonable to extend the time limit for withdrawing the request. Truper properly withdrew its request before the 90-day deadline. Therefore, we are rescinding this review of the antidumping duty order on Heavy Forged Hand Tools, With or Without Handles from the PRC covering the period February 1, 2007, through January 31, 2008. The Department intends to issue assessment instructions to the U.S. Customs and Border Protection ("CBP") 15 days after publication of this rescission notice. The Department will instruct CBP to assess antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).

NOTIFICATION REGARDING ADMINISTRATIVE PROTECTIVE ORDERS ("APOs"):

This notice also serves as a reminder to parties subject to APOs of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: May 23, 2008.

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of a proposal to conduct exempted fishing; request for comments.

SUMMARY: NMFS announces that the Director, Office of Sustainable Fisheries (Director), has made a preliminary determination that the subject exempted fishing permit (EFP) application submitted by Limuli Laboratories of Cape May Court House, New Jersey, contains all the required information and warrants further consideration. The proposed EFP would allow the harvest of up to 10,000 horseshoe crabs from the Carl N. Shuster Jr. Horseshoe Crab Reserve for biomedical purposes and require, as a condition of the EFP, the collection of data related to the status of horseshoe crabs within the reserve. The Director has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Atlantic States Marine Fisheries Commission's (Commission) Horseshoe Crab Interstate Fisheries Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made to issue the EFP. Therefore, NMFS announces that the Director proposes to recommend that an EFP be issued that would allow up to 3 commercial fishing vessels to conduct fishing operations that are otherwise restricted by the
