[Docket No. RP06-425-000]

Transcontinental Gas Pipe Line Corporation; Notice of Refund Report

July 6, 2006.

Take notice that, on June 30, 2006, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing, pursuant to section 3.4 of Transco's Rate Schedule PAL and section 7 of Transco's Rate Schedule ICTS, a Report of Refund detailing PAL and ICTS revenue sharing refunds totaling \$415,136.69 of principal and interest paid on June 21, 2006. Transco states that the refund report is for the annual period May 1, 2005 through April 30, 2006.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.

There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on July 13, 2006.

[Docket No. CP06-415-000]

LLC. Trunkline Gas Company, LLC; Notice of Application

July 7, 2006.

Take notice that on July 3, 2006, Trunkline Gas Company, LLC (Trunkline), 5444 Westheimer Road, Houston, Texas 77056, filed with the Commission an application pursuant to section 7(b) of the Natural Gas Act, requesting the issuance of an order permitting and approving the abandonment, by removal and transfer, of two existing 3,000 horsepower compressor units located at Trunkline's existing Centerville Compressor Station in St. Mary Parish, Louisiana. Trunkline states that it will relocate the two compressor units to its Kaplan Station in Vermilion Parish, Louisiana. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding the application may be directed to Mr. Stephen T. Veatch, Senior Director, Certificates and Tariffs, 5444 Westheimer Road, Houston, Texas, 77056, phone (713) 989-2024.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal

Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: 5 p.m. Eastern Time on July 28, 2006.

[Docket No. RP06-427-000]

Williston Basin Interstate Pipeline Company; Notice of Tariff Filing

July 7, 2006.

Take notice that on July 5, 2006, Williston Basin Interstate Pipeline Company (Williston Basin) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets, to become effective August 4, 2006:

Second Revised Sheet No. 504
Second Revised Sheet No. 530
Second Revised Sheet No. 604
Third Revised Sheet No. 628
Third Revised Sheet No. 629
Third Revised Sheet No. 653
Second Revised Sheet No. 686
Original Sheet No. 686A
Third Revised Sheet No. 727
Fifth Revised Sheet No. 738

Williston Basin states that this filing seeks to revise Williston Basin's Form of Service Agreements to clarify that a specific date or triggering event may be used as the date when service begins under the agreement. Further, if a triggering event is used as the Effective Date, the Termination Date of the agreement may be based on a specific length of time starting at the Effective Date.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or

protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 199-205]

South Carolina Public Service Authority; Notice of Intent To Prepare an Environmental Impact Statement

July 7, 2006.

On March 15, 2004, the South Carolina Public Service Authority (Public Service) filed an application for a new license for the continued operation of the 134.52-megawatt Santee Cooper Hydroelectric Project (FERC No. 199-205). The project is located on the Santee and Cooper Rivers in Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina. The project does not occupy any Federal lands.

In accordance with the National Environmental Policy Act (NEPA) and the Commission's regulations, Commission staff held public scoping meetings for the Santee Cooper Hydroelectric Project on May 17, 2005, in Moncks Corner, South Carolina, and on May 18, 2005, in Manning, South Carolina. Additionally, Commission staff held an agency scoping meeting on May 19, 2005, in Moncks Corner, South Carolina. Commission staff, state, Federal, and local agencies, and the

public participated in the meetings. These scoping meetings were used to define the issues and alternatives addressed in Public Service's application.

Based on comments received, since the scoping meeting, Commission staff has determined that licensing the Santee Cooper Hydroelectric Project could constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Impact Statement (EIS) for the project.

The staff's EIS will objectively consider both site-specific and cumulative environmental impacts of the project and reasonable alternatives, and will include economic and engineering analyses.

A draft EIS will be issued and circulated for review by all interested parties. All comments filed on the draft EIS will be analyzed by the staff and considered in the final EIS. The staff's conclusions and recommendations will be available for the consideration of the Commission in reaching its final licensing decision.

This notice informs all interested individuals, organizations, and agencies with environmental expertise and concerns, that: (1) The Commission staff has decided to prepare an EIS; and (2) the scoping conducted on the Santee Cooper Hydroelectric Project by Commission staff and comments filed with the Commission on the application will be taken into account in the EIS.

Any questions regarding this notice may be directed to Monte Terhaar at (202) 502-6035, or via e-mail at monte.terhaar@ferc.gov.

Magalie R. Salas,
Secretary.
