SUPPLEMENTARY INFORMATION:

In December 2020, Congress passed the Nita M. Lowey Middle East Partnership for Peace Act, or MEPPA, with bipartisan support. The Act directs USAID and the U.S. International Development Finance Corporation, in coordination with the Department of State, to program \$250 million over five years to build the foundation for peaceful coexistence between Israelis and Palestinians through a new Partnerships for Peace Fund, managed by USAID, and a Joint Investment Initiative, managed by the DFC.

The Act serves as a recognition that economic, social, and political connections between Israelis and Palestinians is the best way to foster mutual understanding and provide the strongest basis for a sustainable, two-state solution. USAID's Middle East Bureau has been working with Congress, interagency colleagues, and partners in Israel and the Palestinian territories to implement the Act. The Act also calls for the establishment of a board to advise USAID on the strategic direction of the Partnership for Peace Fund.

Composed of up to 15 members, the PPF Advisory Board includes development experts, private sector leaders and faith-based leaders who are appointed by members of Congress and the USAID Administrator. As stated in its charter, the Board's role is to:

1. To consult with, provide information to and advise USAID, and other U.S. Government agencies, as appropriate, on matters and issues relating to the People-to-People Partnership for Peace Fund, including on:

- The efficacy of United States and international support for grassroots, people-to-people efforts aimed at fostering tolerance, countering extremist propaganda and incitement in the State of Israel, the West Bank, and Gaza;
- strengthening engagement between Palestinians and Israelis, including through people-to-people peacebuilding programs to increase the bonds of friendship and understanding; and
- investing in cooperation that develops the Palestinian economy and results in joint economic ventures;

2. To make recommendations on the types of projects USAID should seek to further the purposes of the People-to-People Partnership for Peace Fund;

3. To make recommendations on partnerships with foreign governments and international organizations to leverage the impact of People-to-People Partnership for Peace Fund; and

4. To inform USAID's required reporting to the appropriate Congressional committees.

Title: Establishment of a Dairy Donation Program.

OMB Control Number: 0581-0327.

Summary of Collection: The Consolidated Appropriations Act of 2021 mandated establishment of a Dairy Donation Program to reimburse EDOs for milk used to make eligible dairy products donated to non-profit groups for distribution to recipient individuals and families. Under the program, EDOs account to a Federal milk marketing order (FMMO) by filling a report reflecting the eligible dairy products manufactured. Entities not already filing FMMO report will be required to submit a Report of Receipts and Utilization. All partnerships must submit a Dairy Donation and Distribution Plan and Eligible Distributor Certification Form describing the process the partnership would use to process, transport, store, and distribute eligible product to an eligible distributor. Once approved, the EDO can file a Reimbursement Claim Form to receive reimbursement for the donated eligible dairy products.

Need and Use of the Information: Respondents will be required to submit a Dairy Donation and Distribution Plan (Plan) to become eligible for program participation. The EDO completes the Plan, which requests its entity name, address, and contact information, along with a description of its donation process and types of products to be donated to ensure it meets eligibility requirements. Accompanying the Plan, the EDO submits its W-9, which contains the banking and tax information necessary for AMS to set up direct deposit for reimbursement claims. Submitting this information with the Plan will facilitate quicker reimbursement payments once a Reimbursement Claim Form is submitted because the needed accounts will already be established. Section 1147.102 of the rule details requirements for Plan submissions to AMS for eligible partnerships to participate in the program. Information collected in the Plan is fundamental to ensuring the integrity of the DDP. The Plan only needs to be submitted once.
