Additionally, DoD will collect other health insurance information prospectively to allow the accurate adjudication of claims for health benefits. Other health insurance information is routinely collected during the health care claims adjudication process; however, delaying the collection of this information for approximately 1.5 million new

TRICARE for Life beneficiaries will result in very significant delays in the adjudication of TRICARE for Life medical claims. As such, the Department will request Medicare and other health insurance information from TRICARE for Life beneficiaries early this summer to maximize the delivery of health care financing service provided TRICARE for Life beneficiaries on October 1, 2001. It is important to note that no benefits will be denied as a result of a beneficiary electing not to provide the information. The Department will implement normal processes for obtaining the required information during the claims adjudication process for any beneficiary who elects not to provide the information prospectively.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before July 13, 2001.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and

Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.
