Florida Gas Transmission Company, LLC; Notice of Staff Protest to Proposed Blanket Certificate Activity

January 7, 2010.

Commission staff (Protestor) hereby protests the prior notice request filed under the provisions of Part 157, subpart F, of the Commission's regulations, by Florida Gas Transmission Company, LLC (FGT) on October 29, 2009 in the above referenced docket. Pursuant to its Part 157, subpart F, blanket certificate authority, FGT proposes to replace, upgrade, and relocate portions of the existing St. Petersburg and Clearwater South Laterals and Block Valve 24-10 in the City of Clearwater, Pinellas County, Florida. Protestor seeks to have this prior notice request processed as a case-specific application filed under section 7(c) of the Natural Gas Act (NGA) and Part 157, subpart A, of the Commission's regulations.¹

Protestor notes that FGT did not provide documentation from the U.S. Fish and Wildlife Service (USFWS) to demonstrate the Project's compliance with the Endangered Species Act, as required under section 157.208(c)(9) of the Commission's regulations. Without the clearance from USFWS, environmental concerns cannot be adequately addressed before the protest period expires on January 8, 2010.

Secretary.

Columbia Gulf Transmission Company; Notice of Technical Conference

January 6, 2010.

Take notice that Commission Staff will convene a technical conference in the above-referenced proceedings on Tuesday, January 19, 2010 at 10 a.m. (EST), in a room to be designated at the offices of the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The purpose of the technical conference is to consider the issues raised by Columbia Gulf Transmission Company's (Columbia Gulf) Incentive Fixed Fuel filing in Docket No. RP10-134-000 and what changes, if any, might be necessary or appropriate. Because Columbia Gulf's Incentive Fixed Fuel filing presents interrelated issues with the Transportation Retainage Adjustment filing in Docket Nos. RP09-423-000 and RP09-423-002, the technical conference will also consider the issues raised in those dockets that relate to the Incentive Fixed Fuel proposal.

Commission Staff and interested persons will have the opportunity to discuss all of the issues raised by Columbia Gulf's filings. Specifically, Columbia Gulf should be prepared to address all the concerns raised in the protests, and if necessary, to provide additional technical, engineering and operational support for its proposals. Any party proposing alternatives to Columbia Gulf's proposals should also be prepared to similarly support its position.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free (866) 208-3372 (voice) or (202) 502-8659 (TTY), or send a fax to (202) 208-2106 with the required accommodations.

All interested persons are permitted to attend. For further information please contact Anna Fernandez at (202) 502-6682 or e-mail Anna.Fernandez@ferc.gov.
